Siddhartha A Dual Language

Hermann Hesse

Siddhartha A Dual Language:

Siddhartha (Dual-Language) Hermann Hesse, 2013-09-05 Nobel prize winning author Hermann Hesse imagined life in India during the lifetime of the Buddha to create this memorable tale about a restless seeker of enlightenment First published in 1922 Siddhartha employs powerful symbolism to impart its timeless teachings The story concerns a young Brahman who quits his comfortable home to join a roving group of holy men in striving to empty their hearts of passion and desire through self denial and meditation Discouraged by his failure to find Nirvana after three years of the strictest asceticism the young seeker turns to the fleshly world where he becomes a wealthy merchant and partakes of sensual pleasures with a sophisticated courtesan Years of materialistic self indulgence numb Siddhartha's soul but at his moment of greatest despondency he begins to experience his long sought spiritual awakening True enlightenment he realizes cannot be received from the lessons of others it must be attained through individual struggle This handy dual language edition with its excellent line for line English translation on pages facing the original German text offers students an outstanding opportunity to hone their German language skills while discovering a literary classic

Demian Hermann Hesse, 2012-06-14 Recounted in engaging prose the first major novel by Nobel Prize winning author explores the fundamental duality of existence through the tale of a troubled young man's confusion about life's conflicting values

Original Bavarian Folktales - a Schonwerth Selection Franz von Schönwerth, M. Charlotte Wolf, Ph.D., 2014-05-21 This collection of approximately 150 fables is the first dual language edition of highlights from a three volume scholarly work originally published in the 1850s The Introduction contains critiques of the newly rediscovered German and East Bavarian stories in addition to background on Franz von Schonwerth and his legacy

Hermann Hesse's Global Impact Oscar Von Seth, 2024 A timely collection of new essays arguing for the continuing relevance and impact of Hesse's works around the world Hermann Hesse remains one of the great figures of world literature He is the world's 35th most translated author with more than 1 500 translations of his works currently listed on UNESCO's Index Translatorium Our understanding of the reciprocal transcultural reception of literature has been radically transformed in the last two decades starting with David Damrosch's What is World Literature 2003 Meanwhile some forty years have passed since Martin Pfeifer's anthology Hermann Hesses weltweite Wirkung Hermann Hesse's Worldwide Impact was published which means it is time to consider Hesse's global impact again though not in terms of a country by country study Rather this book explores Hesse's continuing global relevance more broadly Hesse is global in the sense that his themes touch on the non material side of human existence in a way that readers in different cultural communities respond to His prose and poetry offer an oasis of calm authenticity and spirituality a mental terrain of profound and genuine meaning The present collection of new essays argues that this spiritual capital may help readers of Hesse in uncertain times beyond the doctrines of organized religions or ideologies assisting them in inhabiting creatively both the world of literature and the visceral world of the early 21st century Edited by Ingo Cornils and Neale Cunningham
