History of the Donner Party; A Tragedy of the Sierra Charles Fayette McGlashan,2025-08-16 Reproduction of the original  
The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works  
are made available to the public in good condition in order to preserve their cultural heritage      Cultures of Devotion Frank  
Graziano,2007 Spanish America has produced numerous folk saints venerated figures regarded as miraculous but not  
officially recognized by the Catholic Church Some of these have huge national cults with hundreds perhaps millions of  
devotees In this book Frank Graziano provides the first overview in any language of these saints offering in depth studies of  
the beliefs rituals and devotions surrounding seven representative figures These case studies are illuminated by comparisons  
to some hundred additional saints from contemporary Spanish America Among the six primary cases are Difunta Correa at  
whose shrines devotees offer bottles of water and used auto parts in commemoration of her tragic death in the Argentinean  
desert Gaucho Gil is only one of many gaucho saints whose characteristic narrative involves political injustice and Robin  
Hood crimes on behalf of the exploited people The widespread cult of the Mexican saint Nino Fidencio is based on faith  
healing performed by devotees who channel his powers Nino Compadrito is an elegantly dressed skeleton of a child whose  
miraculous powers are derived in part from an Andean belief in the power of the skull of one who has suffered a tragic death  
Graziano draws upon site visits and extensive interviews with devotees archival material media reports and documentaries to  
produce vivid portraits of these fascinating popular movements In the process he sheds new light on the often fraught  
relationship between orthodox Catholicism and folk beliefs and on an important and little studied facet of the dynamic  
culture of contemporary Spanish America      Sierra Educational News ,1920      History of the Sierra Nevada ,      History  
of the Sierra Nevada Francis P. Farquhar,2007-10-15 From the time it was sighted by Spanish explorers in the eighteenth  
century through the creation of the John Muir trail the building of the Hetch Hetchy Dam and the founding of the Sierra Club  
the great snowy range of California has provided fulfillment to generations of trappers immigrants engineers naturalists and  
tourists Now a mountaineering classic this pioneering book was the first to synthesize into a single riveting narrative all of  
the varied aspects of human endeavor related to the history of the Sierra Nevada Thoroughly illustrated with photographs  
drawings and maps the book continues to be indispensable for any lover of the high country      **Houses and House Use of

America Renowned for maintaining their language and cultural traditions in the face of colonization they have weathered  
numerous hardships climate disaster poverty cultural erasure that have only worsened during the twenty first century Based

on more than a decade of oral history and participatory field work Out of the Sierra paints a vivid and vital portrait of Rar muri displacement When drought leaves the Guti rrez family with nothing to eat they are faced with the choice many Rar muris must make remain and hope for rain and aid or leave their sacred homeland behind Luis Martina and their children choose to journey from their home in the Sierra Madre mountains toward a new and uncertain future in a government funded Indigenous settlement Victoria Blanco considers Indigenous identity with tenderness and intelligence demanding recognition and justice for the Rar muri people as they resist assimilation and uphold traditional knowledge in the face of broken systems In a narrative of unprecedented access and intimacy Out of the Sierra offers a groundbreaking testimony to human resilience and the power of community Mission Work in Sierra Leone, West Africa Job Smith Mills,1898 **The Great Value and**
