MAINGOT'S ABDOMINAL OPERATIONS

An anatomical illustration of a human torso from the waist up, showing a surgical incision in the abdominal wall. The incision is a large, horizontal, slightly curved cut. The skin is reflected back, revealing the underlying layers: the external oblique muscle, the internal oblique muscle, the transversus abdominis muscle, and the peritoneum. The peritoneum is shown as a yellowish, translucent layer. Inside the abdominal cavity, various organs are visible, including the liver, stomach, and intestines. The illustration is rendered in a realistic style with detailed shading and color.
