Communities for Global Children The World of Theatre Ian Herbert, Nicole Leclercq, 2000 The World of Theatre is an on the spot account of current theatre activity across six continents The year 2000 edition covers the three seasons from 1996 97 to 1998 99 in over sixty countries more than ever before The content of the book is as varied as the theatre scene it describes from magisterial round ups by leading critics in Europe Peter Hepple of The Stage and North America Jim O Quinn of American Theatre to what are sometimes literally war torn countries such as Iran or Sierra Leone **Chinese Television and National Identity Construction** Lauren Gorfinkel, 2017-11-03 This book examines music entertainment programmes on China Central Television China's only national level television network as well as on nationally available provincial channels exploring how such programmes project a nuanced image of China's identity and position in the world It shows how the images presented primarily to domestic audiences are in step with China's party state nationalism and at the same time flexible and open to change as China's circumstances change The book contextualises identity construction in the media by examining the development of television in China and the political struggles between provincial and national television stations as well as by foregrounding the historical and contemporary role of musical culture in China's nation building project It discusses the portrayal of the majority Han Chinese and of ethnic minorities and their music which the author argues are shown as fitting with the party state rhetoric of a unitary multi ethnic state It also outlines how the Chinese of Greater China Hong Kong Taiwan Macao and the overseas Chinese are incorporated into a mainland centred Chinese identity In addition it shows how the performances of foreign personalities on the Chinese television stage emphasise foreigners attraction to China the uniqueness of the Chinese nation and Chinese civilisation and the revitalised role of China in the world Overall the book demonstrates how the variations of Chinese identity fit with prevailing political ideologies in China and with the emerging theme of a China centred world **Innovative and Creative Industries in Hong Kong** Grace L K Leung, 2018-10-29 The experience of Hong Kong's innovative and creative industries and the challenges they face serves as an important case study for other Chinese and Asian cities that are actively developing their innovative and creative industries in the era of globalization The return of sovereignty over Hong Kong back to China in 1997 has led to both collaboration and competition between the two places in innovative and creative sectors for the Greater China and Asian Regions Hong Kong has remained unique in spite of the integration but she has to strike a delicate balance between being simultaneously a Chinese and an international city This book looks at different innovative and creative industries such as international art and culture exhibition innovative technology digital entertainment TV and movies as well as government policy for innovative and creative industries particularly the changing competitive landscape brought about by the latest Great Bay Area development Drawing insights from cultural history innovation economics cultural policy studies and cultural geography this book explores the opportunities and challenges of Hong Kong's innovative and creative industries in particular after the change of sovereignty in 1997 It demonstrates that the city's legacy and heavy government input in

capital do not guarantee their sustainable development This is a book not only for policymakers or academics interested in innovative and creative industries but also to students contemplating a career in these areas in Hong Kong the Greater China and the Asian Region **Denationalizing Identities** Wah Guan Lim,2024-07-15

Denationalizing Identities explores the relationship between performance and ideology in the global Sinosphere Wah Guan Lim s study of four important diasporic director playwrights Gao Xingjian Stan Lai Sheng chuan Danny Yung Ning Tsun and Kuo Pao Kun shows the impact of theater on ideas of Chineseness across China Taiwan Hong Kong and Singapore At the height of the Cold War the Bamboo Curtain divided the two Chinas across the Taiwan Strait Meanwhile Hong Kong prepared for its handover to the People s Republic of China and Singapore rethought Chinese education As geopolitical tensions imposed ethno nationalist identities across the region these four dramatists wove together local foreign and Chinese elements in their art challenging mainland China s narrative of an inevitable communist outcome By performing cultural identities alternative to the ones sanctioned by their own states they debunked notions of a unified Chineseness **Denationalizing Identities** highlights the key role theater and performance played in circulating people and ideas across the Chinese speaking world well before cross strait relations began to thaw *Game Theory: A Nontechnical Introduction To The Analysis Of Strategy (Fourth Edition)* Roger A

Mccain,2023-05-29 As with the previous editions this fourth edition relies on teaching by example and the Karplus Learning Cycle to convey the ideas of game theory in a way that is approachable intuitive and interdisciplinary Noncooperative equilibrium concepts such as Nash equilibrium mixed strategy equilibria and subgame perfect equilibrium are systematically introduced in the first half of the book Bayesian Nash equilibrium is briefly introduced The subsequent chapters discuss cooperative solutions with and without side payments rationalizable strategies and correlated equilibria and applications to elections social mechanism design and larger scale games New examples include panic buying supply chain shifts in the pandemic and global warming **Inscribing Jingju/Peking Opera** David Rolston,2021-08-09

Inscribing Jingju/Peking Opera What was the most influential mass medium in China before the internet Jingju Peking opera Although its actors were commonly thought to have been illiterate written and other inscribed versions of plays became more and more important and varied This book shows how increasing textualization and the resulting fixation of a performance tradition that once privileged improvisation changed the genre It traces from Jingju s birth in the 19th century to the present how texts were used for the production and consumption of this important performance genre and the changes in the concepts of authorship copyright and performance rights that took place during the process The state s desire to police what was performed is shown to have been a major factor in these changes The scope and coverage of the book is already unprecedented but it is also supplemented by an additional chapter on where the plays were performed who performed them and who went to see them available for download online *Memos from a Theatre Lab: Spaces, Relationships, and Immersive Theatre* Nandita Dinesh,2018-03-15

Memos from a Theatre Lab: Spaces, Relationships, and Immersive Theatre Drawing from Dinesh s findings in *Memos from a Theatre Lab Exploring What Immersive Theatre Does* this practice based research project second

in an envisioned series of Immersive Theatre experiments in Dinesh's theatre laboratory considers the potential impact of pre-existing relationships between actors, spectators and performance spaces when using immersive theatrical aesthetics toward educational and/or socio-political objectives. *Memos from a Theatre Lab: Spaces, Relationships and Immersive Theatre* explores the following questions: When audience members do not know the actors outside the milieu of a theatrical performance, does an immersive form hold different implications than if performers and spectators know each other in real life? When actors and spectators are strangers to each other, are performers more or less likely to judge the responses that are given to them within an immersive scenario? What kinds of immersive situations, especially in Applied Theatre interventions, might benefit from the presence or absence of a pre-existing relationship between performers, audience members and the spaces in which these experiences occur? In describing the processes involved in designing such an experiment, crafting the relevant immersive performances and gathering/analysing data from actors and spectators, this book puts forward strategies for students, researchers and practitioners who seek to better understand the form of Immersive Theatre.

A Synthesis of the Galápagos Guillermo Paz-y-Miño-C, Avelina Espinosa, 2024-03-08 There are hundreds of books and thousands of scientific articles about the Galápagos. This volume is distinctive. The authors Guillermo Paz y Miño C and Avelina Espinosa synthesize, integrate and conceptualize the most recent evolutionary biology research being conducted in the archipelago's terrestrial and aquatic environments, the conflicts resulting from human interactions with nature including local population growth and tourism practices in the context of short and long-term conservation efforts and make predictions about the destiny of the Galápagos' unique biodiversity and landscapes under various scenarios of climate change impacts, urbanization trends, diversification of tourism and conservation investments. Offering over 260 figures and diagrams, this work will appeal to a broad audience including professors in academia, college instructors, postdoctoral fellows, graduate students and research undergraduates. Another target audience is study abroad and international field trip instructors and their students who travel to the Galápagos year-round. Science writers and policymakers will find in this book useful information to discuss and debate about imminent environmental threats to afflict the Galápagos as a consequence of human population growth, tourism practices and climate change.

Significant Other Claire Conceison, 2004-08-31 Chinese views of the United States have shifted dramatically since the 1980s with changes in foreign relations, increased travel of Chinese citizens to the U.S. and wide circulation of American popular culture in China. *Significant Other* explores representations of Americans that emerged onstage in China between 1987 and 2002 and considers how they function as racial and cultural stereotypes, political strategy and artistic innovation. Based on fieldwork in Beijing and Shanghai, it offers a unique view of contemporary Mainland Chinese spoken drama from the perspective of a Western academic who is both a Chinese studies scholar and a theatre practitioner. Claire Conceison's close readings of recent plays take into account not only the texts of the plays themselves and other primary sources but also production contexts, creative origins, artistic collaboration and audience reception. Identifying the

American as China's significant Other Conceison introduces the complex cultural relationship between China and the United States situating it in both the long history of Sino Western relations and the present dynamics of post colonialism She then examines the emergent discourse of Occidentalism tracing its origins and recent circulation and repositioning it as a discursive strategy to analyze appearances of Americans on the Chinese stage Conceison maintains that Chinese staging of American characters often played by local actors made up and costumed as Americans and more recently played by foreigners themselves reveals cultural norms and attitudes regarding the United States reflects Sino American political relations articulates Chinese national and cultural identity and signifies innovation in spoken drama as an art form

Theatre Histories Phillip B.
