**An Introduction to the History of Religion** Frank Byron Jevons, 1921 Magic and the Supernatural in Fourth Century Syria Silke Trzcionka, 2006-11-22 Magic and the Supernatural in Fourth Century Syria presents an in depth investigation of a variety of magical practices with a focused study in the late antique Syria and Palestine Offering new research using both archaeological and literary sources and blending Classical Jewish and Christian traditions from both regions Silke Trzcionka examines a myriad of magical activities such as curses spells and amulets accusations related to chariot races love and livelihood methods involved in protection healing possession and exorcism The information is provided with clarity and theoretical sophistication which enables students to develop an understanding of these beliefs and their place within the social context of the time Altogether a useful enlightening and enjoyable book which students studying religion and or social history will find invaluable **Witchcraft in the Middle Ages** Jeffrey Burton Russell, 2019-06-30 All the known theories and incidents of witchcraft in Western Europe from the fifth to the fifteenth century are brilliantly set forth in this engaging and comprehensive history Building on a foundation of newly discovered primary sources and recent secondary interpretations Jeffrey Burton Russell first establishes the facts and then explains the phenomenon of witchcraft in terms of its social and religious environment particularly in relation to medieval heresies Russell treats European witchcraft as a product of Christianity grounded in heresy more than in the magic and sorcery that have existed in other societies Skillfully blending narration with analysis he shows how social and religious changes nourished the spread of witchcraft until large portions of medieval Europe were in its grip from the most illiterate peasant to the most skilled philosopher or scientist A significant chapter in the history of ideas and their repression is illuminated by this book Our enduring fascination with the occult gives the author's affirmation that witchcraft arises at times and in areas afflicted with social tensions a special quality of immediacy **A History of Magic and Experimental Science: The first thirteen centuries of our era** Lynn
