Magic Of Living:

Living Your Magic Robert Anthony, 2019-09-03 *Living Your Magic* lays out how life when people really look at it is like a magic trick A magic trick works because of illusion and misdirection And with all sorts of tricks of the mind human thinking and perception works just like a magic trick When people don't understand how the trick is done they get fooled every time In *Living Your Magic* Dr Robert Anthony teaches readers how to look at their life before the trick or the illusions happens and how to never be fooled again Rather than following the same flawed premise behind almost every self help therapeutic or personal development methodology that projects people having a separate self that needs fixing *Living Your Magic* sees that self as an illusion The problem is that most people don't recognize it as an illusion and believe they must change or improve their self before they can be happy and live a magical life Dr Anthony reveals that everyone has an Inner Creative Genius that allows them to live a magical life if people would only learn to trust it and get out of their own way In that way life becomes easier by giving people less to think about less to remember and less to do so they can truly enjoy their mind and enjoy their life

Paul Daniels - My Magic Life: The Autobiography Paul Daniels, 2016-03-31 PAUL DANIELS 1938 2016 In his day Paul Daniels was the most famous magician in the world His feats of illusion earned him the highest honours the magic world could award and his astonishing talent earned him a worldwide recognition and admiration that will long outlive him Behind the guise of the master magician the consummate showman lay a man of great intellect wit and humour But his dazzling career sometimes belied a private life that had more than its share of ups and downs from his grim experiences in the army through to the pain and heartbreak of a broken marriage In this his only autobiography he spoke for the first time about his incredible life and career Although he was a master illusionist there are no illusions here among the revelations of the happiness and sadness that filled his life Among much else the book speaks honestly about his relationship with his oldest son and of the new life Paul made with Debbie McGee his glamorous on stage assistant And then of course there was the magic Whether he was making elephants disappear or performing card tricks with timeless professionalism his repertoire was extraordinary Perhaps surprisingly his book reveals the secrets behind some of his most famous and entertaining performances although he kept plenty up his sleeve secrets that we shall now perhaps never know Paul Daniels *My Magic Life* is a book to entertain readers certainly More than that however it will both move and

intrigue them as it reveals the secret life of a much loved entertainer who was in every sense a magician to the end **After the Magic. Life is a Story - story.one** Puck Kutmon,2024-08-26 A run through a forest to get away from everything a misstep into a ring of daisies and a fall through an arched tree and suddenly everything seems inconsequential when compared to a crown offered and a war for a throne But what happens when you stumble back What happens when the memories of barely two decades from before you found your family slam back into your mind when your body honed from battle is reduced back to that of a child on the cusp of adulthood And what happens when you feel like you cant adjust again
