the past surrounds us In the woods and fields and along country roads the traces are everywhere if we know what to look for
and how to interpret what we see A patch of neglected daylilies marks a long abandoned homestead A grown over cellar hole
with nearby stumps and remnants of stone wall and orchard shows us where a farm has been reclaimed by forest And a piece
of a stone dam and wooden sluice mark the site of a long gone mill Although slumping back into the landscape these features
speak to us if we can hear them and they can guide us to ancestral homesteads and famous sites Lavishly illustrated with
drawings and color photos Provides the keys to interpret human artifacts in fields woods and roadsides and to reconstruct
the past from surviving clues Perfect to carry in a backpack or glove box A unique and valuable resource for road trips
