Magic And The Law Vol 1:

Readings in African Law, Volume 1. Eugene Cotran, Neville N. Rubin, 1970 **Elementary Magic - vol1**

Angelina,2025-08-07 In a world full of magic where magical gods and goddesses lived they were usually under attack by other magical beings The world was under big threats fighting against aliens which had broken through Magic was alive and thriving throughout the whole world and powerful monsters were on the lose to be defeated Throughout history the gods battled their enemies each time they came travelling and teleporting themselves round the world Tails of beautiful happenings and massive attacks on planet earth The gods and goddesses defeated them all with strange happenings and things that seem unreal The new world was truly magical

Joseph Dan,2005 Joseph Dan the Gershom Scholem Professor of Kabbalah Emeritus at the Hebrew University and long time Professor of Jewish Studies at the Freie Universitat Berlin is one of the most influential figures in the fields of Jewish mystical thought homiletical and ethical literature modern Messianism and Hasidism and contemporary belles lettres His studies of the diverse aspects of Jewish creativity with close attention to the dialectics of religious cultural continuity versus historical innovation provide a comprehensive overview of the complex history of Jewish thought and its multiple creative faces It is precisely for this reason to honor Joseph Dan s multifaceted research that his many colleagues students and friends scattered among universities around the world have decided to focus their contributions in this Festschrift on the continuing process of creation and re creation in Jewish thought throughout the centuries Contributors Philip Alexander Dan Ben Amos Peter Schafer Margarete Schluter Bernard McGinn Klaus Herrmann Herbert Davidson Annelies Kuyt Haym Soloveitchik Eli Yassif Gerold Necker Marc Saperstein Giuseppe Veltri Aviezer Ravitzky Avinoam Rosenak Kimmy Caplan Saverio Campanini Eric Jacobson Yair Zakovitch Rachel Elior David Weiss Halivni Avigdor Shinan Avraham Grossman Giulio Busi Moshe Hallamish Chava Turniansky Jacob Elbaum Hagit Matras Joseph Hacker Raya Haran Arnold J Band Hamutal Bar Yosef Miri Kubovy Naama ben Shahr

Women as Mothers in Pre-Industrial England Valerie Fildes,2012-10-09 Originally published in 1990 this book met the rising interest in the subject of women in pre industrial England bringing together a group of scholars with diverse and wide ranging interests experts in social and medical history demography women s studies and the history of the family whose work would not normally appear in one volume Key aspects of motherhood in pre industrial society are discussed including women s concepts of maternity the experience of pregnancy childbirth and wet nursing the fostering and disciplining of children and child abandonment and neglect This unique book provides a comprehensive introductory overview of its subject with emphasis on women s experiences and motives

Medicine, Religion, and Magic in Early Stuart England Ofer Hadass,2018-03-26 The astrologer physician Richard Napier 1559 1634 was not only a man of practical science and medicine but also a master of occult arts and a devout

parish rector who purportedly held conversations with angels This new interpretation of Napier reveals him to be a coherent and methodical man whose burning desire for certain true knowledge contributed to the contemporary venture of putting existing knowledge to useful ends Originally trained in theology and ordained as an Anglican priest Napier later studied astrological medicine and combined astrology religious thought and image and ritual magic in his medical work Ofer Hadass draws on a remarkable archive of Napier s medical cases and religious writings including the interviews he claimed to have held with angels to show how Napier s seemingly inconsistent approaches were rooted in an inclusive and coherent worldview combining equal respect for ancient authority and for experientially derived knowledge Napier s endeavors exemplify the fruitful relationship between religion and science that offered a well founded alternative to the rising mechanistic explanation of nature at the time Carefully researched and compellingly told *Medicine Religion and Magic in Early Stuart England* is an insightful exploration of one of the most fascinating figures at the intersection of medicine magic and theology in early modern England and of the healing methods employed by physicians of the era

Peace Operations and Human Rights Ray Murphy,Katarina Mansson,2013-09-13 The protection and promotion of human rights is an integral part of contemporary international peacekeeping operations It is also a controversial aspect of peace operations at both an institutional and operational level By bringing together a wide range of practitioners and academic scholars this special issue addresses key contemporary legal political and operational challenges to human rights protection This book was previously published as a special issue of the leading journal *International Peacekeeping*

Social Science Quotations Robert Merton,2018-04-27 Social Science Quotations has been prepared to meet an evident unmet need in the literature of the social sciences Writings on the lives and theories of individual social scientists abound but there has been no fully documented collection of memorable quotations from the social sciences as a whole The frequent use of quotations in scientific as well as literary writings that are mere summaries or paraphrases typically fail to capture the full force of formulations that have made quotations memorable This book of quotations invites the further reading or rereading of the original texts beyond the quotations themselves Sills and Merton draw extensively upon the writings that constitute the historical core of the social sciences and social thought those works with staying power often described as the classical texts Many quotations have been drawn from these classical texts because the quotations contain memorable ideas memorably expressed Both consequential and memorable these words have been quoted over the generations entering into the collective memory of social scientists everywhere and at times diffusing into popular thought and into the vernacular as well This book is useful to social scientists anthropologists economists historians political scientists psychiatrists psychologists sociologists and statisticians and for all who want to learn or verify memorable formulations and phrases concerning social thought and

social theories It is particularly useful for graduate students taking courses that examine the history of their discipline

The Golden Yoke Rebecca Redwood French,1995 The practice of law in this unique legal world which lacked most of our familiar signposts ranged from the fantastic use of oracles in the search for evidence to the more mundane presentation of cases in court

Frontiers of Equality in the Development of EU and US Citizenship Jeremy B. Bierbach,2017-02-09 This book provides a framework for comparing EU citizenship and US citizenship as standards of equality If we wish to understand the legal development of the citizenship of the European Union and its relationship to the nationalities of the member states it is helpful to examine the history of United States citizenship and in particular to elaborate a theory of duplex citizenships found in federal orders In such a citizenship each person's citizenship is necessarily layered with the citizenship or nationality of a member state The question this book answers is how does federal citizenship as a claim to equality affect the relationship between the member state and its national or citizen Because the book places equality not allegiance to a sovereign at the center of its analysis of citizenship it manages to escape traditional analyses of the EU that measure it by the standard of a sovereign state The text presents a coherent account of the development of EU citizenship and EU civil rights for those who wish to understand their continuing development in the case law of the Court of Justice of the European Union Scholars and legal practitioners of EU law will find novel insights in this book into how EU citizenship works in order to be able to grasp the direction in which it will continue to develop And it may be of great interest to American scholars of law and political science who wish to understand one aspect of how the EU works as a constitutional order not merely as an order of international law by comparison to their own history Jeremy Bierbach is an attorney at Franssen Advocaten in Amsterdam He holds a Ph D in European constitutional law from the University of Amsterdam the Netherlands

Sexual Ethics and Problematic Consent David Boonin,2024-11-11 When it comes to sex no means no but yes doesn't always mean yes Cases where a person's yes to sex should be treated as a no are uncontroversial when they involve forms of coercion deception or incompetence that clearly render their consent to sex invalid But between those cases where yes clearly means yes and those where yes clearly means no lie a variety of more problematic cases In this provocative and challenging book David Boonin considers what we should say about them Clear cases of coercion for example involve the threat of significant physical harm But what should we say about cases involving the threat of harms that are relatively insignificant or that involve no physical harm at all Impersonating someone's spouse to trick them into saying yes to sex is clearly very wrong but what about the more mundane kinds of lies people tell when they're trying to meet someone It's wrong to have sex with someone who says yes when they're so drunk they're about to pass out and not wrong if they say yes after having a few sips of beer What though should we say about the more difficult cases in the middle where it's genuinely unclear whether they've had too much to drink What's the

most reasonable view about other forms of incompetent consent to sex like those involving young children elderly dementia patients or people born with severe and permanent cognitive impairments And what about cases of problematic sexual consent that don't involve coercion deception or incompetence at all Can a patient give valid consent to sex with their therapist Can the offer of a large amount of money in exchange for sex invalidate the sexual consent the offer elicits Boonin offers a variety of clear and at times surprising answers to these and other questions about unclear cases in an engaging discussion that should be of interest to students and scholars as well as to anyone else who is concerned with problematic sexual consent

Gateway to the Great Books Encyclopaedia Britannica, Inc,1990-10-01 Gateway to the Great Books are great writings which selections include short stories plays essays scientific papers speeches and letters Each selection represents a primary original and fundamental contribution to one's understanding of the universe and themselves There are over 135 Authors 225 Selections and 95 original illustrations Selections include works from Ernest Hemingway F Scott Fitzgerald T S Eliot Mark Twain and more This set will help introduce oneself to good literature and the Great Books of the Western World

Languages of Witchcraft Stuart Clark,2017-07-19 Different conceptions of the world and of reality have made witchcraft possible in some societies and impossible in others How did the people of early modern Europe experience it and what was its place in their culture The new essays in this collection illustrate the latest trends in witchcraft research and in cultural history in general After three decades in which the social analysis of witchcraft accusations has dominated the subject they turn instead to its significance and meaning as a cultural phenomenon to the languages of witchcraft rather than its causes As a result witchcraft seems less startling than it once was yet more revealing of the world in which it occurred

State, Law and Gender Shreya Roy,2023-12-12 A critical analysis of marriage law in India from the late nineteenth to early twentieth century In State Law and Gender Shreya Roy highlights how Indian law has been implicated in women's subordination It explores the ideological expectations that underpin women's legal regulation as well as the traditions in which law subjugates women the multifaceted and elusive ways wherein law validates profoundly gender based suppositions relationships and characters The book demonstrates that the correlation of moral precepts and legal norms is associated with the broader history of the age of marriage of girls in India and it has also shown how history includes diverse alternatives to understanding and addressing the problem of child marriages that do not rely on liberal legal frameworks The book critically analyzes and evaluates the social and legislative history of the period focusing particularly on three significant pieces of legislation Act III of 1872 the Age of Consent Act of 1891 and the Child Marriage Restraint Act of 1929 It traces the history of the legal changes related to the age of marriage in India after Independence and links this issue with the present day concern and the Government's initiative for raising the age of marriage of girls

A Political History of the World Jonathan Holslag,2018-10-25 A three thousand year history of the world that examines the causes of war and the search for peace In three thousand years of history China has spent at least eleven centuries at war The Roman Empire was in conflict during at

least 50 per cent of its lifetime Since 1776 the United States has spent over one hundred years at war The dream of peace has been universal in the history of humanity So why have we so rarely been able to achieve it In *A Political History of the World* Jonathan Holslag has produced a sweeping history of the world from the Iron Age to the present that investigates the causes of conflict between empires nations and peoples and the attempts at diplomacy and cosmopolitanism A birds eye view of three thousand years of history the book illuminates the forces shaping world politics from Ancient Egypt to the Han Dynasty the Pax Romana to the rise of Islam the Peace of Westphalia to the creation of the United Nations This truly global approach enables Holslag to search for patterns across different eras and regions and explore larger questions about war diplomacy and power Has trade fostered peace What are the limits of diplomacy How does environmental change affect stability Is war a universal sin of power At a time when the threat of nuclear war looms again this is a much needed history intended for students of international politics and anyone looking for a background on current events
