White Men's Magic Vincent L. Wimbush, 2014 Characterizing Olaudah Equiano's eighteenth century narrative of his life as a type of scriptural story that connects the Bible with identity formation Vincent L Wimbush's *White Men's Magic* probes not only how the Bible and its reading played a crucial role in the first colonial contacts between black and white persons in the North Atlantic but also the process and meaning of what he terms scripturalization By this term Wimbush means a social psychological political discursive structure or semiosphere that creates a reality and organizes a society in terms of relations and communications Because it is based on the particularities of Equiano's narrative Wimbush's theoretical work is not only grounded but inductive and shows that scripturalization is bigger than either the historical or the literary Equiano Scripturalization was not invented by Equiano he says but it is not quite the same after Equiano

Ruth and Tobias Emma Claude, 2001-11-15 Peru the 90's a historical romance from U S and native points of view In settings travelers will recognize as authentic Ruth and Tobias is traditional in having romantic and terrorist episodes newly traditional After a U S senator is kidnaped and his sons receive death threats Tobias the senator's oldest son travels in disguise to South America In a hostel in Arequipa Peru a Milquetoast compatriot amateur historian and expert botanist takes a prying interest in Tobias as he attempts to pass himself off as an archaeologist the first of a series of unexpected meetings for Tobias as he struggles to maintain his disguise This historical romance features interrelations among characters distinguished by the verve with which Peruvians live their lives and by the professionalism that earmarks the characters from the U S The interplay among the Peruvian and the U S characters seems like comic opera except for the consequences Zrate an archaeologist trained in Moscow and a professor at the state university at Arequipa exercises his anti Americanism against the masquerading Tobias Tobias is helped by Ruth an anthropologist writing a thesis on fetishes In turn Ruth is helped by Joyce a mestizo secretary And so on Ruth and Tobias features the voices the perspectives the expectations of a spectrum of personalities from strikingly dissimilar material circumstances and ethnic origins In addition to Zrate and Joyce the Peruvian characters include a hostel manager a housewife a vamp a hacienda owner university students ranging from highland native to urban opportunist a handful of teenage terrorists and an Andean dog In addition to Tobias and Ruth the North American characters include a musicologist a biologist and an archaeologist from a private and privileged college in the Middle West The interaction among north and

south Americans and among male and female reflects worlds wildly dissimilar in experience and expectation Radical adjustments to sudden changes in circumstance are imperative Neither Peruvians nor North Americans are free from sentiment and illusion Scenes in Ruth and Tobias include a river in flood a mudslide an archaeological expedition designed to test the mettle of someone hoping to pass himself off as what he is not a seduction a street demonstration an edenic retreat an effort at a purification rite **Association Men** ,1927 *Magic and Fetishism* Alfred C. Outline of History H. G. Wells,2013-12-06 This is the annotated edition including the rare biographical essay by Edwin E Slosson called H G Wells A Major Prophet Of His Time No book is provoking a more animated discussion among students of the social sciences at the present time than H G Wells Outline of History The author s task as he himself sets it is to tell truly and clearly in one continuous narrative the whole story of life and mankind so far as it is known today But while these two volumes are plainly for the general reader rather than for the special student of history it does not follow that they contain nothing beyond an endless parade of names and dates Their chief value indeed is in the author s interpretation of what he writes about Events are appraised and men are weighed in the balance as he goes along Historians in general will not agree with some of these appraisals nor will they credit Mr Wells with an approach to infallibility in his judgment of the men who flit across his pages but his estimates of the relative value of facts and forces can scarcely be brushed aside because they do not command general indorsement On some matters unhappily Mr Wells has allowed his iconoclastic proclivities to run away with him Napoleon I for example cannot be disposed of as a second grade pestilence because he killed fewer people than the influenza epidemic of 1918 II p 384 nor will the world believe so long as it retains its senses that Napoleon III was a much more intelligent man than his uncle II p 438 Even the pinchbeck himself would have rebuked this insinuation But when all is said these two stout volumes embody a remarkable achievement They contain astonishingly few historical inaccuracies of the customary type The author s advisers and a competent galaxy of scholars they are have kept him clear of the pitfalls The style is terse and forceful Mr Wells certainly has the gift of cogent exposition Magic and Religion Andrew Lang,2022-06-02 In *Magic and Religion* Andrew Lang presents a meticulous examination of the intricate relationships between magical practices and religious beliefs across various cultures Employing an anthropological lens Lang s scholarly critique delves into the psychological and social underpinnings of magic framing it as a precursor to organized religion His

literary style is characterized by a rich descriptive narrative that interweaves historical accounts folklore and comparative analysis allowing readers to grasp the profound impact of these practices on societal development and cultural identity Andrew Lang a distinguished Scottish folklorist and anthropologist was deeply influenced by the burgeoning fields of comparative mythology and ethnology during the late 19th century His extensive travels and diverse academic pursuits equipped him with a unique perspective on the universal themes present in human culture This background not only fueled his fascination with the interplay between magic and religion but also inspired him to articulate these connections in a way that was accessible to a broader audience thus making his work both enlightening and engaging *Magic and Religion* is a crucial read for scholars of anthropology religious studies and folklore enthusiasts alike Lang s work invites readers to ponder the complexities of human belief systems and their evolutionary trajectories offering a profound understanding of how magic and religion have shaped civilizations This book is essential for anyone seeking to explore the depths of human culture and the enduring significance of these intertwined phenomena

Male Witches in Early Modern Europe Lara Apps,Andrew Gow,2003-05-02 This book critiques historians assumptions about witch hunting as well as their explanations for this complex and perplexing phenomenon It shows that large numbers of men were accused of witchcraft in their own right in some regions more men were accused than women The authors insist on the centrality of gender tradition and ideas about witches in the construction of the witch as a dangerous figure They challenge the marginalization of male witches by feminist and other historians
