Christian Marriage and Family Michael G. Lawler, William P. Roberts, 1996 A definite shift in the Catholic Church's understanding of marriage took place at Vatican Council II Rather than perceiving marriage as a contract whose primary purpose was the procreation of children the council spoke of marriage as an intimate partnership of life and love Then recapturing an earlier tradition it went on to describe the family as a domestic church In this book seven theologians who have lectured and written extensively on marriage probe the rich theology of marriage and family that emerged from Vatican II and explore some of the implications that flow from this theology Part One reflects on the sacramentality of marriage and on the family as a church of the home Part Two examines the pastoral implications this has for marital and family ministry

and spirituality BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Love, Marriage, and Divorce, and the Sovereignty of the Individual Stephen Pearl Andrews, 1889 This work evolved out of a public debate between Andrews and Greeley over their difference of opinion on the concept and legal framework of marriage
