photography age 0 2 ages 3 5 **Our Dolphin Ancestors** Frank Joseph, 2016-03-17 Reveals the shared ancestry behind our affinity with dolphins and our shared destiny Explains how we are both descendants of the aquatic ape and still share many physiological features with dolphins that set us apart from other primates Explores dolphins communication with other species and how dolphin therapy has miraculous effects on people with autism cancer stroke and depression Explores the connections between dolphins and Atlantis and Lemuria Wild animals avoid contact with humans but wild dolphins seek us out to play and socialize even going so far as to voluntarily rescue people from drowning What explains this remarkable natural affinity Revealing the evolutionary basis for our special relationship with dolphins Frank Joseph explains how we are both descendants of the same ancient branch of human ity Building upon the aquatic ape theory he details how we both began on land but devastating floods forced our distant ancestors into the seas where humanity developed many of the traits that set us apart from other primates such as our instinctive diving reflex and our newborns ability to swim But while some of the aquatic apes returned to land later evolving into modern humans some remained in the cradle of Mother Ocean and became our dolphin cousins Integrating scientific research on dolphin intelligence communication and physiology with enduring myths from some of the world s oldest cultures such as the Aborigines Norse Greeks and Celts the author examines our physical commonalities with dolphins including their vestigial thumbs and legs birth processes and body temperature He explores dolphins uncanny ability to diagnose disease such as cancer in humans and how dolphin therapy has had miraculous effects on children with autism victims of stroke and those suffering from depression He provides evidence for dolphins different attitudes toward men women and children their natural affinity with cats and dogs and their telepathic communication with other species including ours He explores dolphins mysterious role in the birth of early civilization and their connections with the Dog Star Sirius and Atlantis and Lemuria a bond still commemorated by annual gatherings of millions of dolphins As Frank Joseph shows if we can learn to fully communicate with dolphins accessing their millennia old oral tradition we may learn the truth about humanity s origins and our shared future when humankind may yet again quit the land for a final return to the sea **Dolphins and Their Power to Heal** Amanda Cochrane, 2000 **Nature and Young Children** Ruth A. Wilson, 2012 From adding richness and variety to learning to redesigning a playground this highly accessible text will provide early years practitioners with a wealth of ideas on how to foster creative play and learning in the outdoor environment with a focus on interacting with the natural world **The Dolphin Way** Shimi Kang, 2014-05-01 In this inspiring book Harvard trained child and adult psychiatrist and expert in human motivation Dr Shimi Kang provides a guide to the art and science of inspiring children to develop their own internal drive and a lifelong love of learning Drawing on the latest neuroscience and behavioral research Dr Kang shows why pushy tiger parents and permissive jellyfish parents actually hinder self motivation She proposes a powerful new parenting model the intelligent joyful playful highly social dolphin Dolphin parents focus on maintaining balance in their children s lives to gently yet authoritatively guide them toward lasting

health happiness and success As the medical director for Child and Youth Mental Health community programs in Vancouver British Columbia Dr Kang has witnessed firsthand the consequences of parental pressure anxiety disorders high stress levels suicides and addictions As the mother of three children and as the daughter of immigrant parents who struggled to give their children the best in life Dr Kang s mother could not read and her father taught her math while they drove around in his taxicab Dr Kang argues that often the simplest benefits we give our children are the most valuable By trusting our deepest intuitions about what is best for our kids we will in turn allow them to develop key dolphin traits to enable them to thrive in an increasingly complex world adaptability community mindedness creativity and critical thinking Life is a journey through ever changing waters and dolphin parents know that the most valuable help we can give our children is to assist them in developing their own inner compass Combining irrefutable science with unforgettable real life stories *The Dolphin Way* walks readers through Dr Kang s four part method for cultivating self motivation The book makes a powerful case that we are not forced to choose between being permissive or controlling The third option the option that will prepare our kids for success in a future that will require adaptability is the dolphin way **Children and Nature** Peter H. Kahn, Jr., Stephen R.

Kellert, 2002-05-03 For much of human evolution the natural world was one of the most important contexts of children s maturation Indeed the experience of nature was and still may be a critical component of human physical emotional intellectual and even moral development Yet scientific knowledge of the significance of nature during the different stages of childhood is sparse This book provides scientific investigations and thought provoking essays on children and nature *Children and Nature* incorporates research from cognitive science developmental psychology ecology education environmental studies evolutionary psychology political science primatology psychiatry and social psychology The authors examine the evolutionary significance of nature during childhood the formation of children s conceptions values and sympathies toward the natural world how contact with nature affects children s physical and mental development and the educational and political consequences of the weakened childhood experience of nature in modern society *Fun with Dolphins* Bobbie Kalman, 2003 Children will be delighted to learn about the games these social animals play with each other their seeming sense of humor and their acrobatic leaps and spins A trip to a dolphin camp for children and a snorkeling adventure are also featured along with the do s and don t s when meeting a dolphin both in captivity and in the wild **How to Get Kids Offline, Outdoors, and Connecting with Nature** Bonnie Thomas, 2014-03-21 Enjoying natural surroundings is an effective way to boost creativity play and wellbeing in children aged 4-13 Full of ideas activities and exercises this book provides imaginative ways to inspire young people to cut down their screen time and reboot their connection with nature
