**Nurture the Nature** Michael Gurian, 2009-01-26 From Michael Gurian, the best-selling author of *The Minds of Boys* and *The Wonder of Girls*, comes the next step book that shows how any parent can tune into a child's unique core personality, hardwired temperament, and genetic predisposition in order to help that child flourish and thrive. Based on the most recent brain research, *Nurture the Nature* features the Ten Tips for Nurturing the Nature of Your Baby, self-tests, checklists, and many other tools for you to help your kids get exactly the kind of support they need from infants to adolescents. While offering positive ideas for nurturing your child, Gurian also shows how to avoid the stress pressures and excessive competition of what he identifies as social trends in parenting. Most parents know instinctively that their child is unique and has special potential weaknesses and strengths. No child is a blank slate. Gurian calls on parents to turn away from one-size-fits-all approaches and instead support the individual core nature of a child with effective and customized loving care. **The Assembly's Shorter**
