The Revolution of Indian Parallel Cinema in the Global South (1968-1995) Omar Ahmed, 2025-01-23 Drawing from over a decade of research and writings this book takes you on an epic journey through the history of Indian Parallel Cinema 1968 1995 India the late 1960s Something was in the air A film manifesto penned by

passionate cinephiles called for a new cinema. An exciting generation of iconoclastic filmmakers were on the march, the first to graduate from the newly incarnated Film and Television Institute of India, seizing the moment to forge one of the first major post colonial film movements. What emerged was an unprecedented level of creativity, merging international influences with experimental indigenous styles and creating an aesthetic and thematic rupture and that ultimately led to new ways of making films. But it is a story that has rarely been told, inextricably absent from the parochial Euro centric and linear histories of film. This is the story of Indian Parallel Cinema. From auteurs like Mani Kaul and John Abraham to Smita Patil and Om Puri. *The Revolution of Indian Parallel Cinema in the Global South* explores the origins, evolution, demise and legacy of a film movement that produced a pantheon of innovative filmmakers in excess of two hundred films and a distinctly regional identity in which film societies, state funding and political insurgency were catalysts for a defiant radical dialogue, much of it anti establishment that broke all the rules. Most importantly, this publication considers the ways in which Parallel Cinema narrated a new history from below, using a range of case studies that includes *Uski Roti*, *Mirch Masala* and *Amma Ariyan*.

100 Essential Indian Films Rohit K. Dasgupta, Sangeeta Datta, 2018-12-15. Although the motion picture industry in India is one of the oldest and largest in the world, with literally thousands of productions released each year, films from that country have not been as well received as those from other countries. Known for their impressive musical numbers, melodramatic plots and nationally beloved stars, Indian films have long been ignored by the West but are now at the forefront of cinema studies. With the prolific number of films available, it can be difficult to know what to watch. In *100 Essential Indian Films*, Rohit K. Dasgupta and Sangeeta Datta identify and discuss significant works produced since the 1930s. Examining the output of different regional film industries throughout India, this volume offers a balance of box office blockbusters, critical successes and less recognized cult classics. From early films by Satyajit Ray to contemporary classics such as *Salaam Bombay* and *Lagaan*, each entry includes comprehensive details about the film and situates the work in the context and history of the Indian canon. In addition to these notable productions, this book also examines key film directors and the work of major film stars in the industry. While many studies of Indian films focus on a single language's contributions, this encyclopedia offers a comprehensive guide to productions from across the country in various languages, including Hindi, Bengali, Tamil, Malayalam, Assamese, Punjabi, Marathi and English. *100 Essential Indian Films* is an engaging volume that will appeal to both cinema scholars and those looking for an introduction to a vital component of world cinema. **Until the Lions** Karthika

Nair, 2019-11-12. A dazzling and eloquent reworking of the Mahabharata, one of South Asia's best loved epics, through nineteen peripheral voices. With daring poetic forms, Karthika Nair breathes new life into this ancient epic. Karthika Nair refracts the epic Mahabharata through the voices of nameless soldiers, outcast warriors and handmaidens, as well as abducted princesses, tribal queens and a gender shifting god. As peripheral figures and silent catalysts take center stage, we get a glimpse of lives and stories buried beneath the dramas of god and nation, heroics and victory of the lives obscured by

myth and history all too often interchangeable Until the Lions is a kaleidoscopic poetic tour de force It reveals the most intimate threads of desire greed and sacrifice in this foundational epic

Movie Magic Kiran Kumar, 2014-05-27 We have tried to present an overview of one hundred year old movie history all over the world which has both positive and negative aspects for the creator and the viewer This is especially true of the three leading commercial centers Bollywood Bombay Hindi movies Hollywood USA and Japan Images moved in 1892 and started talking in 1923 in The Jazz Singer Hollywood It has remarkable achievements both on epic and offbeat levels They cast a hypnotic spell and emotional bonding of the viewers with the star performers and singers The identification with the character and their predicament is the magnetism which is unparalleled compared to other arts like literature painting music etc Movies combine all the three major art forms besides the charisma of the stars But it has its flip side also like the dark space between stars littered with broken hearts and lives and the questionable impact of the crass commercial movie with an eye on profit at any cost However we can make it more powerful and positive The book is an exciting romp through the stellar world of movies and their creators
