## **Magistrates Tale:**

*The Magistrate's Tale* Trevor Grove, 2012-08-07 When Trevor Grove was called up for Jury service he became so intrigued with the justice system that he wrote a successful book about it *The Jurymans Tale* Now he s joined the magistracy and gives a fascinating funny and insightful account of just how the magistracy works at a time of great change Lay magistrates deal with more than 95 per cent of all criminal cases in England and Wales yet they are all volunteers drawn from local communities with no legal training or special qualifications and are not paid a penny for what they do Astonishingly little is known about what it is like to serve as a magistrate Each year 5 000 people apply to become magistrates only 25 per cent are successful This book is the first for many years to shed light on the experience Interweaving his own personal experience of becoming a magistrate in north London with general observations relevant interviews and a little history Trevor Grove takes us on a fascinating journey into this extraordinary and unique institution He has visited courts all over the country to talk to magistrates and observe how crimes and criminals differ from region to region and how the benches dealing with them differ too He has visited jails and Young Offenders Institutions and he has interviewed all of the principal players from the Lord Chief Justice and Home Secretary to more integral characters such as justices clerks ushers probation officers local police and offenders His journey uncovers a remarkable act of national faith in the good sense of ordinary people which says a great deal more about the strength and health of our democracy than is sufficiently appreciated *Tales of Magistrate Bao and His Valiant Lieutenants* , 1998-01-15 Murder Mystery and Courtroom Drama Chinese Style Sanxia wuyi later revised and called Qixia wuyi is a semi historical narrative of adventure crime detection and courtroom drama It revolves around the famed Song dynasty magistrate Bao Zheng 999 1072 who is more commonly known as Magistrate Bao Bao Gong and is the quintessential incorruptible government official This novel derived from the oral narrative attributed to the Qing storyteller Shi Yukun fl 1870s was first published in 1879 after undergoing a complex and fascinating textual evolution The non historical component of narrative which represents the creative genius of the storyteller and his tradition revolves around a group of compelling heroes and gallants foremost among them are Zhan Zhao Hero Par Excellence Jiang Ping Diplomat Supreme and Unparalleled Underwater Genius Ai Hu Youngest of the Tried and True and the beloved Bai Yutang Gallant of Incomparable Elegance and Passion **Myths and Legends from Korea** James H. **Patient Tales** Carol Berkenkotter, 2022-10-10 A look into communicating psychiatric patient histories from the asylum years to the clinics of today In this engrossing study of tales of mental illness Carol Berkenkotter examines the evolving role of case history narratives in the growth of psychiatry as a medical profession Patient Tales follows the development of psychiatric case histories from their origins at Edinburgh Medical School and the Royal Edinburgh Infirmary in the mid eighteenth century to the medical records of contemporary American mental health clinics Spanning two centuries and several disciplines Berkenkotter's investigation illustrates how discursive changes in this genre mirrored evolving assumptions and epistemological commitments among those who cared for the mentally ill During the asylum era case histories were a means by which practitioners organized and disseminated local knowledge through professional societies affiliations and journals The way in which these histories were recorded was subsequently codified giving rise to a genre In her thorough reading of Sigmund Freud's *Fragment of an Analysis of a Case of Hysteria* Berkenkotter shows how this account of Freud's famous patient Dora led to technical innovation in the genre through the incorporation of literary devices In the volume's final section Berkenkotter carries the discussion forward to the present in her examination of the turn from psychoanalysis to a research based and medically oriented classification system now utilized by the American Psychiatric
