Yet few currents have been so under-researched and the Brill Handbook of the Theosophical Current thus represents pioneering research. A first section surveys the main people and events involved in the Theosophical Society from its inception to today and outlines the Theosophical worldview. A second substantial section covers most significant religions to emerge in the wake of the Theosophical Society: Anthroposophy, the Point Loma community, the I AM religious activity, the Summit Lighthouse Movement, the New Age theosophical UFO religions and numerous others. Finally, the interaction of the Theosophical current with contemporary culture including gender relations, art, popular fiction, historiography and science are discussed at length.

Shining the Light I Robert Shapiro, Tom Dongo, 1994-01-01. The most significant events in Earth's history are happening in secret. Despite official denial and tactics of derision, inquiring minds are demanding the truth. This truth is stranger than all the fictions about ETs, alien bases and the secret government. This courageous book shines the light to expose truths that will change forever how we view our lives on this planet. It asks the reader to join in the investigations, ask the questions and think the unthinkable. Explore the truth about the controllers of Earth and their alien allies. Discover the updated news about what is happening on the third dimension and what it really means from the higher dimensions perspective. The revelations are shocking and enlightening. A crashed UFO leads to information on The secret government's time travel spacecraft. Renegade ETs mining on the Moon. The U.S. peace avatar president. Ancient Pleiadian warships. The prime directive now. Underground alien bases and populations. And many more startling facts. The battle in the heavens has begun. Become aware of the truth and don't get lost in the drama. Be the light that you are and you will be forever free. **How to Be Financially**
