Komara, 2006 First published in 2004 Routledge is an imprint of Taylor Francis an informa company

**Living Blues** ,1995 *Chicago Tribune Index* ,2007 *Teaching Musics of the World* Margot Lieth Philipp, Andreas Gutzwiller, 1995 *Popular Music and the Underground* Chuck Mancuso, 1996 An interpretive history of America s pre rock popular commercial music spanning 1900 1950 The author examines both popular music stars who ruled the airwaves sold the most records and were featured in major motion pictures and performers in the musical underground jazz blues and country Chapters are arranged chronologically with biographies of important musicians and numerous photographs Contains a discography and videography as well as indexes of musical performers contributors and music titles Annotation copyrighted by Book News Inc Portland OR

## **How Britain Got the Blues: The Transmission and Reception of American Blues Style in the United Kingdom**

Dr Roberta Freund Schwartz, 2013-01-28 This book explores how and why the blues became a central component of English popular music in the 1960s It is commonly known that many British invasion rock bands were heavily influenced by Chicago and Delta blues styles But how exactly did Britain get the blues Blues records by African American artists were released in the United States in substantial numbers between 1920 and the late 1930s but were sold primarily to black consumers in large urban centres and the rural south How then in an era before globalization when multinational record releases were rare did English teenagers in the early 1960s encounter the music of Robert Johnson Blind Boy Fuller Memphis Minnie and Barbecue Bob Roberta Schwartz analyses the transmission of blues records to England from the first recordings to hit English shores to the end of the sixties How did the blues largely banned from the BBC until the mid 1960s become popular enough to create a demand for re released material by American artists When did the British blues subculture begin and how

did it develop Most significantly how did the music become a part of the popular consciousness and how did it change music and expectations The way that the blues and various blues styles were received by critics is a central concern of the book as their writings greatly affected which artists and recordings were distributed and reified particularly in the early years of the revival Hot cultural issues such as authenticity assimilation appropriation and cultural transgression were also part of the revival these topics and more were interrogated in music periodicals by critics and fans alike even as English musicians began incorporating elements of the blues into their common musical language The vinyl record itself under represented in previous studies plays a major part in the story of the blues in Britain Not only did recordings shape perceptions and listening habits but which artists were available at any given time also had an enormous impact on the British blues Schwartz maps the influences on British blues and blues rock performers and thereby illuminates the stylistic evolution of many genres of British popular music
