Siege Of Jerusalem In Its Physical Literary And Historical Contexts

Lynette Muir

Siege Of Jerusalem In Its Physical Literary And Historical Contexts:

The Siege of Jerusalem in Its Physical, Literary and Historical Contexts Bonnie Millar, 2000 Millar departs from the standard interpretation of The Siege of Jerusalem an anonymous 14th century Middle English poem from Yorkshire as beautifully written but violently anti Judaic She shows how it engages some of the important social and religious issues of the day and how the poet designed

The Siege of Jerusalem Bonnie Millar, 2000 The Siege of Jerusalem Ralph Hanna, David Lawton, 2003 This is a new critical edition of the most widely dispersed and popular Middle English alliterative poems apart from Piers Plowman It contains a new critical text based upon all the surviving manuscripts There is full discussion of the textual relations and the editorial methods best suited to presenting a text extant in many copies There are full manuscript descriptions with discussions of sources and possible authorship

Siege of Jerusalem Michael Livingston, 2005-03-01 The fourteenth century Siege of Jerusalem has been called by Ralph Hanna the chocolate covered tarantula of the alliterative movement for its apparent anti Semitism and is as Livingston notes in his introduction simply difficult for twenty first century readers to like The poem which describes the destruction of the Second Temple by Roman forces in AD 70 is graphic in detail and unpleasant in its relish of the suffering of the Jews But as Livingston points out Like the gritty violence of Alliterative Morte Arthure the gore in Siege is perhaps best read as a grim awareness of the terrible realities of war not as a bloodthirsty and berserk cry for further bloodshed The poem chronicles a historical war and it is this historical quality that must stand out the poem not only has resonances of the bloodshed that battle inevitably brings but it also is in a very literal sense history This is to say the war is over The vengeance of Jesus has been accomplished The Siege poet s answer to the social political religious question of whether there is such a thing as a just war is that there was one Titus and Vespasian s vengeance for the death of Christ Further efforts to avenge Christ were unnecessary That the poem is a call to action and to crusade then seems to be a claim that is far less sustainable than its opposite a call to peace and to remembrance

The Destruction of Jerusalem in Early Modern English Literature Beatrice Groves, 2015-09-16 This book explores the fall of Jerusalem and restores to its rightful place one of the key explanatory tropes of early modern English culture Showing the importance of Jerusalem s destruction in sermons ballads puppet shows and provincial drama of the period Beatrice Groves brings a new perspective to works by canonical authors such as Marlowe Nashe Shakespeare Dekker and Milton The volume also offers a historically compelling and wide ranging account of major shifts in cultural attitudes towards Judaism by situating texts in their wider cultural and theological context Groves examines the continuities and differences between medieval and early modern theatre London as an imagined community and the way that narratives about Jerusalem and Judaism informed notions of English identity in the wake of the Reformation Adopting an interdisciplinary approach this volume will interest researchers and upper level students of early modern literature religious studies and theatre

Participatory reading in late-medieval England Heather Blatt, 2018-05-11 This electronic version has

been made available under a Creative Commons BY NC ND open access license This book traces affinities between digital and medieval media exploring how reading functioned as a nexus for concerns about increasing literacy audiences agency literary culture and media formats from the late fourteenth to the early sixteenth centuries Drawing on a wide range of texts from well known poems of Chaucer and Lydgate to wall texts banqueting poems and devotional works written by and for women Participatory reading argues that making readers work offered writers ways to shape their reputations and the futures of their productions At the same time the interactive reading practices they promoted enabled audiences to contribute to and contest writers burgeoning authority making books and reading work for everyone *Lord Strange's Men and Their Plays* Lawrence Manley, Sally-Beth MacLean, 2014-04-29 In this major contribution to theater history and cultural studies authors Lawrence Manley and Sally Beth MacLean paint a lively portrait of Lord Strange's Men a daring company of players that dominated the London stage for a brief period in the late Elizabethan era During their short theatrical reign Lord Strange's Men helped to define the dramaturgy of the era performing the works of William Shakespeare Christopher Marlowe Thomas Kyd and others in a distinctive and spectacular style exploring innovative new modes of impersonation while intentionally courting political and religious controversy **Art, Identity and Devotion in Fourteenth-century England** Kathryn Ann Smith, 2003-01-01 Examines the De Lisle hours of Margaret de Beauchamp the De Bois hours Dubois hours of Hawisia de Bois and the Neville of Hornby hours of Isabel de Byron Jerusalem in Medieval Narrative Suzanne M. Yeager, 2008-11-06 An original study of the political religious and literary uses of representations of the holy city in the fourteenth century *The Cambridge Companion to the Literature of the Crusades* Anthony Bale, 2019-01-03 This volume offers a literary and cultural history of the idea of crusading over the last millennium *The Destruction of Jerusalem, or Titus and Vespasian* Kara L. McShane, Mark J. B. Wright, 2021-10-29 Within the English fall of Jerusalem tradition nearly all scholarly attention has gone to Siege of Jerusalem which has enjoyed critical and pedagogical attention of late Michael Livingston's 2004 edition with the Middle English Texts Series MIP drew attention to the text and Adrienne Williams Boyarin has recently published a new translation with Broadview Press that appears in the Broadview Anthology of British Literature's medieval volume and as a stand alone volume With this edition of the Destruction of Jerusalem we hope to bring the poem which is extant in more copies than Siege into the conversation METS MIP is precisely the right series and press to publish Destruction The work would complement METS volumes such as The King of Tars Richard Coeur de Lion and Crusades romances such as Three Middle English Charlemagne Romances Indeed given METS's broad offerings in Middle English romance the series is a natural home for Destruction Destruction would be of tremendous value particularly in courses focused on Crusades traditions traditions of medieval anti-Semitism vernacular theology or late medieval depictions of difference more broadly matters of considerable scholarly and pedagogical interest to medievalists of late *Medieval Romance and Material Culture* Nicholas Perkins, 2015 Studies of how the physical manifests itself in medieval romance and

medieval romances as objects themselves Medieval romance narratives glitter with the material objects that were valued and exchanged in late medieval society lovers rings and warriors swords holy relics and desirable or corrupted bodies Romance however is also a genre in which such objects make meaning on numerous levels and not always in predictable ways These new essays examine from diverse perspectives how romances respond to material culture but also show how romance as a genre helps to constitute and transmit that culture Focusing on romances circulating in Britain and Ireland between the twelfth and sixteenth centuries individual chapters address such questions as the relationship between objects and protagonists in romance narrative the materiality of male and female bodies the interaction between visual and verbal representations of romance poetic form and manuscript textuality and how a nineteenth century edition of medieval romances provoked artists to homage and satire

Cultural Diversity in the British Middle Ages J. Cohen, 2008-08-04 Through close

readings of both familiar and obscure medieval texts the contributors to this volume attempt to read England as a singularly powerful entity within a vast geopolitical network This capacious world can be glimpsed in the cultural flows connecting the Normans of Sicily with the rulers of England or Chaucer with legends arriving from Bohemia It can also be seen in surprising places in literature as when green children are discovered in twelfth century Yorkshire or when Welsh animals begin to speak of the long history of their land s colonization The contributors to this volume seek moments of cultural admixture and heterogeneity within texts that have often been assumed to belong to a single national canon discovering moments when familiar and bounded space erupt into unexpected diversity and infinite realms

Boundaries in Medieval Romance Neil Cartlidge,2008 Medieval romance frequently and perhaps characteristically capitalises on the dramatic and suggestive possibilities implicit in boundaries not only the geographical political and cultural frontiers that medieval romances imagine and imply but also more metaphorical demarcations It is these boundaries as they appear in insular romances circulating in English and French which the essays in this volume address They include the boundary between reality and fictionality boundaries between different literary traditions modes and cultures and boundaries between different kinds of experience or perception especially the altered states associated with sickness magic the supernatural or the divine
