Eulis! The History of Love: its Wondrous Magic, Chemistry, Rules, Laws, Modes, Moods and Rationale; Being the Third Revelation of Soul and Sex Paschal Beverly Randolph,2020-09-28 Sex is a thing of soul most people think it but a mere matter of earthly form and physical structure True there are some unsexed souls some no sex at all and others still claiming one gender and manifesting its exact opposite But its laws offices utilities and its deeper and diviner meanings are sealed books to all but about two in a million yet they ought to have the attentive study of every rational human being every aspirant to immortality beyond the grave In some sense this matter has been and is the subject of thought but only in its outer phases or its grosser aspects seldom in its higher ones and

never until now in any of its loftier and mystical bearings Books by ship loads on one or two and always either its physiological or sentimental sides of the subject have been put forth by ambitious M D s or notoriety seeking empirics books which mainly satisfied a prurient taste or morbid curiosity gave but little light and generally left their readers practically as ignorant as before Other books in other millions vile atrocious cancerous abounding with death in every line fraught with ruin on every page have been still are being scattered everywhere across the nations till the flower of the world s youth has been blighted and the morality of earth sapped dry Oh that literature foul disgusting beyond belief terrible as the cobra s fang keener than the dagger s edge monstrous as a drunkard s dream more devastating than the spotted plague until between the two millstones quackery pseudo professional literature on the one hand and the execrable libidinous abominations on the other one half of the manhood and womanhood of our nation has been ground into the very dust No punishment can be too severe for the disseminators of the latter no contempt too great for the authors of the former Not one of the very many respectable people including fifty French a score of English about as many Americans and a few German authors who have stained reams of good white paper and spilled gallons of ink in writing anent the sublime subject of sex have taken the trouble to go one inch below the surface but have been content to copy each other and repeat the same old worn out story else concealed a few good ideas in barrels of words They have taken man and woman shown us their anatomy explained something of physical gender said something about function and periods and there left us because they knew nothing further themselves For example there are ten thousand treatises extant concerning what the doctors call the sin of one Onan meaning thereby a certain nameless solitary vice But the man alluded to in the Bible never was guilty of that sin at all Albeit his crime was equally bad equally disastrous and hateful In these days it is politely called conjugal fraud and in plain terms consists of the nuptive union to the orgasmal climax which was allowed to occur only in a manner never intended by the Infinite God He wasted his seed upon the ground that he might not beget children to inherit his brother s name See Bible Millions do the accursed thing to day that they may be childless as indeed they deserve to be for he who does that heinous wrong commits a quadruple crime against his wife himself nature and God to say nothing about the right of all souls to be incarnated by the act of man

The Psychology of the Soul Gunda Scholdt, 2023-08-16 This book is an introduction to Spiritual Psychology which is based on the Seven Rays It is an in depth and comprehensive presentation of the path of the soul and the true nature of the human being The special feature is the synthetic view of the different aspects of human life such as the monad the soul the personality the seven chakras the seven planes the path of initiation the causal body but also the practice of spiritual therapy and meditation The author describes in a clear and easily comprehensible language the basics of Ageless Wisdom and the complex relationship between the spiritual and material worlds in the duality of which soul development takes place Complete with many diagrams and tables it is a valuable textbook for astrologers and people in psychological pedagogical counselling and healing professions who wish to expand their view of humanity and assist those

who are seeking advice on their spiritual path of development

Gender and Boyle's Law of Gases Elizabeth Potter, 2001-04-22 Gender and Boyle's Law of Gases Elizabeth Potter Re-examines the assumptions and experimental evidence behind Boyle's Law Boyle's Law which describes the relation between the pressure and volume of a gas was worked out by Robert Boyle in the mid 1600s His experiments are still considered examples of good scientific work and continue to be studied along with their historical and intellectual contexts by philosophers historians and sociologists Now there is controversy over whether Boyle's work was based only on experimental evidence or whether it was influenced by the politics and religious controversies of the time including especially class and gender politics Elizabeth Potter argues that even good science is sometimes influenced by such issues and she shows that the work leading to the Gas Law while certainly based on physical evidence was also shaped by class and gendered considerations At issue were two descriptions of nature each supporting radically different visions of class and gender arrangements Boyle's Law rested on mechanistic principles but Potter shows us an alternative law based on hylozoic principles the belief that all matter is animated whose adherents challenged social stability and the status quo in 17th century England Elizabeth Potter Alice Andrews Quigley Professor of Women's Studies at Mills College is co-editor of *Feminist Epistemologies* and author of numerous articles on feminist epistemology and feminist philosophy of science *Race Gender and Science* Anne Fausto-Sterling general editor June 2001 232 pages 5 figs 6 x 9 index cloth 0 253 33916 2 34 95 L 26 50 paper 0 253 21455 6 17 95 s 13 95

The Secret History of the Soul Richard Sugg, 2014-08-11 What would Christianity be like without the soul While most people would expect the Christian bible to reveal a highly traditional opposition of matter and spirit the spirit forces of the Old and New Testaments are often surprisingly physical dynamic and practical a matter of energy as much as ethics *The Secret History of the Soul* examines the forgotten or suppressed models of body soul and human consciousness found in the literature philosophy and scripture of the ancient and classical worlds It shows how the spirit forces of Homer Plato Aristotle and the Old and New Testaments tended to be quantities not entities and to be closely bound up with the dynamic physical flux of the human body rather than cleanly abstracted in some absolute immaterial realm Forces such as *menos* and *thymos* *nephesh* *pneuma* and *dynamis* not only blurred the line between body and soul but were potent and transferable being used in New Testament culture to effect magical cures or bestow magical power Related to this surprising

lack of body soul dualism is a lack of dualistic afterlife in either Homer or Hebrew scripture where Hades and Sheol are the sole post mortem destinations The Secret History of the Soul restores the living strangeness of a spirit world filled with potent energy and practical magic in cultures which had not yet glimpsed the abstracted soul of later Christianity
