## **Shutdown At Youngstown Public Policy For Mass Unemployment:**

*Shutdown at Youngstown* Terry F. Buss, F. Stevens Redburn, 1983-01-01 In spite of the gravity of the problem of mass unemployment and its periodic recurrence in industrial societies few scientific studies have been undertaken which serve to define the impact of plant closings on workers families and the community to evaluate individual group or community responses to closings and to offer suggestions for the future Shutdown at Youngstown meets this need It presents the findings of a multidisciplinary scientific study of the closing of the steel mills in Youngstown in 1977 which put 5 000 persons out of work Research reported in the text is based on personal interviews social indicator data and data from health and human service agencies The authors conclude by developing a public policy for dealing with plant closings and the crisis of mass unemployment      **Administration in Mental Health** ,1981      **Helping the Dislocated Worker** Gale

Zahniser,1984      *Falling from Grace* Katherine S. Newman,2023-04-28 Over the last three decades millions of people have slipped through a loophole in the American dream and become downwardly mobile as a result of downsizing plant closings mergers and divorce the middle aged computer executive laid off during an industry crisis blue collar workers phased out of the post industrial economy middle managers whose positions have been phased out and once affluent housewives stranded with children and a huge mortgage as the result of divorce Anthropologist Katherine S Newman interviewed a wide range of men women and children who experienced a precipitous fall from middle class status and her book documents their stories For the 1999 edition Newman has provided a new preface and updated the extensive data on job loss and downward mobility in the American middle class documenting its persistence even in times of prosperity Over the last three decades millions of people have slipped through a loophole in the American dream and become downwardly mobile as a result of downsizing plant closings mergers and divorce the middle aged computer executive laid off during an indus      *Empty Mills* Timothy J. Minchin,2012-12-16 With the economy struggling there has been much discussion about the effects of deindustrialization on American manufacturing While the steel and auto industries have taken up most of the spotlight the textile and apparel industries have been profoundly affected In Empty Mills Timothy Minchin provides the first book length study of how both industries have suffered since WWII and the unwavering efforts of industry supporters to prevent that decline In 1985 the textile industry accounted for one in eight manufacturing jobs and unlike the steel and auto industries more than fifty percent of the workforce was women or minorities In the last four decades over two million jobs have been lost in the textile and apparel industries alone as more and more of the manufacturing moves overseas Impeccably well researched providing information on both the history and current trends Empty Mills will be of importance to anyone interested in economics labor the social historical as well as the economic significance of the decline of one of America s biggest industries      *The End of the Line* Kathryn Marie Dudley,1997-06-23 This volume tells the story of what the 1988 closing of the Chrysler assembly plant in Kenosha Wisconsin meant to the people who lived in that town Through interviews with displaced autoworkers and

other members of the community it dramatizes the lessons Kenoshans drew from the plant shutdown This volume tells the story of what the 1988 closing of the Chrysler assembly plant in Kenosha Wisconsin meant to the people who lived in that company town Since the early days of the 20th century Kenosha had forged its identity and politics around the interests of the auto industry When nearly 6000 workers lost their jobs in the shutdown the community faced not only a serious economic crisis but also a profound moral one In this study Dudley describes the painful often confusing process of change that residents of Kenosha like the increasing number of Americans who are caught in the crossfire of de industrialization were forced to undergo Through interviews with displaced autoworkers and Kenosha s community leaders high school counsellors and a rising class of upwardly mobile professionals Dudley dramatizes the lessons Kenoshans drew from the plant shutdown

**Cities of the Heartland** Jon C. Teaford,1993-04-22 During the 1880s and 90s the rise of manufacturing the first soaring skyscrapers new symphony orchestras and art museums and winning baseball teams all heralded the midwestern city s coming of age In this book Jon C Teaford chronicles the development of these cities of the industrial Midwest as they challenged the urban supremacy of the East The antebellum growth of Cincinnati to Queen City status was followed by its eclipse as St Louis and then Chicago developed into industrial and cultural centers During the second quarter of the twentieth century emerging Sunbelt cities began to rob the heartland of its distinction as a boom area In the last half of the century however midwestern cities have suffered some of their most trying times With the 1970s and 80s came signs of age and obsolescence the heartland had become the rust belt Teaford examines the complex heartland consciousness of the industrial Midwest through boom and bust Geographically economically and culturally the midwestern city is a legitimate subspecies of urban life book jacket

**Farm and Factory** Daniel Nelson,1995-12-22 Farm and Factory illuminates the importance of the Midwest in U S labor history America s heartland often overlooked in studies focusing on other regions or particular cities or industries has a distinctive labor history characterized by the sustained simultaneous growth of both agriculture and industry Since the transfer of labor from farm to factory did not occur in the Midwest until after World War II industrialists recruited workers elsewhere especially from Europe and the American South The region s relatively underdeveloped service sector shaped by the presumption that goods were more desirable than service ultimately led to agonizing problems of adjustment as agriculture and industry evolved in the late twentieth century *The Wiley-Blackwell Companion to Cultural Geography* Nuala C. Johnson,Richard H. Schein,Jamie Winders,2016-10-03 Named a 2014 Choice Outstanding Academic Title Combining coverage of key themes and debates from a variety of historical and theoretical perspectives this authoritative reference volume offers the most up to date and substantive analysis of cultural geography currently available A significantly revised new edition covering a number of new topics such as biotechnology rural food media and tech borders and tourism whilst also reflecting developments in established subjects including animal geographies Edited and written by the leading authorities in this fast developing discipline and features a host of new contributors to the

second edition Traces the historical evolution of cultural geography through to the very latest research Provides an international perspective reflecting the advancing academic traditions of non Western institutions especially in Asia Features a thematic structure with sections exploring topics such as identities nature and culture and flows and mobility *Bitter Choices* Ellen Israel Rosen,1990-03-23 Ellen Israel Rosen presents a compelling portrait of married women who work on New England s assembly lines while they also maintain their homes and marriages With skill and sympathy she documents the reasons these women work their experiences on the job in the union and at home the sources of their job satisfaction and their management of the double day The major issue for this segment of the labor force Rosen suggests is not whether to work but the availability and quality of jobs Rosen argues that deindustrialization plant closings and job displacement confronts blue collar women factory workers with a bitter choice between work at lower and lower wages or no work at all Drawing on quantitative and qualitative data from interviews with more than two hundred such women factory workers Rosen traces the ways in which women who do unskilled factory work have gained in self esteem as well as financial stability from holding paid jobs Throughout Rosen explores the relationship between public work experiences and private family life She analyzes the dynamics of two paycheck working class families clarifies relationships between class and gender and explores the impact of patriarchy and capitalism on working class women At the same time Rosen places women s job loss within the broader economic context of global industrial transformations demonstrating how international capital shifts to cheaper labor in developing countries as well as technological progress are changing the shape of the entire American labor force and are beginning to undermine the material and symbolic gains of the American female factory worker the promise of market equality and progressive working conditions This book is a significant contribution to our understanding of women s work and family lives but it is also a valuable look at the consequences of deindustrialization in America for workers their families and their communities Myra Marx Ferree *American Journal of Sociology* **Disasters and Mental Health** Center for Mental Health Studies of Emergencies (U.S.),1985 **Values in Landscape Architecture and Environmental Design** M. Elen Deming,2015-11-09 The successful realization of diversity resilience usefulness profitability or beauty in landscape design requires a firm understanding of the stakeholders values This collection which incorporates a wide variety of geographic locations and cultural perspectives reinforces the necessity for clear and articulate comprehension of the many factors that guide the design process As the contributors to this collection reveal dominant and emerging social political philosophical and economic concerns perpetually assert themselves in designed landscapes from manifestations of class consciousness in Napa Valley vineyards to recurring themes and conflicts in American commemorative culture as seen in designs for national memorials One essay demonstrates the lasting impact of the doctrine of Manifest Destiny on the culture and spaces of the Midwest while another considers the shifting historical narratives that led to the de domestication and subsequent re wilding of the Oostvaardersplassen in the Netherlands These eleven essays help foster the ability to conduct a

balanced analysis of various value systems and produce a lucid visualization of the necessary tradeoffs Offering an array of case studies and theoretical arguments Values in Landscape Architecture and Environmental Design encourages professionals and educators to bring self awareness precision and accountability to their consideration of landscape designs

International Capitalism and Industrial Restructuring Richard Peet,2024-09-30 First published in 1987 International Capitalism and Industrial Restructuring counters the idea that industrial restructuring is a relatively problem free stage in the evolution to a post industrial society The editor argues that the permanent loss of eight million manufacturing jobs in the advanced industrial countries over the past ten years has had extremely serious effects on people economies and societies and that it is a major cause of economic recession The six million jobs gained in the newly industrializing countries pay low wages expose workers to hazards destroy local cultures and fail in generating integrated development for the Third World Many outstanding articles are included drawn from a wide variety of radical journals with introductions that set the scene and pose challenging questions All students and researchers concerned with industrial restructuring in the capitalist world will find the book valuable as a radical critique of widespread current economic problems

**Life and Labor in the New South** Robert H. Zieger,2012-03-18 This collection of essays explores the dynamic new face of Southern labour since 1950 examining such topics as southern deindustrialisation union activism in the healthcare industry labour community

coalitions the politics of southern anti unionism and immigrant labour in southern agriculture

**I Saw it Coming** T. K'Meyer,J. Hart,2009-12-21 In this book workers displaced by plant closings in Louisville Kentucky tell their stories emphasizing their agency demanding respect for their skill casting judgment on business and government for not showing that respect and revealing a sense of alienation resulting from violation of their values and trust

**Global Production and Domestic Decay** Brian D. Phillips,2021-12-12 First Published in 1942 Phillips has written an important study covering three areas three areas theoretical empirical and public policy This book explores some of the explanations for and consequences of globalized production by transnational corporations A review of the theoretical underpinnings of the reasons for corporate overseas expansion precedes a discussion of transnational corporation overseas production facilities The literature reviewed supports the position that the exodus of manufacturing capital has been assisted by state policy which has encouraged capital flight and that corporate efforts to downsize manufacturing operations in the United States have added to corporate profitability and championed profits over the strengthening the domestic economy

Industrial Sunset Steven High,2003-12-15 Plant shutdowns in Canada and the United States from 1969 to 1984 led to an ongoing and ravaging industrial decline of the Great Lakes Region Industrial Sunset offers a comparative regional analysis of the economic and cultural devastation caused by the shutdowns and provides an insightful examination of how mill and factory workers on both sides of the border made sense of their own displacement The history of deindustrialization rendered in cultural terms reveals the importance of community and national identifications in how North Americans responded to the problem Based

on the plant shutdown stories told by over 130 industrial workers and drawing on extensive archival and published sources and songs and poetry from the time period covered Steve High explores the central issues in the history and contemporary politics of plant closings In so doing this study poses new questions about group identification and solidarity in the face of often dramatic industrial transformation     Strategies for Retrenchment and Turnaround Cynthia Hardy,2017-11-07 No detailed description available for Strategies for Retrenchment and Turnaround     Crisis Of Competence: Transitional..Stress And The Displaced Maida Et Al.,2018-10-24 First published in 1990 As the fifteenth volume of the Brunner Mazel Psychosocial Stress Series this book focuses on a psychosocial stressor that affects thousands of people every year The authors argue that the displaced worker is denied the dignity bestowed by employment in addition to a source of income security and insurance benefits This volume forms a new orientation for thinking about human behavior under extraordinary conditions     Believing in Cleveland J. Mark Souther,2017-11-03 Detractors have called it The Mistake on the Lake It was once America s Comeback City According to author J Mark Souther Cleveland has long sought to defeat its perceived civic malaise Believing in Cleveland chronicles how city leaders used imagery and rhetoric to combat and at times accommodate urban and economic decline Souther explores Cleveland s downtown revitalization efforts its neighborhood renewal and restoration projects and its fight against deindustrialization He shows how the city reshaped its image when it was bolstered by sports team victories But Cleveland was not always on the upswing Souther places the city s history in the postwar context when the city and metropolitan area were divided by uneven growth In the 1970s the city suburb division was wider than ever Believing in Cleveland recounts the long difficult history of a city that entered the postwar period as America s sixth largest then lost ground during a period of robust national growth But rather than tell a tale of decline Souther provides a fascinating story of resilience for what some folks called The Best Location in the Nation
