Magic And The Millennium:

Magic and the Millennium Bryan R. Wilson, 1973 Thirty nine folktales from the Tartar region of Russia *Magic and the Millennium* Bryan R. Wilson, 1975 *Jesus and Magic* Richard A. Horsley, 2014-10-27 It has become standard in modern interpretation to say that Jesus performed miracles and even mainline scholarly interpreters classify Jesus's healings and exorcisms as miracles Some highly regarded scholars have argued more provocatively that the healings and exorcisms were magic and that Jesus was a magician As Richard Horsley points out if we make a critical comparison between modern interpretation of Jesus's healing and exorcism on the one hand and the Gospel stories and other ancient texts on the other hand it becomes clear that the miracle and magic are modern concepts products of Enlightenment thinking Jesus and Magic asserts that Gospel stories do not have the concepts of miracle and magic What scholars constructed as magic turns out to have been ritual practices such as songs incantations medicines potions and appeals to higher powers for protection Horsley offers a critical reading of the healing and exorcism episodes in the Gospel stories This reading reveals a dynamic relationship between Jesus the healer the trust of those coming for healing and their support networks in local communities Horsley's reading of the Gospel stories gives little or no indication of divine intervention Rather the healing and exorcism stories portray healings and exorcisms New Millennium Magick Donald Tyson, 1996 By using the universal principles outlined you can tailor a system of magic to your own background and beliefs The book clarifies the many questions that confront the budding magician in a completely modern way while maintaining traditional and time honored symbolism and formulae Originally published under the title *The New Magus* in 1987 this new edition contains a wealth of material not included in the original Witchcraft and Magic in Europe, Volume 1 Frederick H. Cryer, Marie-Louise Thomsen, 2001-12-13 This volume chronologically the first in the six volume series deals with the societies of the ancient Near East
