**Sex and the Second-Best City** Kenneth Royce Moore, 2005-07-19 *Sex and the Second Best City* deals with the topics of sex and society in the *Laws* of Plato with recourse to historical context and modern critical theory. It examines reconstructions of ancient sexuality with a view to increased clarification. The text of the *Laws* is considered along with many of its literary qualities, its influences, and the utopian plan that it proposes.

**Troubling Sex** Elaine Craig, 2012-07-01 When legal scholars or judges approach the subject of sexuality they are often constrained by existing theoretical frameworks. For instance, queer theorists typically focus on sexual liberty but tend not to consider issues such as sexual violence. Feminist theories focus on violence but often don't give recognition to the joy of sexuality. To assess the possibility of devising a legal theory of sexuality that can ensure equality without assimilation, diversity without exclusion, and liberty without suffering, Elaine Craig examines the Supreme Court of Canada's approach to sexuality in cases that range from sexual violence to discrimination based on orientation. Although the Court continues to hold an essentialist understanding of sexuality that renders certain harms invisible, its feminist-inspired approach to sexual violence recognizes the socially constructed nature of sexuality and produces legal reasoning that promotes sexual integrity as a common interest. Blending feminist theory with the inclusiveness of queer theory, Craig advances an iconoclastic approach to law and sexuality that has the power to transform both theory and practice.

**Sexual Virtue** Richard W. McCarty, 2015-01-08 Richard W. McCarty offers a compassionate and inclusive conception of sexual virtue, one that liberates Christians from traditional patriarchal requirements for heterosexuality, marriage, and procreation. Daring to depart from ongoing debates about what Aristotle or Aquinas had to say, this book sets a new course centered on virtue ethics. It employs new insights from the sciences, biblical scholarship, analyses of church traditions, and revisionist natural law thinking. Eschewing simple deconstruction of traditional Christian norms for sexual morality, McCarty offers constructive ideas about what might count as real human goods for people in a wide variety of sexual relationships. Recreation, relational intimacy, and selective acts of procreation are three ends of sexual virtue that promote human happiness and can be appreciated in a broad Christian framework. While primarily referencing the Roman Catholic intellectual tradition, McCarty's work is also vital and accessible to those from Protestant backgrounds. Addressed to LGBT and straight readers, *Sexual Virtue* provides a compassionate sexual ethics for our time.

**Hermaphrodites and the Medical Invention of Sex** Alice Domurat Dreger, 2009-07-01 Punctuated with remarkable case studies, this book explores extraordinary encounters between hermaphrodites, people born with ambiguous sexual anatomy, and the medical and scientific professionals who grappled with them. Alice Dreger focuses on events in France and Britain in the late nineteenth century, a moment of great tension for questions of sex roles. While feminists, homosexuals, and anthropological explorers openly questioned the natures and purposes of the two sexes, anatomical hermaphrodites suggested a deeper question: just how many human sexes are there? Ultimately, hermaphrodites led doctors and scientists to another surprisingly difficult question: what is sex really? *Hermaphrodites and the Medical Invention of Sex* takes us inside the doctors' chambers to see

how and why medical and scientific men constructed sex gender and sexuality as they did and especially how the material conformation of hermaphroditic bodies when combined with social exigencies forced peculiar constructions Throughout the book Dreger indicates how this history can help us to understand present day conceptualizations of sex gender and sexuality This leads to an epilogue where the author discusses and questions the protocols employed today in the treatment of intersexuals people born hermaphroditic Given the history she has recounted should these protocols be reconsidered and revised A meticulously researched account of a fascinating problem in the history of medicine this book will compel the attention of historians physicians medical ethicists intersexuals themselves and anyone interested in the meanings and foundations of sexual identity

*Question of Truth* Gareth Moore, 2003-06-19 Many Christians accept that homosexual acts are wrong on the authority of the Church For many others such teaching contradicts what they know to be the obvious truth In this book Gareth Moore closely and dispassionately examines the bases of Christian anti gay arguments Moore critically explores the language that we use to describe and define human sexuality and what this means for what we think we know about sex identity and morality At the centre of this work is a thorough and revolutionary analysis of the Bible on homosexuality posing such questions as Is there a unified biblical teaching on sex or homosexuality Are we misreading the Bible by applying modern thinking and terms Must Christians accept Paul's supposed rejection of homosexuality when they do not follow all of his teaching for example his low estimation of marriage 1 Cor 7 For Moore the criticism that gay practice is remote from Christian values is just as true of straight life Gay Christians are often responsible and thoughtful moral agents and to propose otherwise is both unreasonable and deeply disrespectful It is a precondition of being heard that we listen and in the end the gospel can only be preached effectively by those who listen

*Sex, Love, and Gender* Helga Varden, 2020-05-27 *Sex Love and Gender* is the first volume to present a comprehensive philosophical theory that brings together all of Kant's practical philosophy found across his works on ethics justice anthropology history and religion and provide a critique of emotionally healthy and morally permissible sexual loving gendered being By rethinking Kant's work on human nature and making space for sex love and gender within his moral accounts of freedom the book shows how despite his austere and even anti sex cisist sexist and heterosexist reputation Kant's writings on happiness and virtue Part I and right Part II in fact yield fertile philosophical ground on which we can explore specific contemporary issues such as abortion sexual orientation sexual or gendered identity marriage trade in sexual services and sex or gender based oppression Indeed Kant's philosophy provides us with resources to appreciate and value the diversity of human ways of loving and the existential importance of our embodied social selves Structured on a thematic basis with introductions to assist those new to Kant's philosophy this book will be a valuable resource for anyone who cares about these issues and wants to make sense of them

**Sex and Sex Worship** Otto Augustus Wall, 1922      *Rational Sex Ethics* Walter Franklin Robie, 1919      **Sex and sex worship (phallic worship)** Otto Augustus Wall, 1919

### **Nature Of Sexual Desire Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Nature Of Sexual Desire has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Nature Of Sexual Desire has opened up a world of possibilities. Downloading Nature Of Sexual Desire provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Nature Of Sexual Desire has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Nature Of Sexual Desire. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Nature Of Sexual Desire. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Nature Of Sexual Desire, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Nature Of Sexual Desire has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
