## Nature Of God:

The Nature of God in Plain Language David L. Hocking,1984      The True Nature of God Andrew Wommack,2012-08-07 I ve tried to be the perfect person God expects me to be but I just can t I give up I know God loves me but it seems like He never answers my prayers I do everything the Bible says I should so why hasn t God blessed me like He promised Is God schizophrenic The Bible is full of nothing but contradictions Questions and comments like these compelled Andrew Wommack to introduce the profoundly simple concepts found in this book Often human perspective and the mechanics of Christianity eclipse The True Nature of God the God who wants nothing more than to share an intimate friendship with His children If you re wondering who God is or if He cares let Andrew show you The True Nature of God      **Made in the Image of God** Reid A Ashbaucher,2017-07-07 Made in the Image of God is a book that provides key concepts for understanding the nature and personhood of God and mankind while providing deeper insights into how we as human beings relate to God physically emotionally and spiritually in a metaphysical way both now and in the future Within this study there are discussions on such topics as The Nature of God The Nature of Mankind The Trinity and Jesus Christ as God and Man while providing concepts that will help open the door to understanding God s revelation concerning himself as revealed through the Scriptures One reader commented After fifty years of being a Christian and doing lots of Bible study this book gave me the clearest understanding of the Trinity and their interaction with me Made in the Image of God is good resource material for supplementing studies in Bible Theology Apologetics Anthropology Metaphysics or Philosophy of Religion      The Nature of God Gerard J. *Nature, God and Humanity* Richard L. Fern,2002-04-04 Nature God and Humanity clarifies the task of forming an ethics of nature thereby empowering readers to develop their own critical faith based ethics Calling on original thought provoking analyses and arguments Richard L Fern frames a philosophical ethics of nature assesses it scientifically finds support for it in traditional biblical theism and situates it culturally Though defending the moral value of beliefs affirming the radical Otherness of God and human uniqueness this book aims not to compel the adoption of any particular ethic but rather illumine the contribution diverse forms of inquiry make to an ethics of nature How does philosophy clarify moral conviction What does science tell us about nature Why does religious faith matter Rejecting the illusion of a single rationally compelling ethics Fern answers these questions in a way that fosters both agreement and disagreement allowing those holding conflicting ethics of nature to work together for the common good      *The Nature of God* Frankie L. **The Nature of God** Edward R. Wierenga,2003     Nature and the Supernatural Horace Bushnell,1873     *The Nature of God* Photography by: Mike,2008-03-16 The Nature of God is a devotional book about the attributes of God with beautiful photographs The photos were taken mainly in the mountains of Georgia and North Carolina with a mixture from other locations as well The text is encouraging in its message and will inspire the reader to see more of the Nature of God     *On the Nature and the Existence of God. [By Annie Besant.]*,1875     **God and Nature** Curtis L. Thompson,Joyce M. Cuff,2012-03-29 The current religion and science dialogue begs for greater clarity on the relation of God to nature In God and Nature two scholars who embrace contemporary insights from science and religion explore the complexities of this debate As the narrative unfolds classical and contemporary thinkers are engaged as discussion partners in articulating a philosophical theology of nature Conceptual pairs in which two concepts play off of each other provide the structure for each of the seven chapters with usually the first concept being more scientific in character and the second more religious in tone These pairs of concepts from chronology and creation to creativity and creator help to thematize and structure the progressing narrative Within each chapter the two concepts are first investigated independently then interdependently and finally in relation to the divine At the story s completion nature has emerged as alive with possibility that is as alluring as the actuality it evokes Envisioned is a divine Creator who works in and through the possibility of creation to lure it into fuller manifestations via creative transformation     The Gods of Man: Gods of Nature - God of War Gary R. Varner,2007-10-14 Today the majority of humankind worships a single God Although this God is said to be all loving and wanting peace for his worshippers there is very little peace among the three religions based on common theology Judaism Christianity and Islam all foster hatred for one another causing millions of deaths and untold suffering for hundreds of years This book explores the mythic historical and archaeological record to illustrate the history of these conflicts The Gods of Man also looks at how

monotheism eventually dominated and destroyed the ancient and peaceful goddess traditions that had existed for thousands of years before Is the God of today simply used to enforce government edicts justify war and to control society Gary R Varner has written several articles and books on ancient religions folklore and mythology He is a member of the American Folklore Society and the Foundation for Mythological Studies     *Nature's God and His Memorial: a series of four sermons on the subject of the Sabbath* Nathan Wardner,1867     **The Nature of God** Don Hastings,Marc Gipson,2012-05-01 Workbook containing 13 lessons on the nature of God     **The World a Spiritual System** James Henry Snowden,1910
