## **Magic Myth Movie:**

**Movie-Made America** Robert Sklar, 2012-10-31 Hailed as the definitive work upon its original publication in 1975 and now extensively revised and updated by the author this vastly absorbing and richly illustrated book examines film as an art form technological innovation big business and shaper of American values Ever since Edison's peep shows first captivated urban audiences film has had a revolutionary impact on American society transforming culture from the bottom up radically revising attitudes toward pleasure and sexuality and at the same time cementing the myth of the American dream No book has measured film's impact more clearly or comprehensively than *Movie Made America* This vastly readable and richly illustrated volume examines film as art form technological innovation big business and cultural bellwether It takes in stars from Douglas Fairbanks to Sly Stallone auteurs from D W Griffith to Martin Scorsese and Spike Lee and genres from the screwball comedy of the 1930s to the hard body movies of the 1980s to the independents films of the 1990s Combining panoramic sweep with detailed commentaries on hundreds of individual films *Movie Made America* is a must for any motion picture enthusiast

**Magical Suspension** James Combs, 2015-09-04 This book builds upon the author's extensive previous work on the movies adopting a more comprehensive and inquisitive stance for the study of moving pictures as a cultural movement and ludenic innovation It returns to earlier analysis and commentary on this new invention and recreation quickly termed the movies and develops the initial impression of both moviegoers and observers that the movies appealed because they were fun As such the book examines the characteristics that made films so enjoyable namely their use of magic presentation of myth and persistence of mnemonic recollection The enduring appeal of moving pictures remains consistent even though the medium has proliferated and diversified so much so that now a good portion of the human race spends a great deal of time looking at moving pictures The book is eclectic and exploratory designed to urge consideration of moving pictures in this larger perspective as something that has changed and perhaps enriched the lives of many people leaving inquirers the task of calculating the enormous significance and consequences of our motion picture experience for the conduct of our lives Such an effort is not without merit since it now seems quite clear that the whole world is watching

**Magic and Myth of the Movies** Parker Tyler, 1971-01-01      **The Power of Movies** Colin McGinn, 2007-02-13 How is watching a movie similar to dreaming What goes on in our minds when we become absorbed in a movie How does looking into a movie screen allow us to experience the thoughts and feelings of a movie's characters These and related questions are at the heart of *The Power of Movies* a thoughtful invigorating and remarkably accessible book about a phenomenon seemingly beyond reach of our understanding Colin McGinn an ingenious philosopher who thinks like a laser and writes like a dream according to Steven Pinker enhances our understanding of both movies and ourselves in this book of rare and refreshing insight

**Movies in the Age of Obama** David Garrett Izzo, 2014-08-26 The historic election of Barack Obama to the presidency of the United States had a significant impact on both America and the world at large By voting an African American into the highest office those who elected Obama did not necessarily look past race but rather didn t let race prevent them from casting their ballots in his favor In addition to reflecting the changing political climate Obama s presidency also spurred a cultural shift notably in music television and film In *Movies in the Age of Obama: The Era of Post Racial and Neo Racist Cinema* David Garrett Izzo presents a varied collection of essays that examine films produced since the 2008 election The contributors to these essays comment on a number of films in which race and otherness are pivotal elements In addition to discussing such films as *Beasts of the Southern Wild* *Black Dynamite* *The Blind Side* *The Butler* *Django Unchained* *The Help* and *Invictus* this collection also includes essays that probe racial elements in *The Great Gatsby* *The Hunger Games* and *The Mist* The volume concludes with several essays that examine the 2013 Academy Award winner for best picture *12 Years a Slave* Though Obama s election may have been the main impetus for a resurgence of black films this development is a bit more complicated Moviemakers have long responded to the changing times so it is inevitable that the Obama presidency would spark an increase in films that comment either subtly or overtly on the current cultural climate By looking at the issue these films address *Movies in the Age of Obama* will be of value to film scholars of course but also to those interested in other disciplines including history politics and cultural studies

**Bergman, Cinematic Philosopher** Irving Singer, 2009-09-18 The development of themes motifs and techniques in Bergman's films from the first intimations in the early work to the consummate resolutions in the final movies Known for their repeating motifs and signature tropes the films of Ingmar Bergman also contain extensive variation and development In these reflections on Bergman's artistry and thought Irving Singer discerns distinctive themes in Bergman's filmmaking from first intimations in the early work to consummate resolutions in the later movies Singer demonstrates that while Bergman's output is not philosophy on celluloid it attains an expressive and purely aesthetic truthfulness that can be considered philosophical in a broader sense Through analysis of both narrative and filmic effects Singer probes Bergman's mythmaking and his reliance upon the magic inherent in his cinematic techniques Singer traces throughout the evolution of Bergman's ideas about life and death and about the possibility of happiness and interpersonal love In the overtly self-referential films that he wrote or directed *The Best Intentions* *Fanny and Alexander* *Sunday's Children* as well as the less obviously autobiographical ones including *Wild Strawberries* *The Seventh Seal* and the triad that begins with *Through a Glass Darkly* Bergman investigates problems in his existence and frequently reverts to childhood memories In such movies as *Smiles of a Summer Night* *Scenes from a Marriage* and *Saraband* Bergman draws upon his mature experience and depicts the troubled relationships between men who are often weak and women who are made to suffer by the damaged men with whom they live In *Persona* *Cries and Whispers* and other works his experiments with the camera are uniquely masterful Inspecting the panorama of Bergman's art Singer shows how the endless search for human contact motivates the content of his films and reflects Bergman's profound perspective on the world **The Monomyth in American Science Fiction Films** Donald E. Palumbo, 2014-11-05 One of the great intellectual achievements of the 20th century Joseph Campbell's *The Hero with a Thousand Faces* is an elaborate articulation of the monomyth the narrative pattern underlying countless stories from the most ancient myths and legends to the films and television series of today The monomyth's fundamental storyline in

Campbell's words see the hero venture forth from the world of the common day into a region of supernatural wonder; fabulous forces are there encountered and a decisive victory is won; the hero comes back from this mysterious adventure with the power to bestow boons to his fellow men. Campbell asserted that the hero is each of us; thus the monomyth's endurance as a compelling plot structure. This study examines the monomyth in the context of Campbell's *The Hero* and discusses the use of this versatile narrative in 26 films and two television shows produced between 1960 and 2009, including the initial Star Wars trilogy (1977-1983), *The Time Machine* (1960), *Logan's Run* (1976), *Escape from New York* (1981), *Tron* (1982), *The Terminator* (1984), *The Matrix* (1999), the first 11 *Star Trek* films (1979-2009), and the Sci-Fi Channel's miniseries *Frank Herbert's Dune* (2000) and *Frank Herbert's Children of Dune* (2003).

**Deconstructing Reaganism** Douglas E. Forster, 2014-06-02. As in so many other areas of American society, the political legacy of Ronald Reagan had an imposing presence in many contemporary American films, particularly between 1980 and 2000. Six films, which collectively represent the spectrum of Reaganism's most popular tropes, demonstrate quite compellingly that in celebrating nostalgically the blissful pleasantries of family stability and social order so essential to Reagan's political philosophy, an unsettling and unsatisfying mythology has been created about a period in which many Americans were acutely aware that something was missing, even if

they could not pinpoint it at the time This leads the critical viewer to largely unacknowledged subtexts in all six films that begin to reveal the contradictions incoherencies and paradoxes rooted in popular Reaganesque portrayals Utilising a detailed qualitative case study methodology this book incorporates theoretical foundations that expand upon Fairclough's path breaking research on media discourse and Todorov's broadly articulated framework of fantasy in order to explore 1 Which elements of Fairclough's framework for critical discourse analysis can be applied to explore the discursive structures within these American fantasy films 2 How far do the films follow Reaganist concepts of a new American society 3 How far do notions of the fantastic and postmodern concepts break with common patterns of Reaganism reflected in these films While many critics rightly cite the numerous elements in these films that appear to reinforce fundamental message points underlying Reaganism this study demonstrates how the films characters and plot lines also serve to reveal the inherent and irreconcilable incoherence of the sociopolitical and sociocultural tenets of Reaganism *Mythmaking across Boundaries*

Züleyha Çetiner-Öktem, 2016-04-26 This volume explores the dynamics of myths throughout time and space along with the mythmaking processes in various cultures literatures and languages in a wide range of fields ranging from cultural studies to the history of art The papers brought together here are motivated by two basic questions How are myths made in diverse cultures and literatures And do all different cultures have different myths to be told in their artistic pursuits To examine these questions the book offers a wide array of articles by contributors from various cultures which focus on theory history space place philosophy literature language gender and storytelling *Mythmaking across Boundaries* not only brings together classical myths but also contemporary constructions and reconstructions through different cultural perspectives by transcending boundaries Using a wide spectrum of perspectives this volume instead of emphasising the different modes of the mythmaking process connects numerous perceptions of mythmaking and investigates diversities among cultures languages and literatures viewing them as a unified whole As the essays reflect on both academic and popular texts the book will be useful to scholars and students as well as the general reader **Spring**, 1946 *Mythological Swords* Rocky Pendergrass, 2015-06-22 *Mythological Swords* provides a collection of curated articles detailing mythological swords
