Dorman,2014-09-12 How to live in rural Maine How in the 1980s when descendants of Maine s settlers wonder about our coming out of the Rust Belt in search of work in search of a life They were not bitter about our coming here where jobs were already scarce they were incredulous Why did we come Sometimes I answered God God brought us the formerly middle class inept to live among these most hardy and canny of make do people God brought us to experience life in Maine where my spouse sometimes worked turning and trimming four thousand boards a night waking to drive one hundred

miles round trip to finish our undergraduate educations with the aid of loans and grants So I studied the place where we came to live And I forgot where we came from Rural Maine was ragged rugged hardscrabble and wild but full of the most visible vital natural creation I've tried to express that aspect of Maine life in *The Green and Blue House* And there is the metaphor also

Exploring Maine Through Project-Based Learning Carole Marsh, 2016-05-17 Exploring Maine through Project Based Learning includes 50 well thought out projects designed for grades 3-5 In assigning your students projects that dig into Maine's geography history government economy current events and famous people you will deepen their appreciation and understanding of Maine while simultaneously improving their analytical skills and ability to recognize patterns and big picture themes Project based learning today is much different than the craft heavy classroom activities popular in the past Inquiry planning research collaboration and analysis are key components of project based learning activities today However that doesn't mean creativity individual expression and fun are out They definitely aren't Each project is designed to help students gain important knowledge and skills that are derived from standards and key concepts at the heart of academic subject areas Students are asked to analyze and solve problems to gather and interpret data to develop and evaluate solutions to support their answers with evidence to think critically in a sustained way and to use their newfound knowledge to formulate new questions worthy of exploring While some projects are more complex and take longer than others they all are set up in the same structure Each begins with the central project driving questions proceeds through research and supportive questions has the student choose a presentation option and ends with a broader view inquiry Rubrics for reflection and assessments are included too This consistent framework will make it easier for you assign projects and for your students to follow along and consistently meet expectations Encourage your students to take charge of their projects as much as possible As a teacher you can act as a facilitator and guide The projects are structured such that students can often work through the process on their own or through cooperation with their classmates
