**Magical Transformations on the Early Modern English Stage** Lisa Hopkins,Helen Ostovich,2016-05-13 *Magical Transformations on the Early Modern Stage* furthers the debate about the cultural work performed by representations of magic on the early modern English stage It considers the ways in which performances of magic reflect and feed into a sense of national identity both in the form of magic contests and in its recurrent linkage to national defence the extent to which magic can trope other concerns and what these might be and how magic is staged and what the representational strategies and techniques might mean The essays range widely over both canonical plays *Macbeth* *The Tempest* *The Winter s Tale* *The Merry Wives of Windsor* *Doctor Faustus* *Bartholomew Fair* and notably less canonical ones such as *The Birth of Merlin* *Fedele and Fortunio* *The Merry Devil of Edmonton* *The Devil is an Ass* *The Late Lancashire Witches* and *The Witch of Edmonton* putting the two groups into dialogue with each other and also exploring ways in which they can be profitably related to contemporary cases or accusations of witchcraft Attending to the representational strategies and self conscious intertextuality of the plays as well as to their treatment of their subject matter the essays reveal the plays they discuss as actively intervening in contemporary debates about witchcraft and magic in ways which themselves effect transformation rather than simply discussing it At the heart of all the essays lies an interest in the transformative power of magic but collectively they show that the idea of transformation applies not only to the objects or even to the subjects of magic but that the plays themselves can be seen as working to bring

about change in the ways that they challenge contemporary assumptions and stereotypes

The Church of the Free Mind Azazel Rama, 2014-04-10

Azazel Rama is a poet and artist from the San Francisco Bay Area who has been tapped into the spirit realm for the past 20 years. After dropping out of the Bay Area underground, he has finally decided to share with the world his unique understanding of the astral plane and the curious inhabitants therein. This large volume presents a poetic and lively take on magical theory and modern Occult philosophies while disclosing some of the author's more personal experiences with aliens and other denizens of the spirit world. The text gets deep into the symbolisms of our collective unconscious, revealing a truly interconnected understanding of natural morals while at the same time delivering tongue-in-cheek anti-theist arguments sprinkled with a dark and sometimes satanic sense of humor. In the spirit of Ragnar Redbeard's *Might Is Right*, the legendary text aptly quoted in Anton LaVey's *The Satanic Bible*, these encoded grimoires are a wild and winding map of a deeper conscious nature. Sometimes ranting and often a bit mad, were all a bit mad, the information is sprinkled with esoteric poetry and symbolic illustrations building into a climax that might come as a bit of a surprise. Chaos magician, urban shaman, synchromystic, or perhaps a member of a secret order or sect, Azazel Rama remains a mystery to the modern spiritual community and a rebel against many popular and accepted ideals. Come inside and join The Church of the Free Mind where you will be taken on a wondrous ride through the multiverse of our collective lives.

**BACK COVER COPY** Welcome to a world of subversive literature filled with magical wisdom and the decoding of the occult. In this volume, author Azazel Rama explores the ancient secrets of astral travel and reveals a doorway to the multiverse of endless potential. He then reveals how the heretical views of science and nature can slay the dragon of religion with common sense. This is not a self-help seminar filled with happy sunshine nonsense, codes, and false rainbows; this is a journey into the forbidden. The Church of the Free Mind has opened its gates, and within this Holy Temple, no messiah shall be said to exist. Written as a diatribe against words, this is the true philosophy of a snake swallowing its own tail. Behold the self-consuming god that exists within the flesh and souls of all living beings. Embark upon a spiritual exploration of a higher order of freedom as it relates to an unconsciously connected society of human animals and learn the moral codes of Mother Nature as she echoes a sense of natural law through the depths of our collective being. This collection of essays proposes a way to enter a new cycle of human understanding.
