

# NATURE, HISTORY, AND EXISTENTIALISM\*

BY KARL LÖWITZ

## I

WE ARE accustomed to confront nature with history, and we do so in consequence of a definite historical situation which arose in the sixteenth century with modern natural science. The natural antithesis to nature would be not history but art. In epochs when men were closer to nature than we are, as in classical antiquity, nature, or *physis*, was contrasted with art, or *techné*, that is, with the artificial, which is not "by nature" but is wrought by man, its artificer. According to the classical view, art can do no better than imitate nature. The seeming self-evidence of our familiar distinction between nature and history, and accordingly between natural sciences and humanities, has its origin at the beginning of modern times. Two sciences which characterized themselves as new ones gave the first philosophical expression to this distinction: the anti-Aristotelian natural science of Descartes, and Vico's anti-Cartesian "Scienza Nuova." The criterion of this distinction, however, lies primarily not in the difference of the respective fields but in the secondary distinction as to what can be known about nature and history scientifically. The priority of the problem of knowledge and method over the question of subject matter is again typically modern.

Descartes divided the whole realm of reality into two kinds of being: the *res cogitans* and the *res extensa*. From the principle of being-thinking he constructed nature as the object of mathematical physics. There is a true and certain knowledge about nature; about history nothing can be known truly and with

\* This article was originally published in German, under the title, "Natur und Geschichte," in *Neue Rundschau* (1951).

## **Nature History And Existentialism:**

Nature, History, and Existentialism Karl Löwith, 1966      Nature, History, and Existentialism Karl Löwith, 1990

**Nature, History, and Existentialism and other Essays in the Philosophy of History**, 1966      *Nature, History, and Existentialism, and Other Essays in the Philosophy of History. Edited with a Critical Introd. by Arnold Levison* Karl Löwith, 1966      Minding Nature David Macauley, 1996-03-30 This volume examines the works of some of the most influential Western philosophers of ecology tracing their influence on movements including deep ecology ecological feminism bioregionalism and critical postmodern ecology Leading authorities examine critique and build on the insights of thinkers such as Hobbes Heidegger Bloch Jonas Mumford Ehrlich and Bookchin Topics discussed include the claims and merits of anthropocentric biocentric and ecocentric positions rationality and its relationship to knowledge technology and social change and what our conceptions of nature tell us about our vision of politics and society      **Nature, History and Existentialism, and Other Essays in the Philosophy of History. Edited with a Critical Introduction by Arnold Levison** Karl LOEWITH, 1966      **A History of Existential Psychology** Zoltán Kőváry, 2024-12-30 The first in a two part set this book takes a deep dive into the history and theory of existential psychology Beginning with a discussion of the existentialism and psychology problem the book presents the philosophical and historical roots of existential psychology It introduces the most important philosophical schools in the development of existentialism and their creators such as Kierkegaard Nietzsche Heidegger and Sartre as well as the literary roots of existentialism in the writings of Dostoevsky and Kafka and the important contribution of psychoanalysis and phenomenological psychiatry The book then goes on to look at the existential psychology schools including daseinsanalysis logotherapy and existential analysis the existential humanistic school and the existential phenomenological school Going beyond the questions of therapy and counseling that typically make up the study of existential psychology the book offers the ultimate introduction for students and scholars of this fascinating and deeply rooted discipline It may also interest professionals working in related fields      Nature, History, State Martin Heidegger, 2013-10-10 *Nature History State* 1933 1934 presents the first complete English language translation of Heidegger's seminar *On the Essence and Concepts of Nature History and State* together with full introductory material and interpretive essays by five leading thinkers and scholars Robert Bernasconi Peter Eli Gordon Marion Heinz Theodore Kiesel and Slavoj Žižek The seminar which was held while Heidegger was serving as National Socialist rector of the University of Freiburg represents important evidence of the development of Heidegger's political thought The text consists of ten protocols on the seminar sessions composed by students and reviewed by Heidegger The first session's protocol is a rather personal commentary on the atmosphere in the classroom but the remainder have every appearance of being faithful transcripts of Heidegger's words in which he raises a variety of fundamental questions about nature history and the state The seminar culminates in an attempt to sketch a political philosophy that supports the Führer state The text is important evidence for

anyone considering the tortured question of Heidegger's Nazism and its connection to his philosophy in general The A to Z of Existentialism Stephen Michelman, 2010-04-01 Existentialism is the philosophy of human existence which flourished first in Germany in the 1920s and 1930s and then in France in the decade following the end of World War II The operative meaning of existentialism here is thus broader than it was circa 1945 when the term first gained currency in France as a label for the philosophy of Jean Paul Sartre However it is considerably less broad than the view proposed by commentators in the 1950s and 1960s who in an attempt to overcome Sartre's hegemony discovered the seeds of existentialism far and wide in Shakespeare Saint Augustine and the Old Testament prophets In this dictionary existentialism is understood as a decidedly 20th century phenomenon though with roots in the 19th century Effort has been made to understand the philosophy of existentialism as all philosophies should be understood as part of an ongoing intellectual tradition an evolving history of problems concepts and arguments The A to Z of Existentialism explains the central claims of existentialist philosophy and the contexts in which it developed into one of the most influential intellectual trends of the 20th century This is done through a chronology an introductory essay a bibliography and more than 300 cross referenced dictionary entries offering clear accessible accounts of the life and thought of major existentialists like Jean Paul Sartre Martin Heidegger Martin Buber Karl Jaspers Gabriel Marcel Simone de Beauvoir Albert Camus and Maurice Merleau Ponty as well as thinkers influential to its development such as Wilhelm Dilthey Henri Bergson Edmund Husserl and Max Scheler This book affords readers an integrated critical and historically sensitive understanding of this important philosophical movement **Locating Europe** Rodolphe Gasché, 2021-06-01 Is the idea of Europe outdated The concept of European unity the animating spirit of the European Union seems increasingly fragile in the face of far right populist movements In *Locating Europe* Rodolphe Gasché attempts to answer the question of how to think about Europe Is it a figure a concept or an idea Is there anything still compelling and urgent about the idea of Europe By looking at phenomenologist and postphenomenological thinkers in the second half of the 20th century Gasché reveals that Europe is more than just one geographical and cultural entity The idea of Europe is based on common foundations a distinctive conception of reason of self criticism of responsibility freedom equality human rights and democracy and it is these foundations that are under threat In *Locating Europe* A Figure a Concept an Idea Gasché engages the philosophy of Hans Georg Gadamer Karl Jaspers Karl L with and others focuses on the most significant philosophical representations of Europe and explores the potential and especially the limits of the notion of Europe

**Biblical Origins of Modern Secular Culture** Willis B. Glover, 1984 European Existentialism Nino Langiulli, European Existentialism is a rich collection of major texts and is made all the more significant by the range and depth of its contributions This book aims to give greater intelligibility to existentialism by providing samples from antecedents of and influences upon it Although existentialism is regarded as an example of twentieth century philosophizing the book presents nineteenth century thinkers such as Kierkegaard and Nietzsche as its forerunners Thinkers such as Dilthey Husserl and

Scheler frequently associated with other trends in philosophy such as historicism and phenomenology are included because of their influence upon existentialism Informative biographies of each author represented are also included European Existentialism includes a broad range of philosophers working in the existentialist mode not only French and German but also Spanish Italian Jewish and Russian philosophers This volume is also distinctive in that it omits existentialists from the literary world While Dostoevsky is often included in other existentialist collections Langiulli represents Russian philosophy with a selection by Berdyaev In his new introduction Langiulli discusses how the themes of existentialism have led to contemporary aberrations He uses the language of political rights as an example whereas we once referred to freedom of speech we have transformed that phrase into a much wider category freedom of expression Langiulli also examines various trends that have derived from existentialism postmodernism deconstructionism and multiculturalism Langiulli's introduction and the contributions place existentialism as a genuine tradition in the history of philosophy a tradition which stresses the radical contingency and mortality of human existence European Existentialism is an invaluable collection for philosophers educators and all those interested in the existentialist tradition

**The Travail of Nature** H. Paul Santmire, 1985-01-01 The Travail of Nature shows that the theological tradition in the West is neither ecologically bankrupt as some of its popular and scholarly critics have maintained nor replete with immediately accessible albeit long forgotten ecological riches hidden everywhere in its deeper vaults as some contemporary Christians who are profoundly troubled by the environmental crisis and other related concerns might wistfully hope to find This is why it is appropriate to speak of the ambiguous ecological promises of Christian theology

**Phenomenology and Existentialism** Robert C. Solomon, 2001 This anthology of classic essays focuses on the philosophy of Edmund Husserl and the philosophical movement to which his writings gave impetus phenomenology Sixty contributions from a wide variety of scholars provide an introduction to phenomenology and existentialist phenomenology Sections include OGeneral Introduction What Is Phenomenology OThe Phenomenology of Edmund Husserl OExistential Phenomenology and OSelf and Others O Among the contributors are Frege Chisholm Merleau Ponty Schmitt Tillman Gendlin Sellars Linsky Dreyfus Ryle Solomon Schlick Ricoeur Marcel Heidegger Sartre Brentano Olafson Camus and de Beauvo

*God, Revelation and Authority (Set of 6)* Carl F. H. Henry, 1999-01-25 A monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done

*God Interrupted* Benjamin Lazier, 2010-11-16 Could the best thing about religion be the heresies it spawns Leading intellectuals in interwar Europe thought so They believed that they lived in a world made derelict by God's absence and the interruption of his call In response they helped resurrect gnosticism and pantheism the two most potent challenges to the monotheistic tradition In *God Interrupted* Benjamin Lazier tracks the ensuing debates about the divine across confessions and disciplines He also traces the surprising afterlives of these debates in postwar arguments about the environment neoconservative politics and heretical forms of Jewish identity In lively elegant prose the book reorients the

intellectual history of the era God Interrupted also provides novel accounts of three German Jewish thinkers whose ideas seminal to fields typically regarded as wildly unrelated had common origins in debates about heresy between the wars Hans Jonas developed a philosophy of biology that inspired European Greens and bioethicists the world over Leo Strauss became one of the most important and controversial political theorists of the twentieth century Gershom Scholem the eminent scholar of religion radically recast what it means to be a Jew Together they help us see how talk about God was adapted for talk about nature politics technology and art They alert us to the abiding salience of the divine to Europeans between the wars and beyond even among those for whom God was long missing or dead

**Karl Löwith's View of History: A Critical Appraisal of Historicism** Riesterer,2012-12-06 This brief survey of Professor Karl Löwith's analysis of the modern historical consciousness is the outgrowth of a year's study at the University of Heidelberg while Professor Löwith was still an active member of the faculty An early version in the form of a dissertation was submitted to the History Department of Wayne State University Detroit Michigan U S A Numerous friends and colleagues have helped me at various stages of this work and I am indebted to them even though I cannot name them all individually However special thanks must be accorded to Professor W J Bos senbrook of Wayne State University for introducing me to the entire problem of anti historicism and to Professor Löwith's work I am also greatly indebted to Professor John Barlow of Indiana University for his patient assistance with the translations however the final responsibility for all renditions rests of course solely with the author

**Routledge Library Editions: Existentialism** Various,2021-06-23 This set collects together a vital selection of works on Existentialism including the key Introduction to the New Existentialism by Colin Wilson Some of the titles were early works written as this new philosophy spread into the English language while others are more recent examinations

**The Study of History**,2000 History is a subject which never stands still It is always changing its philosophies its contours its leading questions its politics its conceptual status and its methodologies This bibliographical guide to the study of history is wide ranging in scope extending from the ancient world to the 20th century It deliberately concentrates on modern historians views provides a substantial section on the philosophy of history charts controversies and highlights the continual evolution and diversification of history The material is logically organized in major areas and subsections and cross references are given where appropriate An index of authors editors and compilers is also provided

**Political Philosophy** Ronald Beiner,2014-08-11 What is political philosophy Ronald Beiner makes the case that it is centrally defined by supremely ambitious reflection on the ends of life We pursue this reflection by exposing ourselves to and participating in a perennial dialogue among epic theorists who articulate grand visions of what constitutes the authentic good for human beings Who are these epic theorists and what are their strengths and weaknesses Beiner selects a dozen leading candidates Arendt Oakeshott Strauss Löwith Voegelin Weil Gadamer Habermas Foucault MacIntyre Rawls and Rorty In each case he shows both why the political philosophies continue to be intellectually compelling and why they are problematic or can be challenged in various ways In

this sense Political Philosophy attempts to draw up a balance sheet for political philosophy in the twentieth century by identifying a canon of towering contributions and reviewing the extent to which they fulfil their intellectual aspirations

The Top Books of the Year Nature History And Existentialism The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Nature History And Existentialism : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.

### **Nature History And Existentialism Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to

historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Nature History And Existentialism free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Nature History And Existentialism free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Nature History And Existentialism free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Nature History And Existentialism. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Nature History And Existentialism any PDF files. With these platforms, the world of PDF downloads is just a click away.

### **FAQs About Nature History And Existentialism Books**

**What is a Nature History And Existentialism PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system

used to view or print it. **How do I create a Nature History And Existentialism PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Nature History And Existentialism PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Nature History And Existentialism PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Nature History And Existentialism PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
