White, 2022-07-29 Tending the Fire at the Center of the World engages the central question of Christian formation that is what kind of knowing is most likely to awaken and sustain Christian faith This book seeks to reclaim aesthetics beauty and creativity as the church s most native theological way of knowing and being which participates with God s own glory and creativity This book traces the prominence of aesthetics up until the dawn of the Enlightenment including recent theologians who reclaim aesthetics for theology and formation The book elaborates the aims and techniques of aesthetic approaches to teaching and learning in the church Finally this book cautions against overly determined rationalisms and moralisms that do not retain a sense of wonder delight and openness in the church s teaching liturgy and proclamation In this view the church does not simply regurgitate familiar texts political tropes or flattened doctrines but breaks into the world as Christ s body a parable a song a flash mob interrupting business as usual giving new expression to acts of care repentance forgiveness joy and communion awake to the beauty of God s gifts and inviting our worship **The Apologetic Value of Human Holiness** Victoria S. Harrison, 2012-12-06 The Apologetic Value of Human Holiness begins by providing the first comprehensive account of the model of human holiness developed by the leading theologian Hans Urs von Balthasar In so doing the book also provides the first detailed explication of his Christocentric philosophical anthropology Part 2 argues that von Balthasar anticipates some key developments in late twentieth century Anglo American analytical philosophy and that certain of these developments in particular the internal realism of Hilary Putnam provide powerful support for von Balthasar s theological philosophy The final part elucidates von Balthasar s core intuition that human holiness is of immense apologetic value for religious faith and concludes with a new internalist theory of religious pluralism The Apologetic Value of Human Holiness will be seen as an important and original contribution to both Philosophy of Religion and Theology and is likely to prove essential reading in upper level undergraduate and postgraduate courses in both subjects **Before the Foundation of the World: Encountering the Trinity in Ephesians 1** Philip Krill, 2017-09-29 Inspired by the spiritual exegesis of the early church fathers and modeled on the revival of an imaginative and contemplative approach to Scripture developed by Adrienne von Speyr Hans Urs von Balthasar Joseph Ratzinger and Erasmo Leiva Merikakas BEFORE THE FOUNDATION OF THE WORLD takes a small portion of a single letter of St Paul and invites us to communion with Father Son and Holy Spirit through an extended exercise in lectio divina According to the ressourcement theological vision advocated by the authors above our
