Magic Valley The Story Of The Hollywood:

Magic Valley John Orlando Northcutt, 1997 Musical Metropolis K. Marcus, 2004-12-16 Decentralization and diversity characterized much of the performance of art music in Los Angeles Decentralization defined the city's growth since the late nineteenth century and because the central city did not dominate music culture as in the East and Midwest a greater diversification of music emerged in the communities of Greater Los Angeles Performers and audiences included Latinos Euro Americans Asian Americans and African Americans but the notion of diversity goes beyond ethnicity it also includes media diversity the presentation of music through a variety of media recording radio film media strongly influenced music performance in the city as it grew into the epicenter of entertainment in America **The Dream Endures** Kevin Starr, 2002-11-28 What we now call the good life first appeared in California during the 1930s Motels home trailers drive ins barbecues beach life and surfing sports from polo and tennis and golf to mountain climbing and skiing sportswear a word coined at the time and sun suits were all a part of the good life perhaps California's most distinctive influence of the 1930s In *The Dream Endures* Kevin Starr shows how the good life prospered in California in pursuits such as film fiction leisure and architecture and helped to define American culture and society then and for years to come Starr previously chronicled how Californians absorbed the thousand natural shocks of the Great Depression unemployment strikes Communist agitation reactionary conspiracies in *Endangered Dreams* the fourth volume of his classic history of California In *The Dream Endures* Starr reveals the other side of the picture examining the newly important places where the good life flourished like Los Angeles where Hollywood lived Palm Springs where Hollywood vacationed San Diego where the Navy went the California Institute of Technology in Pasadena where Einstein went and changed his view of the universe and college towns like Berkeley We read about the rich urban life of San Francisco and Los Angeles and in newly important communities like Carmel and San Simeon the home of William Randolph Hearst where each Thursday afternoon automobiles packed with Hollywood celebrities would arrive from Southern California for the long weekend at Hearst Castle The 1930s were the heyday of the Hollywood studios and Starr brilliantly captures Hollywood films and the society that surrounded the studios Starr offers an astute discussion of the European refugees who arrived in Hollywood during the period prominent European film actors and artists and the creative refugees who were drawn to Hollywood and Southern California in these years Igor Stravinsky Arnold Schoenberg Man Ray Bertolt Brecht Christopher Isherwood Aldous Huxley Thomas Mann and Franz Werfel Starr gives a fascinating account of how many of them attempted to recreate their European world in California and how others like Samuel Goldwyn provided stories and dreams for their adopted nation Starr reserves his greatest attention and most memorable writing for San Francisco For Starr despite the city's beauty and commercial importance San Francisco's most important achievement was the sense of well being it conferred on its citizens It was a city that magically belonged to everyone Whether discussing photographers like Edward Weston and Ansel Adams hard boiled fiction writers or the new

breed of female star Marlene Dietrich Jean Harlow Bette Davis Carole Lombard and the improbable Mae West *The Dream Endures* is a brilliant social and cultural history in many ways the most far reaching and important of Starr's California books

Material Dreams Kevin Starr, 1990 In *Material Dreams* Starr turns to one of the most vibrant decades in the Golden State's history the 1920s when some two million Americans migrated to California the vast majority settling in or around Los Angeles Although he treats readers to intriguing side trips to Santa Barbara and Pasadena Starr focuses here mainly on Los Angeles revealing how this major city arose almost defiantly on a site lacking many of the advantages required for urban development creating itself out of sheer will the Great Gatsby of American cities He describes how William Ellsworth Smyth the Peter the Hermit of the Irrigation Crusade propounded the importance of water in Southern California's future and how such figures as the self educated Irish engineer William Mulholland who built the main aqueducts to Los Angeles and George Chaffey who diverted the Colorado River transforming desert into the lush Imperial Valley brought life supporting water to the arid South He examines the discovery of oil Yes it's oil oil oil that makes LA boil went the official drinking song of the Uplifters Club the boosters and land developers the evangelists such as Bob Shuler the Methodist Savanarola of Los Angeles and Aimee Semple McPherson and countless other colorful figures of the period There are also fascinating sections on the city's architecture such as the remarkably innovative Bradbury Building and its eccentric neophyte designer George Wyman the impact of the automobile on city planning the great antiquarian book collections the Hollywood film community and much more By the end of the decade Los Angeles had tripled in population and become the fifth largest city in the nation In *Material Dreams* Kevin Starr captures this explosive growth in a narrative tour de force that combines wide ranging scholarship with captivating prose

The Torchbearers Karen J. Blair, 1994-02-22 Blair's meticulous research has produced a complex work that is both encyclopedic and lively *The Journal of American History* With its valuable bibliography this book should be an essential purchase for most libraries Choice With its detailed examination of both local and national organizations this volume is a valuable addition both to the growing literature on women's associations and to the development of nonprofit enterprise in the arts ARNOVA News Blair's insistence on the significance of her subject and her skillfully researched treatment of it is welcome and useful *American Historical Review* Readers interested in women's history American cultural history and popular culture should all enjoy this book *Illinois Historical Journal* An indispensable overview of women's cultural activities in promoting and popularizing a wide variety of cultural enterprises from music to artists colonies Kathleen D McCarthy The women's arts clubs that flourished during the Progressive Era were more than havens for artistic dilettantes As advocacy groups they effectively promoted universal access to the fine arts leaving a vital legacy of cultural programs and institutions

Making Music in Los Angeles Catherine Parsons Smith, 2007-10-16 A social history of music in Los Angeles from the 1880s to 1940 this title ventures into an often neglected period to discover that during America's Progressive Era LA was a centre for making music long before it became a major metropolis
