Gay, 1992-09-01 This book is the only full length treatment of the relationship between aesthetic truths and psychoanalytic discoveries of art artists and a new concept of sublimation It provides a radical and unique study of the concept of sublimation and proposes a modest replacement for it In the first third of the book the author reviews critically the psychoanalytic sources of the concept of sublimation In the second third he shows how the concept developed from Freud's nineteenth century notions of perception In the last third he revises a concept of sublimation using a contemporary theory of perception In the final chapter he examines four works of literature short stories of John Cheever a Japanese novel portions of *Hamlet* and sublimation and perversion in Orson Welles' *Citizen Kane* **Touched With Fire** Kay Redfield Jamison, 1996-10-18 The definitive work on the profound and surprising links between manic depression and creativity from the bestselling psychologist of bipolar disorders who wrote *An Unquiet Mind* One of the foremost psychologists in America Kay Jamison is plainly among the few who have a profound understanding of the relationship that exists between art and madness William Styron The anguished and volatile intensity associated with the artistic temperament was once thought to be a symptom of genius or eccentricity peculiar to artists writers and musicians Her work based on her study as a clinical psychologist and researcher in mood disorders reveals that many artists subject to exalted highs and despairing lows were in fact engaged in a struggle with clinically identifiable manic depressive illness Jamison presents proof of the biological foundations of this disease and applies what is known about the illness to the lives and works of some of the
