Daniel J. Mahoney
& Brian C. Anderson

Main Currents In Sociological Thought Durkheim Pareto And Weber

Raymond Aron

Main Currents In Sociological Thought Durkheim Pareto And Weber:

Main Currents in Sociological Thought Raymond Aron, 1999 In this second volume of Main Currents of Sociological Thought Raymond Aron continues the analysis begun in the first volume of the great doctrines of historical sociology Aron explores the work of three figures who profoundly shaped sociology as it entered the twentieth century Emile Durkheim the great French theorist of consensus who continued Auguste Comte's quest for a science of society and a scientific validation of morality Vilfredo Pareto the Italian neo Machiavellian who mocked traditional morality and humanitarian pretensions and emphasized the oligarchic or elitist character of all societies and the German sociologist Max Weber who reflected continuously on the relationship between science and action filled with deep foreboding about the prospects for human freedom in an age marked by bureaucratization and rationalization Aron presents rich portraits of these three thinkers drawing from them what remains of enduring worth even as he distances himself from Durkheim's project for a science of society Pareto's exaggerated critique of humanitarianism and Weber's tragic pessimism Aron's book is essential for clarifying his profound indebtedness to and crucial divergences from the thought of Max Weber the sociologist par excellence in Aron's view Together with volume 1 which treats the work of Montesquieu Comte Marx and Tocqueville it forms the definitive survey of the great social thinkers to date Yet as Daniel J Mahoney and Brian C Anderson explain in their introduction Main Currents is more than a survey it is above all a challenge to contemporary social science to retain the ambition of an older philosophically informed sociology to present an interpretation of modern society and to reflect on the meaning of universal history

Main Currents in Sociological Thought Raymond Aron, 2017 In this second volume of Main Currents of Sociological Thought Raymond Aron continues the analysis begun in the first volume of the great doctrines of historical sociology Aron explores the work of three figures who profoundly shaped sociology as it entered the twentieth century Emile Durkheim the great French theorist of consensus who continued Auguste Comte's quest for a science of society and a scientific validation of morality Vilfredo Pareto the Italian neo Machiavellian who mocked traditional morality and humanitarian pretensions and emphasized the oligarchic or elitist character of all societies and the German sociologist Max Weber who reflected continuously on the relationship between science and action filled with deep foreboding about the prospects for human freedom in an age marked by bureaucratization and rationalization Aron presents rich portraits of these three thinkers drawing from them what remains of enduring worth even as he distances himself from Durkheim's project for a science of society Pareto's exaggerated critique of humanitarianism and Weber's tragic pessimism Aron's book is essential for clarifying his profound indebtedness to and crucial divergences from the thought of Max Weber the sociologist par excellence in Aron's view Together with volume 1 which treats the work of Montesquieu Comte Marx and Tocqueville it forms the definitive survey of the great social thinkers to date Yet as Daniel J Mahoney and Brian C Anderson explain in their introduction Main Currents is more than a survey it is above all a challenge to contemporary social science to retain the

ambition of an older philosophically informed sociology to present an interpretation of modern society and to reflect on the meaning of universal history Provided by publisher

Main Currents in Sociological Thought: Volume 2 Raymond Aron, 2018-09-08 This is the second of Raymond Aron's classic two volume survey of the sociological tradition arguably the definitive work of its kind Aron explores the work of three figures who profoundly shaped sociology as it entered the twentieth century mile Durkheim who continued Auguste Comte's quest for a science of society and a scientific validation of morality Vilfredo Pareto the Italian neo Machiavellian who emphasized the oligarchic or elitist character of all societies and the German sociologist Max Weber who reflected critically on the prospects for human freedom in an age marked by bureaucratization and rationalization Aron presents rich portraits of these three thinkers drawing out the enduring insights that remain in their work At the same time he reflects critically on Durkheim's project for a science of society Pareto's critique of humanitarianism and Weber's tragic pessimism Above all the book is remarkable for demonstrating Aron's lifelong indebtedness to and divergence from the thought of Max Weber the sociologist par excellence in Aron's view This Routledge Classics edition includes an introduction by Daniel J Mahoney and Brian C Anderson

Main Currents in Sociological Thought Raymond Aron, 1990

Main Currents in Sociological Thought Raymond Aron, 1970

Main Currents in Sociological Thought, 1982

Main Currents in Sociological Thought Raymond Aron, 1998 This is the first of Raymond Aron's magisterial two volume treatment of the sociological tradition perhaps the definitive work of its kind The second volume treating Durkheim Pareto and Weber is scheduled to appear in spring 1998 More than a work of reconstruction Aron's study is at its deepest level an engagement with the question of modernity What constitutes the essence of the new modern order that having emerged in the eighteenth century still forms the categories of our experience sweeping us along toward an unknown destination With his usual scrupulous fairness Aron looks to the major social thinkers to discern how they answered this pressing question Volume 1 explores three traditions the French liberal school of political sociology represented by Montesquieu and Tocqueville the Comtean tradition anticipating Durkheim in its deemphasis of the political and its elevation of social unity and consensus and the Marxists who posited the struggle between classes and placed their faith in historical necessity A foreword by the eminent French philosopher Pierre Manent highlights Main Currents as a unique contribution to political philosophy as well as the history of sociological thought while Daniel J Mahoney and Brian C Anderson provide an introduction situating Main Currents within the corpus of Aron's work as a whole This work is essential reading for philosophers historians sociologists and political scientists

[Main Currents in Sociological Thought: Volume Two](#) Raymond Aron, 2025-05-06 The second volume of the landmark study examining the work of sociology's defining thinkers from the turn of the nineteenth century to the interwar period Main Currents in Sociological Thought remains a foundational synthesis in the field In this second and final volume of his classic survey Raymond Aron explores the work of three figures who profoundly shaped sociology as it entered the twentieth century Durkheim who continued Comte's quest

for a science of society and a scientific validation of morality Pareto the Italian neo Machiavellian who emphasized the elitist character of all societies and Weber the German sociologist who reflected critically on the prospects for human freedom in an age of disenchantment Bringing together penetrating intellectual portraits of these great thinkers and close readings of their most consequential texts Main Currents in Sociological Thought highlights the historical and intellectual context within which each man wrote and draws out their works enduring insights and influence in the field today Main Currents in Sociological Thought Raymond Aron,2018-11-14 Main Currents in Sociological Thought Raymond Aron,2017-07-12 This is the first of Raymond Aron s magisterial two volume treatment of the sociological tradition perhaps the definitive work of its kind The second volume treating Durkheim Pareto and Weber is scheduled to appear in spring 1998 More than a work of reconstruction Aron s study is at its deepest level an engagement with the question of modernity What constitutes the essence of the new modern order that having emerged in the eighteenth century still forms the categories of our experience sweeping us along toward an unknown destination With his usual scrupulous fairness Aron looks to the major social thinkers to discern how they answered this pressing question Volume 1 explores three traditions the French liberal school of political sociology represented by Montesquieu and Tocqueville the Comtean tradition anticipating Durkheim in its deemphasis of the political and its elevation of social unity and consensus and the Marxists who posited the struggle between classes and placed their faith in historical necessity A foreword by the eminent French philosopher Pierre Manent highlights Main Currents as a unique contribution to political philosophy as well as the history of sociological thought while Daniel J Mahoney and Brian C Anderson provide an introduction situating Main Currents within the corpus of Aron s work as a whole This work is essential reading for philosophers historians sociologists and political scientists *Vilfredo Pareto's Contributions to Modern Social Theory* Christopher Adair-Totef,2023-10-02 This volume seeks to restore Vilfredo Pareto to his rightful place in the history of social and economic thought bringing together studies by leading scholars to mark the centenary of his death in 1923 Assessing Pareto s many contributions to the social sciences and his unique integration of the disciplines of sociology politics and economics it addresses the relative neglect of Pareto s work and explores both his continuing relevance to social research and the influence of his thought on subsequent developments in sociology and social theory As such it will appeal to scholars across the social sciences with interests in the history of sociology and the importance of Pareto s thought

Sociological Thought M. Francis Abraham,John Henry Morgan,1989 Designed as a first line introductory text to the study of sociological thought this book is now considered a classic in the field and is a top seller in the Third World for university courses in sociological theory The perspective is cross cultural The main currents of sociological thought says the authors advanced by the founders and the later masters represent different times various cultural contexts and the many intellectual cross current representatives of each s time period Rigorously defined and not necessarily appropriately these early thoughts were merely ideas rather than soundly constructed theories for building blocks of theoretical development They provide

insights into and perspectives on the structure and functioning of social systems and the conceptual frameworks for their systematic analysis The history of sociology then is the history of social thought This volume provides a carefully constructed look into the emerging social thought of the twentieth century as reflected in the emerging discipline of sociology

Democracy in Moderation Paul Carrese, 2016-04-15 A rediscovery of Montesquieu's legacy in shaping America's complex political order including influence on Washington's practical moderation

European Traditions in the Study of Religion in Africa Ulrich Berner, Christoph Bochinger, 2004 This volume comprises case studies of five centuries of European encounters with and imaginations of Africa encompassing her triple religious heritage African Traditional Religions Christianity and Islam The introductory chapters outline the challenges and present overviews some of them also analyze the early accounts of European travelers and missionaries The following contributions examine the lasting legacy of the European Enlightenment in employing an ambivalent language of human equality and universalism while in actual fact consigning Africa to an inferior position It has been difficult for western scholars to divorce themselves wholly from the perceptions thus established However there have been quite different approaches This is indicated in the papers discussing the role and impact of influential European academics scholars of religion theologians historians and social scientists during the colonial and postcolonial period Other contributions examine specific institutional centers of African religious studies in Europe The concluding chapters critically assess European approaches and their use for the study of religion in Africa from an African perspective

Conflict, Peace, Security and Development Helen Hintjens, Dubravka Zarkov, 2014-08-13 Whilst classical approaches linked development with peace security has become central to understandings of both war and peacetime This book uniquely reflects on how to deal with the convergence of war and peace in the context of global economic and geo political development It addresses methodological challenges in contemporary approaches to conflict violence security peace and development Two dominant contemporary approaches are selected for debate on methodologies and ethical choices rational choice and identity based theorizing The chapters are arranged as dialogues around contending approaches to better understand how the interlocking fields of violent conflict peace development and security can be researched and understood The book considers how theoretical and methodological approaches relate to different ethical and political choices including around engagement and intervention in the four interwoven fields Theoretical methodological and ethical issues emerge from the critical reviews of academic discourses and case study based chapters from across the world including Sri Lanka Ghana Colombia and Rwanda This book is an invaluable resource for postgraduate students and researchers in Development Studies Conflict Studies Peace Studies and Security Studies

Nietzsche and Sociology Anas Karzai, 2019-04-18 Nietzsche and Sociology Prophet of Affirmation is about Friedrich Nietzsche's sociological reading of modern industrial society Nietzsche is often identified as a philosopher but his uniquely sociological theories and ideas have been disregarded and unacknowledged in the social sciences This work examines the reasons why Nietzsche has been

ignored in sociological literature despite the evidence that most classical and modern sociological thinkers have been profoundly influenced by him This book argues that the discipline of sociology would benefit by seriously considering the sociological elements in Nietzsche's prolific work as a way of reevaluating not only the tradition of sociology but also the sociology of tradition His major contributions on rethinking traditional sociological theories and concepts in terms of their moral origins make it impossible for the social sciences to continue overlooking Nietzsche as a critical sociological thinker His conception of non economic power has become progressively more salient Given the current juncture of humanity on the brink Nietzsche's affirmative philosophy of life is a breath of fresh air He remains an intellectual force to be reckoned with and may just be the remedy to our present civilizational malaise *French Intellectual Nobility* Niilo Kauppi, 1996-11-26

French thinkers like Roland Barthes Pierre Bourdieu A J Greimas Michel Foucault and Claude Levi Strauss created the structuralist and poststructuralist movements They succeeded Sartrean existentialism and formed a new aristocracy of culture *French Intellectual Nobility* is the first study to examine the conditions for the creation of these movements Through case studies in cultural history sociology semiology and literature the book discusses the processes that enabled the French intellectual nobility to reinvent itself By developing a historical and comparative approach Kauppi analyzes the challenges that an intellectual generation faced and he contributes to a context sensitive analysis of culture and power **Social**

Theory and Human Reality Pertti Alasuutari, 2004-09-23 This book gets to the heart of what the social sciences really know about the elusive and contradictory object of research human reality **Social Class and State Power** David M. Hart, Gary

Chartier, Ross Miller Kenyon, Roderick T. Long, 2017-11-29 This book explores the idea of social class in the liberal tradition It collects classical and contemporary texts illustrating and examining the liberal origins of class analysis often associated with Marxism but actually rooted in the work of liberal theorists Liberal class analysis emphasizes the constitutive connection between state power and class position *Social Class and State Power* documents the rich tradition of liberal class theory its rediscovery in the twentieth century and the possibilities it opens up for research in the new millennium **Japan and**

Germany under the U.S. Occupation Masako Shibata, 2005-09-20 Focusing on the post war reconstruction of the education systems in Japan and Germany under U S military occupation after World War II this book offers a comparative historical investigation of education reform policies in these two war ravaged and ideologically compromised countries While in Japan large scale reforms were undertaken swiftly after the end of the war the U S zone in Germany maintained most of the traditional aspects of the German education system Why did Japan so readily accept ideas and values developed in the allied countries while Germany resisted Masako Shibata explores this question arguing that the role of the university and the pattern of elite formation which can be traced back to the period of the formation of Meiji Japan and the Kaiserreich created the conditions for differing reactions from educational leaders in each country this had a decisive impact on the proposed reforms By examining these reactions through a sociological cultural and historical frame an explanation emerges Japan and

Germany under the U S Occupation will prove to be a valuable resource both to scholars of history and education reform

Getting the books **Main Currents In Sociological Thought Durkheim Pareto And Weber** now is not type of inspiring means. You could not isolated going once books hoard or library or borrowing from your connections to open them. This is an agreed simple means to specifically get lead by on-line.
