Zaloga,2022-05-12 Written by one of the world s leading experts on D Day Smashing Hitler s Guns is a ground breaking new history of the legendary Rangers attack on Pointe du Hoc The Ranger attack on the German gun batteries at Pointe du Hoc in the early morning hours of D Day is the stuff of legend The gun batteries were strategically positioned between the two American D Day landing beaches and were considered the main threat to the Operation Neptune landings In spite of the confusion and chaos of the June 6 1944 mission the Rangers succeeded in scaling the 100 foot cliffs but the guns were nowhere to be found Spreading out in all directions a Ranger team managed to find and spike the guns at their hidden location south of Pointe du Hoc For two days this small force fought off repeated German attacks until an American relief force finally arrived on 8 June by which time more than half the Rangers were casualties The heroic Ranger mission at Pointe du Hoc has indeed become a sacred legend and as a result there are many unexplored controversies This new book on this famous raid takes a fresh and comprehensive look at the attack on Pointe du Hoc examining the creation of the German gun battery the initial Allied intelligence assessments of the threat and the early plans to assault the site The forgotten Allied bombing attacks on Pointe du Hoc are detailed as well as the subsequent Allied intelligence investigations of the results While most accounts of Pointe du Hoc are based on the published US Army history the author has tracked down the long forgotten original unedited report in the archives that contains a number of curious changes from the better known and widely accepted version Little known interviews of the Rangers who took part in the mission also shed fresh light and a significant number of German records provide the enemy perspective of the battle for control of the guns **Allied Intelligence and the Cover Up at Pointe Du Hoc** Gary Sterne,2019-02-28 The first volume in a groundbreaking work of WWII history presents a startlingly different narrative of D Day based on newly released documents Though the historic importance of the Allied attack on the gun battery at Pointe du Hoc is well known historian Gary Sterne has uncovered striking new information about the events in recently released documents In a landmark work of World War II history Sterne presents a trenchant reassessment of the battle for Pointe du Hoc in a vivid two volume account that reveals the true mission of the 2nd and 5th U S Army Rangers This first volume looks at the critical months leading up to the Normandy invasion following the preparations of the Rangers from their arrival in England in 1943 Sterne examines the orders they received along with dozens of aerial reconnaissance photographs of Omaha Beach Pointe et Raz de la Perc e Pointe du Hoc and Maisy

as well as French Resistance reports Shown in chronological order and in their original format many of these documents are still marked TOP SECRET Together with the second volume *The Cover Up at Omaha Beach* this revelatory work will change the way historians view the Pointe du Hoc battle from now on *D-Day Cover Up at Pointe du Hoc* Gary Sterne,2019-03-30

Zaloga,2011-12-20 In the early hours of D Day 1944 a group from the US Army 2nd Rangers Battalion were sent on one of the legendary raids of World War II The mission was to scale the cliffs overlooking Omaha beach and assault the German coastal artillery at Pointe du Hoc It was thought that only a raid could ensure that the guns would remain silent during the D Day landings But allied intelligence was wrong After climbing the cliffs under aggressive German fire and securing the battery site the Rangers discovered that the guns themselves were no longer there It was only due to the heroic actions of the Rangers involved that the guns were located in firing positions facing Utah beach and destroyed before they could be used In the first of a brand new series for Osprey this act of audacious daring is brought to life complete with illustrated artwork maps and rare German accounts Taking a more critical look at the story Steven Zaloga analyses every detail from the intelligence failings to the boldness of the Rangers in the face of such odds **The**
