Kitty Bich Thuy Ta,2021-11-03 Sometimes the world can seem boring harsh and hostile especially to a teenager This is certainly what it feels like for the American boy Ben as he tries to get used to living in a foreign country after his parents divorce when he never wanted to leave his home in the first place He doesn t like Budapest and his new classmates are none too friendly either He s happiest retreating into his own little world with his cherished films about the Middle Ages to keep him company daydreaming about his life as a knight in some parallel universe Then something happens to make Ben s wish come true only not quite in the way he imagined From one moment to the next he finds himself transported to a strange unfamiliar place with the talkative inquisitive Maya a girl from his new class at school They have no idea how and why they got there or what to make of this unpredictable magical land Then there is the mystery of the mysterious paintbrush that Ben found before their unusual journey and what it has to do with the strange events that unfold One thing is certain they have to get to the bottom of the mysteries if they want to get home but the adventures that await them turn out to be beyond their wildest imaginings [20/20 Blindsight](#) Busser Howell,2013-02-04 At the age of fifteen Busser Howell lost 98 percent of his vision At the age of forty he lost the remaining 2 percent Were the story to end there you would likely not be entirely shocked as this type of circumstance is not that uncommon But this is not the whole story not by a long shot You see Howell is an artist a painter to be exact And prior to being a professional working artist in New York City he was a partner and worked twenty four years in an interior design and restoration business Possibly even more amazing than his breaking of our stereotypes of the blind is the fact that he is not alone Interviewing other blind artists to discover each person s particular point of view and what kind of descriptions work for them author and blind artist Busser Howell s debut is an extraordinary look into a world never before seen or understood from the point of view of the visually challenged Beginning by examining the concepts of creativity perception touch and accessibility Howell engages the vibrant boundless minds of fifteen visually impaired artists to mine their thoughts feelings and understanding to piece together a common thread of experience It is the artists telling their story their preferences and dislikes and their ability despite their blindness to tap into sight s brain based function to see and comprehend our world and its contents An enlightening and fascinating journey into the artistic process

as seen by those whose vision is either severely impaired or altogether absent Howell's impressive collection of writings and interviews is a probing examination of the artistic process and the nature of art itself *Evocative and Inspiring Blindsight* is a deeply moving passage that documents the journey of visual artists as they transition from the visual input of the outside world to the output of their inner vision transcending blindness into the light of creativity **Southern Baroque Art** Sacheverell Sitwell, 1924 *Ancient Magic and the Supernatural in the Modern Visual and Performing Arts* Filippo Carlà-Uhink, Irene Berti, 2015-04-23 To what extent did mythological figures such as Circe and Medea influence the representation of the powerful oriental enchantress in modern Western art What role did the ancient gods and heroes play in the construction of the imaginary worlds of the modern fantasy genre What is the role of undead creatures like zombies and vampires in mythological films Looking across the millennia from the distrust of ancient magic and oriental cults which threatened the new born Christian religion to the revival and adaptation of ancient myths and religion in the arts centuries later this book offers an original analysis of the reception of ancient magic and the supernatural across a wide variety of different media from comics to film from painting to opera Working in a variety of fields across the globe the authors of these essays deconstruct certain scholarly traditions by proposing original interdisciplinary approaches and collaborations showing to what extent the visual and performing arts of different periods interlink and shape cultural and social identities
