Louis Armstrong, Master of Modernism Thomas Brothers, 2014-01-27 Finalist for the 2015 Pulitzer Prize in Biography Profoundly evocative and altogether admirable The writing and detail are so brilliant that I found the volume revelatory Tim Page *Washington Post* Nearly 100 years after bursting onto Chicago's music scene under the tutelage of Joe King Oliver Louis Armstrong is recognized as one of the most influential artists of the twentieth century A trumpet virtuoso seductive crooner and consummate entertainer Armstrong laid the foundation for the future of jazz with his stylistic innovations but his story would be incomplete without examining how he struggled in a society seething with brutally racist ideologies laws and practices Thomas Brothers picks up where he left off with the acclaimed Louis Armstrong's New Orleans

following the story of the great jazz musician into his most creatively fertile years in the 1920s and early 1930s when Armstrong created not one but two modern musical styles Brothers wields his own tremendous skill in making the connections between history and music accessible to everyone as Armstrong shucks and jives across the page Through Brothers's expert ears and eyes we meet an Armstrong whose quickness and sureness so evident in his performances served him well in his encounters with racism while his music soared across the airwaves into homes all over America Louis Armstrong Master of Modernism blends cultural history musical scholarship and personal accounts from Armstrong's contemporaries to reveal his enduring contributions to jazz and popular music at a time when he and his bandmates couldn't count on food or even a friendly face on their travels across the country Thomas Brothers combines an intimate knowledge of Armstrong's life with the boldness to examine his place in such a racially charged landscape In vivid prose and with vibrant photographs Brothers illuminates the life and work of the man many consider to be the greatest American musician of the twentieth century

The Original Hot Five Recordings of Louis Armstrong Gene Henry Anderson, 2007 Between 1925 and 1928 the Hot Five the incomparable Louis Armstrong and four seasoned practitioners of the burgeoning jazz style recorded fifty-five performances in Chicago for the OKeh label Oddly enough the quintet immortalized on vinyl with recent technology rarely performed as a unit in local nightspots And yet like other music now regarded as especially historic their work in the studio summarized approaches of the past and set standards for the future Remarkable both for popularity among the members of the public and for influence on contemporary musicians these recordings helped make Satchmo a familiar household name and ultimately its bearer an adored public figure They showcased Armstrong's genius notably his leadership in transforming the practice of jazz as an ensemble improvisation into jazz as the art of the improvising soloist In his study Professor Anderson for the first time provides a detailed account of the origins of this pioneering enterprise relates individual pieces to existing copyright deposits and contextualizes the music by offering a reliable timeline of Armstrong's professional activities during these years All fifty-five pieces moreover are described in informed commentary Publisher description
