Romancing the Real Sabra J. Webber, 2016-11-11 One of the goals of the new or experimental ethnography is to illuminate the unique historical social and political situation of a people from their own multifaceted perspectives As part of the effort to reach this goal ethnographers are learning to listen in various keys to what members of society under study have to say about themselves and about their place in the world In Romancing the Real Sabra J Webber argues that folklore traditional aesthetic culture is of central importance to the new ethnography It is by becoming cultured in a people's traditional art forms that the ethnographer can come closest to an unmediated hearing of the individual voices of community members and to an understanding of how community affect is shaped and shared rhetorically She contends that traditional verbal art does more than reflect a culture from its members' points of view it is one of the means by which members comment upon change and recreate their culture It is also a powerful resource through which they respond to the ethnographer and what the ethnographer represents Drawing on over five years of field research conducted between 1967 and 1987 in Kelibia a town on the northeastern coast of Tunisia Webber offers insights into the community gained through the study of its folk communicative resources and especially through study of the hikayah a colloquial Arabic verbal art genre that resembles the western genres of local history or personal experience narrative She demonstrates that Kelibians draw upon hikayat to cope creatively with both the destabilizing and the energizing facets of centuries of frequent rarely controlled or invited contact with outsiders She finds that older community members use the art form to romance not romanticize their town and thus address important communal issues like colonialism Webber discusses a marginalized town in the context of a marginalized discipline folklore an often devalued language colloquial Arabic and a frequently underestimated cultural domain affect to demonstrate that a re perception of each can yield rich insights into the centripetal

forces that supposedly powerless communities can draw upon for empowerment

Steven Salaita, 2011-04-13 Within the spectrum of American literary traditions Arab American literature is relatively new Writing produced by Americans of Arab origin is mainly a product of the twentieth century and only started to flourish in the past thirty years While this young but thriving literature varies widely in content and style it emerges from a common community and within a specific historical political and cultural context In *Modern Arab American Fiction* Salaita maps out the landscape of this genre as he details rather than defines the last century of Arab American fiction Exploring the works of such best selling authors as Rabih Alameddine Mohja Kahf Laila Halaby Diana Abu Jaber Alicia Erian and Randa Jarrar Salaita highlights the development of each author's writing and how each has influenced Arab American fiction He examines common themes including the Israel Palestine conflict the Lebanese Civil War of 1975-90 the representation and practice of Islam in the United States social issues such as gender and national identity in Arab cultures and the various identities that come with being Arab American Combining the accessibility of a primer with in depth critical analysis *Modern Arab American Fiction* is suitable for a broad audience those unfamiliar with the subject area as well as scholars of the literature

Si Yussef Anouar Majid, 1992 *Two Arabs, a Berber, and a Jew* Lawrence Rosen, 2015-12-02 In this remarkable work by seasoned scholar Lawrence Rosen we follow the fascinating intellectual developments of four ordinary Moroccans over the span of forty years Walking and talking with Haj Hamed Britel Yaghnik Driss Hussein Qadir and Shimon Benizri in a country that in a little over a century has gone from an underdeveloped colonial outpost to a modern Arab country in the throes of economic growth and religious fervor Rosen details a fascinating plurality of viewpoints on culture history and the ways both can be dramatically transformed Through the intellectual lives of these four men this book explores a number of interpretative and theoretical issues that have made Arab culture distinct especially in relationship to the West how nothing is ever hard and fast how everything is relational and always a product of negotiation It showcases the vitality of the local in a global era and it contrasts Arab notions of time equality and self with those in the West Likewise Rosen unveils his own entanglement in their world and the drive to keep the analysis of culture first and foremost even as his own life enmeshes itself in those of his study An exploration of faith politics history and memory this book highlights the world of everyday life in Arab society in ways that challenge common notions and stereotypes Poèmes algériens et récits légendaires traduits ou imités en vers, d'après l'idiome arabe d'Alger. Ceramic like ferromagnetic materials which are mainly composed of ferric oxide Fe_2O_3 are called ferrites Although the saturation magnetization of ferrites is less than half that of ferromagnetic alloys they have advantages Applicability at higher

frequency Lower price Greater heat resistance Higher corrosion resistance The practical applications of ferrites have been expanded by completely utilizing these advantages Magnetite Fe_3O_4 which is a natural mineral is a genuine ferrite and it is said that ancient people had recognized its magnetism and it was used as a mariner's compass in China for more than two millennia ago The importance of ferrites was brought to public attention after 1950 s because new applications such as radio television microwave devices carrier telephony and computer circuitry were rapidly expanding At the same time physicists and electronic engineers throughout world were interested in the magnetism and high frequency application of ferrites

Jones,2023-08-16 Djeha also known as Juha Jeh a and Ch ha among many variations is an iconic figure the trickster hero of an oral folktale tradition that has existed for centuries The famous Maghrebian prankster is a poor cunning and resourceful character that delights in immoral behavior Orientalists Auguste Mouli ras 1855 1931 and Ren Basset 1855 1924 were among the first Frenchmen to collect and translate popular Berber folktales Today trickster folktales from Algeria s mountainous Kabylia region are not well known in the Anglophone world even though they continue to be highly popular in France and in North Africa Djeha the North African Trickster is an annotated critical translation of Auguste Mouli ras s folktale collection *Les Fourberies de Si Djeh* a first published in French in 1892 The volume contains sixty tales and an in depth introduction in which Christa C Jones discusses jocular literature in Islam the widespread oral folktale tradition linked to Djeha and his Turkish twin brother Nasreddin Hoca and the impact of colonialism on the gathering and dissemination of the tales The trickster is at the center of six themed chapters Family and Kinship Animal Tales Faces Places or Daily Life in the Village Foodways The Intricacies of Hospitality Beware of Friends and Foes and Religion Death and the Afterlife Each chapter contains ten folktales preceded by a short introduction that contextualizes the pieces using historical folkloristic literary and ethnographical sources Ultimately the book contributes to the preservation of an ancestral oral heritage delivering this enduring character to new audiences *Representing Minorities* Soumia Boutkhil,Larbi Touaf,2009-01-14 The papers in this volume include not only the traditional view of what constitutes a minority but also any individual or group recalcitrant and reluctant not to say resistant to the generalized lobotomy operated by the rampant uniformisation of cultures around the world For in the ruins of the end of history and its context of violence and Manichean politics any opposition to the general consensus could be dismissed as anti historical and atavistic The objective of the book is precisely to counter such rhetoric and underscore the necessity of cultural diversity and the right to difference This book contains what can amount to a critical response to the current context of confusion surrounding the postmodern condition that arguably dominates most societies It stresses the issue of ethics not only in world politics but also in literature and criticism which are the main focus here In fact the interest in minority issues is in itself an ethical concern that contributes to give substance to the idea that postmodernity opens the gates for the long suppressed

identities and sensibilities to emerge and demand recognition This volume intends therefore to contribute to the recent ethical turn that seems to take place in scholarship worldwide Operated mainly by what is referred to as postcolonial studies this shift turned literary criticism and cultural studies into the site where a sense of literature can be envisioned that is not at all universalist or reflecting the hegemonic temptations of the new world order It seeks to present a patchwork of minor literatures in the sense that besides the major literatures languages there are myriads of minor voices that express dissimilarity oftentimes under the umbrella of those major languages and literatures themselves *New Voices of Muslim North-African Migrants in Europe* Cristián H. Ricci, 2019-08-26 *New Voices of Muslim North African Migrants in Europe* captures the experience in writing of a fast growing number of individuals belonging to migrant communities in Europe The book follows attempts to transform postcolonial literary studies into a comparative translingual and supranational project Cristián H Ricci frames Moroccan literature written in European languages within the ampler context of borderland studies The author addresses the realm of a literature that has been practically absent from the field of postcolonial literary studies i e Neerlandophone or Gay Muslim literature The book also converses with other minor literatures and theories from Sub Saharan Africa as well as Asians and Latino as in the Americas that combine histories of colonization labor migration and enforced exile Indian Journal of History of Science ,1995 **Bulletin officiel du gouvernement général de l'Algérie** Algeria, 1862 *La bible de la négociation* Alexis Kyprianou, 2013-08-22 Les 75 fiches opérationnelles de cet ouvrage vous présentent tout ce qu'il faut savoir pour acquiescer les techniques de négociation les plus efficaces dans le domaine professionnel Conduire une négociation influencer son interlocuteur comprendre sa psychologie tirer partie de l'intelligence émotionnelle Alexis Kyprianou vous donne les clés d'une négociation réussie 40 techniques de négociation 12 antidotes aux pièges les plus courants 20 profils d'interlocuteurs types 5 scénarios complets pour s'exercer Schachner and Hansen's Textbook of Pediatric Dermatology Antonio Torrelo, 2022-03-30 This two volume set is a complete guide to the diagnosis and treatment of paediatric skin conditions With its first edition having published more than 33 years ago this reference is renowned amongst clinicians practising in the field of paediatric dermatology The fifth edition has been thoroughly revised and updated to provide all the latest techniques and therapeutic advances for daily practice More than 2000 clinical and histologic pictures the majority new to this edition illustrate all the skin conditions described in the comprehensive text covering 2500 pages across the two volumes Detailed references offer suggestions for further reading Divided into 22 sections the book begins with an introduction to basic science and discussion on diagnosis in paediatric dermatology The following chapters cover a multitude of conditions from genetic diseases eczema and pigmentary disorders to vascular anomalies tumours and cysts skin infections and many more The book concludes with a section on the principles of treatment A complete section is dedicated to neonatal disorders The book is edited by Madrid based Antonio Torrelo with contributions from numerous other experts in the field The previous edition 9780723435402 published in 2010 **Saline Deposits: A Symposium based on Papers**
