# Magic and Superstition in Europe

A CONCISE HISTORY FROM  
ANTIQUITY TO THE PRESENT

MICHAEL D. BAILEY

# **Magic And Superstition**

**Edward Bever, Randall Styers**

## **Magic And Superstition:**

*Magic and Superstition in Europe* Michael D. Bailey, 2006-12-28 The only comprehensive single volume survey of magic available this compelling book traces the history of magic witchcraft and superstitious practices such as popular spells or charms from antiquity to the present day Focusing especially on Europe in the medieval and early modern eras Michael Bailey also explores the ancient Near East classical Greece and Rome and the spread of magical systems particularly modern witchcraft or Wicca from Europe to the United States He examines how magic and superstition have been defined in various historical eras and how these constructions have changed over time He considers the ways in which specific categories of magic have been condemned and how those identified as magicians or witches have been persecuted and prosecuted in various societies Although conceptions of magic have changed over time the author shows how magic has almost always served as a boundary marker separating socially acceptable actions from illicit ones and more generally the known and understood from the unknown and occult

*Superstition and Magic in Early Modern Europe: A Reader* Helen L. Parish, 2014-11-20 Superstition and Magic in Early Modern Europe brings together a rich selection of essays which represent the most important historical research on religion magic and superstition in early modern Europe Each essay makes a significant contribution to the history of magic and religion in its own right while together they demonstrate how debates over the topic have evolved over time providing invaluable intellectual historical and socio political context for readers approaching the subject for the first time The essays are organised around five key themes and areas of controversy Part One tackles superstition Part Two the tension between miracles and magic Part Three ghosts and apparitions Part Four witchcraft and witch trials and Part Five the gradual disintegration of the magical universe in the face of scientific religious and practical opposition Each part is prefaced by an introduction that provides an outline of the historiography and engages with recent scholarship and debate setting the context for the essays that follow and providing a foundation for further study This collection is an invaluable toolkit for students of early modern Europe providing both a focused overview and a springboard for broader thinking about the underlying continuities and discontinuities that make the study of magic and superstition a perennially fascinating topic

*Believing in Magic* Stuart A. Vyse, 2014 In this fully updated edition of *Believing in Magic* renowned superstition expert Stuart Vyse investigates our tendency towards these irrational beliefs

**Encyclopedia of Magic and Superstition** Outlet, Outlet Book Company Staff, Random House Value Publishing Staff, Rh Value Publishing, 1988-12-12

*Jewish Magic and Superstition* Joshua Trachtenberg, 2012-10-08 Alongside the formal development of Judaism from the eleventh through the sixteenth centuries a robust Jewish folk religion flourished ideas and practices that never met with wholehearted approval by religious leaders yet enjoyed such wide popularity that they could not be altogether excluded from the religion According to Joshua Trachtenberg it is not possible truly to understand the experience and history of the Jewish people without attempting to recover their folklife and beliefs from centuries past Jewish Magic and

Superstition is a masterful and utterly fascinating exploration of religious forms that have all but disappeared yet persist in the imagination. The volume begins with legends of Jewish sorcery and proceeds to discuss beliefs about the evil eye, spirits of the dead, powers of good, the famous legend of the golem, procedures for casting spells, the use of gems and amulets, how to battle spirits, the ritual of circumcision, herbal folk remedies, fortune telling, astrology, and the interpretation of dreams. First published more than sixty years ago, Trachtenberg's study remains the foundational scholarship on magical practices in the Jewish world and offers an understanding of folk beliefs that expressed most eloquently the everyday religion of the Jewish people. Jewish Magic and Superstition. A Study in Folk Religion Jewish Publication Society of America (Philadelphia, Pa.), 1967

**Magic and Superstition in Europe** Michael D. Bailey, 2007 The only comprehensive single volume survey of magic available, this compelling book traces the history of magic and superstition in Europe from antiquity to the present. Focusing mainly on the medieval and early modern era, Michael Bailey also explores the ancient Near East.

**Believing in Magic** Stuart A. Vyse, 2000 *Jewish Magic and Superstition* Joshua Trachtenberg, 2021-01-01 Jewish Magic and Superstition by Joshua Trachtenberg Delve into the fascinating world of Jewish mysticism and folklore with Joshua Trachtenberg's exploration of Jewish magic and superstition. This thought-provoking book uncovers the mystical beliefs, rituals, and traditions that have shaped Jewish culture throughout history, shedding light on the intersection of religion and supernatural practices. Key Aspects of the Book: Jewish Magic and Superstition Explores the rich tapestry of Jewish magical beliefs and practices, ranging from amulets and charms to divination and spellcasting. Provides historical and cultural context for understanding the significance of magical traditions within Jewish communities. Examines the role of superstitions and magical beliefs in Jewish folklore, offering insights into the human desire for protection, healing, and spiritual connection. Joshua Trachtenberg was a renowned American author and scholar whose writings focused on the intersection of religion, folklore, and history. Born in Poland and later immigrating to the United States, Trachtenberg brought a unique perspective to his works, blending his deep knowledge of Jewish mysticism and cultural traditions with rigorous academic research. His seminal work, *Jewish Magic and Superstition*, explored the mystical practices and beliefs of the Jewish people, shedding light on centuries-old customs and revealing the intricate tapestry.

**Strange Superstitions and Magical Practices** William John Fielding, 1945 Magic, Superstitions and Folklore Sally Manning Frost, 1991-02 Jewish Magic and Superstition Joshua Trachtenberg, 2025-02-10 Jewish Magic and Superstition by Joshua Trachtenberg is a groundbreaking exploration of the mystical and supernatural beliefs that have shaped Jewish folklore and traditions throughout history. In this meticulously researched work, Trachtenberg delves into the fascinating world of Jewish magic, uncovering the practices, rituals, and superstitions that have been passed down through generations. Drawing on a wide range of sources, including religious texts, historical documents, and cultural traditions, Trachtenberg offers a comprehensive analysis of the ways in which magic and the supernatural have influenced Jewish life, thought, and practices. The book provides a thorough examination of various

forms of Jewish magic from protective amulets and charms to rituals aimed at warding off evil forces Trachtenberg also explores the role of astrology divination and other forms of occult knowledge within the Jewish community Throughout the book he highlights the tension between Jewish religious orthodoxy and the popular belief in supernatural forces revealing the complex relationship between faith and magic in Jewish culture Jewish Magic and Superstition goes beyond a simple account of folklore to offer deeper insights into the ways in which magical practices intersected with Jewish religious life Trachtenberg discusses how these practices were often seen as a means of coping with the uncertainties and hardships of life particularly during times of persecution and exile He also examines the role of Jewish mysticism including the Kabbalah in shaping magical beliefs and practices providing readers with a nuanced understanding of the spiritual dimensions of Jewish magic Readers are drawn to Jewish Magic and Superstition for its scholarly depth and engaging narrative This book is an essential read for those interested in Jewish history folklore and mysticism offering a unique perspective on the intersection of religion and superstition Trachtenberg's thorough research and clear writing make this book an invaluable resource for anyone seeking to understand the rich and complex world of Jewish magical traditions Whether for academic study or personal interest this book offers a compelling look into the fascinating and often misunderstood world of Jewish magic

Magic and Mystery Alfred Thompson, 2021-03-11 This is said to be an age of Materialism and modern science boasts to have exploded old superstitious beliefs Yet it is curious how constantly old traditions and fancies crop up amid the most prosaic surroundings of modern existence There are certainly many people at the present day whose belief in invisible agencies is untouched by all the learning of the ages We call our superstitions by different names but we cling to them still Matters that admit of no explanation must always puzzle and make anxious A strange fascination hangs about those subjects upon which no consistent theory has ever been formed subjects the nerves and fibres of which have never yet been laid bare by the forceps and the scalpels of microscopic science It is to a survey of some such subjects that the subsequent chapters of this little work will be devoted In this aim this book covers various aspects of the history of magic superstition mythological creatures and ranges from astrology and alchemy to ghost and religions

**Fearful Spirits, Reasoned Follies** Michael D. Bailey, 2013-05-10 Superstitions are commonplace in the modern world Mostly however they evoke innocuous images of people reading their horoscopes or avoiding black cats Certain religious practices might also come to mind praying to St Christopher or lighting candles for the dead Benign as they might seem today such practices were not always perceived that way In medieval Europe superstitions were considered serious offenses violations of essential precepts of Christian doctrine or immutable natural laws But how and why did this come to be In **Fearful Spirits Reasoned Follies** Michael D Bailey explores the thorny concept of superstition as it was understood and debated in the Middle Ages Bailey begins by tracing Christian thinking about superstition from the patristic period through the early and high Middle Ages He then turns to the later Middle Ages a period that witnessed an outpouring of writings devoted to superstition tracts and treatises with titles such as

De superstitionibus and Contra vitia superstitionum Most were written by theologians and other academics based in Europe's universities and courts men who were increasingly anxious about the proliferation of suspect beliefs and practices from elite ritual magic to common healing charms from astrological divination to the observance of signs and omens As Bailey shows however authorities were far more sophisticated in their reasoning than one might suspect using accusations of superstition in a calculated way to control the boundaries of legitimate religion and acceptable science This in turn would lay the conceptual groundwork for future discussions of religion science and magic in the early modern world Indeed by revealing the extent to which early modern thinkers took up old questions about the operation of natural properties and forces using the vocabulary of science rather than of belief Bailey exposes the powerful but in many ways false dichotomy between the superstitious Middle Ages and rational European modernity Superstition: A Very Short Introduction Stuart

Vyse, 2020-01-23 Do you touch wood for luck or avoid hotel rooms on floor thirteen Would you cross the path of a black cat or step under a ladder Is breaking a mirror just an expensive waste of glass or something rather more sinister Despite the dominance of science in today's world superstitious beliefs both traditional and new remain surprisingly popular A recent survey of adults in the United States found that 33 percent believed that finding a penny was good luck and 23 percent believed that the number seven was lucky Where did these superstitions come from and why do they persist today This Very Short Introduction explores the nature and surprising history of superstition from antiquity to the present For two millennia superstition was a label derisively applied to foreign religions and unacceptable religious practices and its primary purpose was used to separate groups and assert religious and social authority After the Enlightenment the superstition label was still used to define groups but the new dividing line was between reason and unreason Today despite our apparent sophistication and technological advances superstitious belief and behaviour remain widespread and highly educated people are not immune Stuart Vyse takes an exciting look at the varieties of popular superstitious beliefs today and the psychological reasons behind their continued existence as well as the likely future course of superstition in our increasingly connected world ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Magic in the Modern World Edward Bever, Randall Styers, 2017-04-18 This collection of essays considers the

place of magic in the modern world first by exploring the ways in which modernity has been defined in explicit opposition to magic and superstition and then by illuminating how modern proponents of magic have worked to legitimize their practices through an overt embrace of evolving forms such as esotericism and supernaturalism Taking a two track approach this book explores the complex dynamics of the construction of the modern self and its relation to the modern preoccupation with magic Essays examine how modern rational consciousness is generated and maintained and how proponents of both magical

and scientific traditions rationalize evidence to fit accepted orthodoxy This book also describes how people unsatisfied with the norms of modern subjectivity embrace various forms of magic and the methods these modern practitioners use to legitimate magic in the modern world A compelling assessment of magic from the early modern period to today Magic in the Modern World shows how despite the dominant culture's emphatic denial of their validity older forms of magic persist and develop while new forms of magic continue to emerge In addition to the editors contributors include Egil Asprem Erik Davis Megan Goodwin Dan Harms Adam Jortner and Benedek L ng *Superstitions* Xavier Waterkeyn, 2008 We are now living in the so called age of science yet superstitions and old wives tales continue to influence the way we behave and live For instance do you walk under ladders or do you avoid black cats Despite scientific discoveries we are all influenced by our superstitions beliefs and rituals The book has full colour pictures tables on horoscopes astrology numerology and religion and a lenticular image on the cover **Magic & Superstition in the Jewish Tradition**, 1975 *Witchcraft, Magic and Superstition in England, 1640-70* Frederick Valletta, 2017-03-02 This study examines the relationship between elite and popular beliefs in witchcraft magic and superstition in England analyzing such beliefs against the background of political religious and social upheaval characteristic of the Civil War Interregnum and Restoration periods Belief in witchcraft received new impulses because of the general ferment of religious ideas and the tendency of participants in the Civil Wars to resort to imagery drawn from beliefs about the devil and witches or to use portents to argue for the wrongs of their opponents Throughout the work the author stresses that deeply held superstitions were fundamental to belief in witches the devil ghosts apparitions and supernatural healing Despite the fact that popular superstitions were often condemned it was recognized that their propaganda value was too useful to ignore A host of pamphlets and treatises were published during this period which unashamedly incorporated such beliefs Valletta here explores the manner in which political and religious authorities somewhat cynically used demonic imagery and language to discredit their opponents and to manipulate popular opinion **Witchcraft, Magic and Superstition in England, 1640-70** Frederick Victor Alfred Valletta, 2000
