Kant,2021-05-05 This book showcases cutting edge research papers from the 8th International Conference on Research into
Design ICoRD 2021 written by eminent researchers from across the world on design processes technologies methods and
tools and their impact on innovation for supporting design for a connected world The theme of ICoRD 21 has been Design for
Tomorrow The world as we know it in our times is increasingly becoming connected In this interconnected world design has
to address new challenges of merging the cyber and the physical the smart and the mundane the technology and the human
As a result there is an increasing need for strategizing and thinking about design for a better tomorrow The theme for ICoRD
21 serves as a provocation for the design community to think about rapid changes in the near future to usher in a better
tomorrow The papers in this book explore these themes and their key focus is design for tomorrow how are products and
their development be addressed for the immediate pressing needs within a connected world The book will be of interest to
researchers professionals and entrepreneurs working in the areas on industrial design manufacturing consumer goods and
industrial management who are interested in the new and emerging methods and tools for design of new products systems
