Shavelings in Death Camps Fr. Henryk Maria Malak,2012-09-07 Catholic priests all across Poland were arrested and sent to Nazi concentration camps at the beginning of World War II This memoir by Fr Henryk Maria Malak 1912 1987 is their story and his Through the author s eyes we witness the German invasion atrocities against the local population and the roundup of priests from the region A series of transports takes them to Stutthof and Grenzdorf in Poland then to Sachsenhausen and Dachau in Germany Fr Malak spent more than four years at Dachau and he describes camp life in detail His final chapters are entries from a diary he kept secretly near the end of the war Some priests are selected for medical experiments others are sent on death transports Throughout their ordeal they face brutal treatment hard labor hunger disease Although many perish along the way all remain steadfast in their faith and in their loyalty to Poland **The Hitler Myths** Sjoerd J. de Boer,2022-05-05 Adolf Hitler remains one of the most discussed figures in world history Every year an untold number of articles and books are published and television programs and internet pages are produced by respected historians through to amateur conspiracy theorists One of the consequences of this continuous flow of stories is that over time increasing numbers of falsehoods and fabrications have emerged about Hitler Many of these have subsequently gained credence by virtue of their constant repetition however bizarre they may be These include such claims that Hitler was impotent contradicted by another myth that he had an illegitimate son that he had Jewish ancestors or that he had killed his niece Another claim one of the most persistent is that he did not commit suicide but escaped Berlin to live in Argentina for years after the war despite his well recorded failing health What is the truth about his corpse his sexual experiences his years of poverty his complete dominance of his subordinates How much of what we think we know is the result of intentional or misunderstood modern interpretations Many rumours also circulated during Hitler s life and with the passage of time have been presented as facts despite having no substantial foundation Was Hitler really a hero of the First World War and if so why was he not promoted beyond the rank of corporal Was he the true author of Mein Kampf and did he write a second book that was never published and was Hitler initially a socialist In The Hitler Myths the author clinically dissects many of these myths often in a highly amusing fashion as he exposes the inaccuracies and impossibilities of the stories The myths the

familiar and the obscure are discussed chronologically following the course of Hitler's life. In his analysis of each of the myths the author draws on an array of sources to prove or disprove the rumours and speculations once and for all. *Swastika* Michael Slade, 2024-10-08.
