The Rise of Magic in Early Medieval Europe Valerie Irene Jane Flint, 2020-03-31 There are forces better recognized as belonging to human society than repressed or left to waste away or growl about upon its fringes So writes Valerie Flint in this powerful work on magic in early medieval Europe Flint shows how many of the more discerning leaders of the early medieval Church decided to promote non Christian practices originally condemned as magical rather than repressing them or leaving them to waste away or growl These wise leaders actively and enthusiastically incorporated specific kinds of magic into the dominant culture not only to appease the contemporary non Christian opposition but also to enhance Christianity itself

The Magic of Meditation Marie-Christine

Champeaux-Cunin, Dominique Butet, 2018-07-03 A simple but complete mindfulness meditation program for children ages 3 7 and their parents designed to encourage kindness and empathy More and more children are experiencing the benefits of mindfulness practices at home and in school to reduce stress regulate emotions and improve concentration But true mindfulness practice also opens the heart and increases compassion and empathy The Magic of Meditation is really two books in one a guide for parents to the basics and benefits of meditation for children and a concise practice program of mindfulness meditation for children ages three to seven The program includes stories bedtime rituals and an audio download featuring Yupsi a magical dragon Yupsi s boundless optimism and good nature will inspire children to feel confidence in their emotions and help them develop natural kindness and altruism *Bandol Wine and the Magic of Mourvèdre* Andrew James, 2023-05-25 Bandol is more than just an idyllic tourist town on the French Riviera It is a French wine appellation and the only one where the Mourvèdre grape is dominant Andrew James spent two years in Bandol studying this magical grape visiting cellars and interviewing winemakers He tells the stories of celebrity residents from D H Lawrence to Katherine Mansfield pristine beaches peacocks in the vineyards post harvest parties and 20 year old bottles of ros More than 50 wine producers big and small are introduced with detailed tasting notes and reports on how the wines are made The author s 25 favourite bottles from Bandol are also presented with photographs and food pairing recommendations *On malevolent bewitchments and venomous magic* Eliphas Levi, Helena Petrovna Blavatsky, Paracelsus, 2022-07-07 Bewitchment whether voluntary or involuntary physical or moral is a homicide and the more infamous because it eludes self defence by the victim and punishment by law Moral maladies are far more contagious than physical Some triumphs of infatuation are comparable to leprosy or cholera Bewitchment by means of currents is exceedingly common morally as well as physically most of us are carried away by the crowd Absolute hatred unleavened by rejected passion or personal cupidity is a death sentence for its object Black magic is a graduated combination of sacrileges and murders designed for the perversion of the human will It is the religion of the devil the cultus of darkness and the hatred of good carried to the height of paroxysm Not only do the wicked torment the good but the good torture the wicked unconsciously We may die through love as well as through hate for there are absorbing passions under the breath of which we feel depleted like the spouses of vampires Antipathy is the presentiment of a possible bewitchment either of love or hatred for we find love frequently succeeding repulsion Instantaneous sympathies and electric infatuations are explosions of the astral light which is akin to the discharge of strong magnetic batteries Bewitchment by a will persistently confirmed in ill doing cannot be pulled back without risk of death The spell may be staved off by substitution or deflection of the astral current But the sorcerer who releases a spell must have another object for his malevolence or he himself will perish by his own spell because every poisoned magnetic emission that cannot reach its target will return with force to its point of departure Virtue is one of the elixirs of long life and well being While vice is hid by hypocrisy virtue is suspected to be hypocrisy Sorcery whether by spells or love potions is venomous

magic We write not to instruct but to warn Sorcerers are often poor country folks repulsed by all and therefore afflicted by enduring bitterness The fear which they inspired was their consolation and their revenge Magical emblems and characters engraved on amulets and talismans are relics of old religious rites the meaning of which is no longer understood Only harmlessness and brotherhood in thought and deed coupled with non resistance to evil can shield us from evil Real protection comes from personal merit and virtue not from talismans Nought is permitted to the virtuous man Love above all in a woman is a veritable hallucination for want of a prudent motive it will frequently select an absurd one Cyanide when not lethal will enfeeble the mind already poisoned by an evil will Stay clear of bitter almonds as well as the kernels of apricot peach and cherry almond flavour extracts such as Amaretto almond milk soaps and perfumes Datura stramonium and other hallucinogens Tobacco by smoking or otherwise is a dangerous and stupefying philtre and brain poison Nicotine is not less deadly than cyanide Moreover the latter is present in tobacco in larger quantities than in bitter almonds But the most terrific of all philtres is the exaltation of misdirected devotion By fuelling the imagination excessive fear becomes a self fulfilling prophecy Goodness is much stronger than evil Rise then above childish fears and dumb desires Stamp out evil influence by controlling unbridled imagination and fanciful speculation Believe in supreme wisdom for true wisdom cannot ensnare your intelligence Poisons can may make you ill but never immoral Weakness sympathises with vice because vice itself is a weakness that assumes the mask of strength Madness holds reason in horror and delights in the exaggerations of falsehood Every human being whether magus or not should oppose violence by mildness chastise evil by good cruelty by tenderness There can be nothing more dangerous than to make magic a pastime or part of an evening s entertainment Magnetic experiments performed under such conditions can only exhaust the subjects mislead opinions and defeat science The milder and calmer you are the more effective will be your anger the more energetic you are the more precious will be your forbearance the more skilful you are the better will you profit by your intelligence and even by your virtues the more indifferent you are the more easily will you make yourself loved Excessive love produces antipathy blind hate counteracts and scourges itself vanity leads to abasement and the most cruel humiliations Remember that the magus is sovereign and a sovereign never avenges because he has the right to punish in the exercise of this right he performs his duty and is implacable as justice The way to see clearly is not to be always looking and he who spends his whole life upon a single object will not attain it Ceremonies are methods to create a habit of will however redundant when the habit is firmly established We will now expose and stigmatise some of the most abhorrent acts What sorcerers seek above all in their evocations of the impure spirit is that magnetic power which is the possession of the true adept so that they can shamefully abuse it Providence seems to scorn those who despise the martyrs and to slay those who would deprive them of life The terrible menace of hell inflicted by Christianity upon its flock has created more nightmares more nameless diseases more furious madness than all vices and excesses combined That is what the Hermetic artists of the middle ages represented by the

incredible and unheard of monsters which they carved at the doors of basilicas Moral equilibrium rests upon the immutable distinction between true and false good and bad one must place himself by his works in the empire of truth and goodness or relapse eternally like the rock of Sisyphus into a pandemonium of falsehood and evil Wash carefully your clothes before giving them away In times of epidemic the terror struck are the first to be attacked The secret of not fearing evil is to ignore it altogether The wise men have scarcely any sorceries to fear save those of fortune but when called upon to advise they must persuade the bewitched to do some act of goodness to his bewitcher to render him some service which he cannot refuse and lead him to the communion of salt The chemist imitates nature the alchemist surpasses nature herself Chemistry decomposes and recombines material substances it purifies simple substances of foreign elements but leaves the primitive elements unchanged Alchemy changes the character of things and raises them up into higher states of existence As all the powers of the universe are potentially contained in us our body and its organs are the representatives of the powers of nature and a constellation of the same powers that formed the stars in the sky *Narratives of Sorcery and Magic* Thomas Wright, 1851

Narratives of Sorcery and Magic, from the most authentic sources Thomas Wright, 1851 **Love Magic and Control in Premodern Iberian Literature** Veronica Menaldi, 2021-07-29 This book explores the complexity of Iberian identity and multicultural multi religious interactions in the Peninsula through the lens of spells talismans and imaginative fiction in medieval and early modern Iberia Focusing particularly on love magic which manipulates objects celestial spheres and demonic conjurings to facilitate sexual encounters Menaldi examines how practitioners and victims of such magic as represented in major works produced in Castile Magic and love magic in particular is an exchange of knowledge a claim to power and a deviation from or subversion of the licit practices permitted by authoritative decrees As such magic serves as a metaphorical tool for understanding the complex relationships of the Christian with the non Christian In seeking to understand and incorporate hidden secrets that presumably reveal how one can manipulate their environment occult knowledge became one of the funnels through which cultures and practices mixed and adapted throughout the centuries

Religion, Magic, and Science in Early Modern Europe and America Allison P. Coudert, 2011-10-17 This fascinating study looks at how the seemingly incompatible forces of science magic and religion came together in the 15th 16th and 17th centuries to form the foundations of modern culture As Religion Magic and Science in Early Modern Europe and America makes clear the early modern period was one of stark contrasts witch burnings and the brilliant mathematical physics of Isaac Newton John Locke s plea for tolerance and the palpable lack of it the richness of intellectual and artistic life and the poverty of material existence for all but a tiny percentage of the population Yet for all the poverty insecurity and superstition the period produced a stunning galaxy of writers artists philosophers and scientists This book looks at the conditions that fomented the emergence of such outstanding talent innovation and invention in the period 1450 to 1800 It examines the interaction between religion magic and science during that time the impossibility of clearly differentiating between the three
