Love And Longing:

Love's Longing Donna Goddard, 2017-11-24 Somewhere along the way there develops within the soul a yearning that can no longer be ignored a craving for the great love affair It is incomparable It is the love affair with our own true nature and the source from which it comes The desire is in all of us but more often than not it is ignored for other interests Human love is the shadow of the Great love and of all loves it is romantic love which has the most riveting effect upon our soul It is not by accident that it has such an unfailing pull on our psyche If we cannot connect with visible human love we will not be able to find the invisible Love Human love is leading us most of us unknowingly straight to Love's secret way which is no secret at all

Love, Longing, & Little Things, 2025-05-19 Stories of this collection are often brief spun out of everyday lives longings and pearls of joys of your next door humans But they are also stories that cast long shadows permanent resonances and stay with you forever Longing and Letting Go Holly Hillgardner, 2017 Can we love God and others without our desires eclipsing the very beauty integrity and diversity toward which we are drawn that is can we love without trying to possess Spanning centuries continents and religious traditions Longing and Letting Go looks to Christian writer Hadewijch and Hindu songstress Mirabai to explore their inextricable practices of longing and letting go and more particularly the interreligious possibilities of passionate non attachment for an interconnected pluralistic world **Contemporary Nordic Literature**

and Spatiality Kristina Malmio, Kaisa Kurikka, 2019-10-14 This open access collection offers a detailed mapping of recent Nordic literature and its different genres fiction poetry and children's literature through the perspective of spatiality Concentrating on contemporary Nordic literature the book presents a distinctive view on the spatial turn and widens the understanding of Nordic literature outside of canonized authors Examining literatures by Danish Norwegian Swedish and Finnish authors the chapters investigate a recurrent theme of social criticism and analyze this criticism against the welfare state and power hierarchies in spatial terms The chapters explore various narrative worlds and spaces from the urban to parks and forests from textual spaces to spatial thematics studying these spatial features in relation to the problems of late modernity **Love and Revolution in the Twentieth-Century Colonial and Postcolonial World** G. Arunima, Patricia Hayes, Premesh Lalu, 2021-10-27 This book addresses emancipatory narratives from two main sites in the colonial world the Indian and southern African subcontinents Exploring how love and revolution interrelate this volume is unique in drawing on theories of affect to interrogate histories of the political thus linking love and revolution together The chapters engage with the affinities of those who live with their colonial pasts crises of expectations colonial national convulsions memories of anti colonial solidarity even shared radical libraries It calls attention to the specific and singular way in which notions of love of the world were born in a precise moment of anti colonial struggle a love of the world for which one would offer one's life and for which there had been little precedent in the history of earlier revolutions It thus offers new ways of understanding the shifts in global traditions of emancipation over two centuries
