

Love Between Women

Barbara R. Woshinsky

Love Between Women:

Love Between Women Charlotte Wolff, 1971 Love Between Women Bernadette J. Brooten, 2009-02-15 *Love Between Women* examines female homoeroticism and the role of women in the ancient Roman world Employing an unparalleled range of cultural sources Brooten finds evidence of marriages between women and establishes that condemnations of female homoerotic practices were based on widespread awareness of love between women An extraordinary accomplishment A definitive source for all future discussion of homoeroticism and the Bible Mary Rose D Angelo Harvard Gay Lesbian Review Brooten s convincing analysis not only profoundly reshapes our understanding of the past but it should also shape the way in which that past particularly the early Christian texts with their immense normative weight will be used for the future Anne L Clark Journal of Lesbian Studies *Love Between Women* gives contemporary debates on sexuality a carefully delineated past It boldly insists upon a different future one informed by history but not tyrannized by it Susan Ackerman Lambda Book Report Fascinating provocative and lucid Brooten has made a fundamental contribution to women s and gender studies gay and lesbian studies and classics Elizabeth A Castelli Women s Review of Books Winner of the Lambda Literary Award for Best Lesbian Studies Book 1997 Sapphistries Leila J. Rupp, 2009-12 From the ancient poet Sappho to tomboys in contemporary Indonesia women throughout history and around the globe have desired loved and had sex with other women In beautiful prose *Sapphistries* tells their stories capturing the multitude of ways that diverse societies have shaped female same sex sexuality across time and place Leila J Rupp reveals how from the time of the very earliest societies the possibility of love between women has been known even when it is feared ignored or denied We hear women in the sex segregated spaces of convents and harems whispering words of love We see women beginning to find each other on the streets of London and Amsterdam in the aristocratic circles of Paris in the factories of Shanghai We find women s desire and love for women meeting the light of day as Japanese schoolgirls fall in love and lesbian bars and clubs spread from 1920s Berlin to 1950s Buffalo And we encounter a world of difference in the twenty first century as transnational concepts and lesbian identities meet local understandings of how two women might love each other Giving voice to words from the mouths and pens of women and from men s prohibitions reports literature art imaginings pornography and court cases Rupp also creatively employs fiction to imagine possibilities when there is no historical evidence *Sapphistries* combines lyrical narrative with meticulous historical research providing an eminently readable and uniquely sweeping story of desire love and sex between women around the globe from the beginning of time to the present Between Women Sharon Marcus, 2009-07-10 Women in Victorian England wore jewelry made from each other s hair and wrote poems celebrating decades of friendship They pored over magazines that described the dangerous pleasures of corporal punishment A few had sexual relationships with each other exchanged rings and vows willed each other property and lived together in long term partnerships described as marriages But as Sharon Marcus shows these women were not seen as gender outlaws Their desires were fanned by

consumer culture and their friendships and unions were accepted and even encouraged by family society and church Far from being sexless angels defined only by male desires Victorian women openly enjoyed looking at and even dominating other women Their friendships helped realize the ideal of companionate love between men and women celebrated by novels and their unions influenced politicians and social thinkers to reform marriage law Through a close examination of literature memoirs letters domestic magazines and political debates Marcus reveals how relationships between women were a crucial component of femininity Deeply researched powerfully argued and filled with original readings of familiar and surprising sources *Between Women* overturns everything we thought we knew about Victorian women and the history of marriage and family life It offers a new paradigm for theorizing gender and sexuality not just in the Victorian period but in our own

Women in Europe between the Wars Dr Angela Kershaw, Dr Angela Kimyongür, 2013-04-28 The central aim of this interdisciplinary book is to make visible the intentionality behind the forgetting of European women's contributions during the period between the two world wars in the context of politics culture and society It also seeks to record and analyse women's agency in the construction and reconstruction of Europe and its nation states after the First World War and thus to articulate ways in which the writing of women's history necessarily entails the rewriting of everyone's history By showing that the erasure of women's texts from literary and cultural history was not accidental but was ideologically motivated the essays explicitly and implicitly contribute to debates surrounding canon formation Other important topics are women's political activism during the period antifascism the contributions made by female journalists the politics of literary production genre women's relationship with and contributions to the avant garde women's professional lives and women's involvement in voluntary associations In bringing together the work of scholars whose fields of expertise are diverse but whose interests converge on the inter war period the volume invites readers to make connections and comparisons across the whole spectrum of women's political social and cultural activities throughout Europe

Between Women and Generations Drucilla Cornell, 2016-04-30 This book defies easy categorization but will be one of the most original thoughtful and genuinely interesting books published next year Before the author's mother died she asked her daughter Drucilla to write a book that would bear witness to the dignity of her death and one that her bridge class would be able to understand As if that wasn't difficult enough Drucilla's mother who had a degenerative disease decided to end her life by ingesting a lethal cocktail of drugs Drucilla was in the unenviable position of bearing witness to her mother's act Unsensational yet poignant candid and courageous this is the book that Drucilla promised her mother she'd write Unlike her earlier academically oriented books *Between Women and Generations* is an intensely personal narrative which interweaves the personal and political decisions Drucilla's made throughout her life She uses the personal as a springboard to talk about larger philosophical issues such as how one achieves dignity in life and in death and the nature of intergenerational relationships between women Drucilla speaks candidly of her relationship with her mother about her decision to adopt a non Western child

and about her commitment to UNITY a cooperative of house cleaners in Long Island New York This book will resonate strongly with Western women *Women and Romance* Susan Ostrov Weisser,2001-07 Weisser English Adelphi U writes that her anthology is for anyone who is interested in understanding the conflicted but powerful female urge to experience the pleasure and endure the pain of romantic love In particular she explores the collision of pervasive media images of romance with feminist values of independence and self assertion Several dozen historic and contemporary works of criticism personal essays and letters by feminist and anti feminist thinkers consider changing images of romantic love and whether romance fundamentally weakens or empowers women Contributors include Jean Jacques Rousseau Charlotte Bronte Karen Horney Simone de Beauvoir Rita Mae Brown bell hooks Vivian Gornick and Carolyn Heilbrun c Book News Inc **Her Husband was a Woman!** Alison Oram,2013-01-11 Tracking the changing representation of female gender crossing in the press this text breaks new ground to reveal findings where both desire between women and cross gender identification are understood Her Husband was a Woman exposes real life case studies from the British tabloids of women who successfully passed as men in everyday life perhaps marrying other women or fighting for their country Oram revises assumptions about the history of modern gender and sexual identities especially lesbianism and transsexuality This book provides a fascinating resource for researchers and students grounding the concepts of gender performativity lesbian and queer identities in a broadly based survey of the historical evidence *Inseparable* Emma Donoghue,2010-05-25 From a writer of astonishing versatility and erudition the much admired literary critic novelist short story writer and scholar Dazzling The Washington Post One of those rare writers who seems to be able to work on any register any time any atmosphere and make it her own The Observer a book that explores the little known literary tradition of love between women in Western literature from Chaucer and Shakespeare to Charlotte Bront Dickens Agatha Christie and many more Emma Donoghue brings to bear all her knowledge and grasp to examine how desire between women in English literature has been portrayed from schoolgirls and vampires to runaway wives from cross dressing knights to contemporary murder stories Donoghue looks at the work of those writers who have addressed the unspeakable subject examining whether such desire between women is freakish or omnipresent holy or evil heartwarming or ridiculous as she excavates a long obscured tradition of inseparable friendship between women one that is surprisingly central to our cultural history Donoghue writes about the half dozen contrasting girl girl plots that have been told and retold over the centuries metamorphosing from generation to generation What interests the author are the twists and turns of the plots themselves and how these stories have changed or haven t over the centuries rather than how they reflect their time and society Donoghue explores the writing of Sade Diderot Balzac Thomas Hardy H Rider Haggard Elizabeth Bowen and others and the ways in which the woman who desires women has been cast as not quite human as ghost or vampire She writes about the ever present triangle found in novels and plays from the last three centuries in which a woman and man compete for the heroine s love about how and why same sex attraction is surprisingly ubiquitous in crime

fiction from the work of Wilkie Collins and Dorothy L Sayers to P D James Finally Donoghue looks at the plotline that has dominated writings about desire between women since the late nineteenth century how a woman s life is turned upside down by the realization that she desires another woman whether she comes to terms with this discovery privately comes out of the closet or is publicly outed She shows how this narrative pattern has remained popular and how it has taken many forms in the works of George Moore Radclyffe Hall Patricia Highsmith and Rita Mae Brown from case history style stories and dramas in and out of the courtroom to schoolgirl love stories and rebellious picaresques A revelation of a centuries old literary tradition brilliant amusing and until now deliberately overlooked Encyclopedia of Lesbian and Gay Histories and Cultures

Bonnie Zimmerman,George Haggerty,2021-06-13 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a widerange of people Intended as a reference for students and scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future *The New*

Testament on Sexuality William Loader,2012-09-13 This is the fifth and final installment of William Loader s authoritative acclaimed series on attitudes toward sexuality in the ancient world Sexual themes are never far beneath the surface where there are human beings This was certainly the case for Christians in the first century world Some began in a strongly Jewish context and worked out their faith in dialogue with their scriptural heritage Others had to work out their sexual ethics in a world strongly influenced by Greco Roman ideals and practices In *The New Testament on Sexuality* William Loader explores the relevant cultural contexts and looks at New Testament texts related to sexuality highlighting both the warnings about sexual wrongdoing and the affirmations of sexual union He deals with specific themes such as divorce same sex relations women and men in leadership and celibacy individual behavior gender roles and rules preferences and hopes also fall under the scope of his investigation Broad ranging and thorough this book engages both the biblical texts and the diverse ways in which they have been interpreted **A Time to Embrace**

William Stacy Johnson,2012-06-30 In *A Time to Embrace* William Stacy Johnson brilliantly analyzes the religious legal and political debates about gay marriage civil unions and committed gay couples This new edition includes updates that reflect the many changes in laws pertaining to civil unions same sex marriage

since 2006 *Women's Utopias of the Eighteenth Century* Alessa Johns, 2003 No human society has ever been perfect a fact that has led thinkers as far back as Plato and St Augustine to conceive of utopias both as a fanciful means of escape from an imperfect reality and as a useful tool with which to design improvements upon it The most studied utopias have been proposed by men but during the eighteenth century a group of reform oriented female novelists put forth a series of work that expressed their views of and their reservations about ideal societies In *Women's Utopias of the Eighteenth Century* Alessa Johns examines the utopian communities envisaged by Mary Astell Sarah Fielding Mary Hamilton Sarah Scott and other writers from Britain and continental Europe uncovering the ways in which they resembled and departed from traditional utopias Johns demonstrates that while traditional visions tended to look back to absolutist models women's utopias quickly incorporated emerging liberal ideas that allowed far more room for personal initiative and gave agency to groups that were not culturally dominant such as the female writers themselves Women's utopias Johns argues were reproductive in nature They had the potential to reimagine and perpetuate themselves **Hell Hath No Fury** Meghan R. Henning, 2021-09-21 The first major book to examine ancient Christian literature on hell through the lenses of gender and disability studies Throughout the Christian tradition descriptions of hell's fiery torments have shaped contemporary notions of the afterlife divine justice and physical suffering But rarely do we consider the roots of such conceptions which originate in a group of understudied ancient texts the early Christian apocalypses In this pioneering study Meghan Henning illuminates how the bodies that populate hell in early Christian literature largely those of women enslaved persons and individuals with disabilities are punished after death in spaces that mirror real carceral spaces effectually criminalizing those bodies on earth Contextualizing the apocalypses alongside ancient medical texts inscriptions philosophy and patristic writings this book demonstrates the ways that Christian depictions of hell intensified and preserved ancient notions of gender and bodily normativity that continue to inform Christian identity *The Oxford Handbook of Victorian Literary Culture* Juliet John, 2016 The *Oxford Handbook of Victorian Literary Culture* is a major contribution to the dynamic field of Victorian studies This collection of 37 original chapters by leading international Victorian scholars offers new approaches to familiar themes including science religion and gender and gives space to newer and emerging topics including old age fair play and economics Structured around three broad sections on Ways of Being Identity and Ideology Ways of Understanding Knowledge and Belief and Ways of Communicating Print and Other Cultures the volume is sub divided into nine sub sections each with its own lead essay on subjectivity politics gender and sexuality place and race religion science material and mass culture aesthetics and visual culture and theatrical culture The collection like today's Victorian studies is thoroughly interdisciplinary and yet its substantial Introduction explores a concern which is evident both implicitly and explicitly in the volume's essays that is the nature and status of literary culture and the literary from the Victorian period to the present The diverse and wide ranging essays present original scholarship framed accessibly for a mixed readership of advanced

undergraduates graduate students and established scholars *Female Homosexuality in Ancient Greece and Rome* Sandra Boehringer, 2021-09-06 This groundbreaking study among the earliest syntheses on female homosexuality throughout Antiquity explores the topic with careful reference to ancient concepts and views drawing fully on the existing visual and written record including literary philosophical and scientific documents Even today ancient female homosexuals are still too often seen in terms of a mythical ethereal Sapphic love or stereotyped as Amazons or courtesans Boehringer's scholarly book replaces these clichés with rigorous precise analysis of iconography and texts by Sappho Plato Ovid Juvenal and many other lyric poets satirists and astrological writers in search of the prevailing norms constraints and possibilities for erotic desire The portrait emerges of an ancient society to which today's sexual categories do not apply a society before sexuality where female homosexuality looks very different but is nonetheless very real Now available in English for the first time *Female Homosexuality in Ancient Greece and Rome* includes a preface by David Halperin This book will be of value to students and scholars of ancient sexuality and gender and to anyone interested in histories and theories of sexuality Imagining Women's Conventual Spaces in France, 1600-1800 Barbara R. Woshinsky, 2010 Blending history architecture and literary analysis this ground breaking study explores the convent's place in the early modern imagination After the Council of Trent imposed strict claustral enclosure the nun became an intensified object of desire in male authored narratives Convents also inspired feminutopian discourses by women writers Recent criticism has identified spaces that women have made their own the ruelle the salon the hearth of fairy tales Woshinsky's book definitively adds the convent to this list Rethinking American Women's Activism Annelise Orleck, 2014-10-17 In this enthralling narrative Annelise Orleck chronicles the history of the American women's movement from the nineteenth century to the present Starting with an incisive introduction that calls for a reconceptualization of American feminist history to encompass multiple streams of women's activism she weaves the personal with the political vividly evoking the events and people who participated in our era's most far reaching social revolutions In short thematic chapters Orleck enables readers to understand the impact of women's activism and highlights how feminism has flourished through much of the past century within social movements that have too often been treated as completely separate Showing that women's activism has taken many forms has intersected with issues of class and race and has continued during periods of backlash *Rethinking American Women's Activism* is a perfect introduction to the subject for anyone interested in women's history and social movements **Routledge Library Editions: History of Sexuality** Various Authors, 2021-02-12 Reissuing seven works originally published between 1977 and 1992 this collection offers a varied selection of surveys of historical practices and attitudes to sexuality from complete reviews of changing attitudes through time to individual studies of France in the 19th and 20th Centuries and England in the 17th This set will be of interest in sociology gender studies cultural studies and history *The Origins and Role of Same-Sex Relations in Human Societies* James Neill, 2011-10-17 This groundbreaking work draws on a vast range of research into human sexuality to demonstrate

that homosexuality is not a phenomenon limited to a small minority of society but is an aspect of a complex sexual harmony that the human race inherited from its animal ancestors Through a survey of the patterns of sexual expression found among animals and among societies around the world and an examination of the functional role homosexual behavior has played among animal species and human societies alike the author arrives at some provocative conclusions that a homosexual or bisexual phase is a normal part of sexual development that same sex relations play an important balancing role in regulating human reproduction that many societies have institutionalized homosexual traditions in the past and that the harsh condemnation of homosexuality in Western society is a relatively recent phenomenon unique among world societies throughout history This well researched and meticulously documented book is the first that integrates into a coherent picture the startling revelations about human sexuality coming from the recent work of sexual researchers psychologists anthropologists and historians The view that emerges of an ambisexual human species whose complex sexual harmony is being thwarted by the imposition of an artificial understanding of nature represents a new way of thinking about sex

Thank you very much for reading **Love Between Women**. Maybe you have knowledge that, people have look numerous times for their favorite readings like this Love Between Women, but end up in harmful downloads. Rather than reading a good book with a cup of tea in the afternoon, instead they juggled with some harmful bugs inside their desktop computer.
