Dreaming of Sheep in Navajo Country Marsha Weisiger, 2011-11-15 *Dreaming of Sheep in Navajo Country* offers a fresh interpretation of the history of Navajo Din pastoralism The dramatic reduction of livestock on the Navajo Reservation in the 1930s when hundreds of thousands of sheep goats and horses were killed was an ambitious attempt by the federal government to eliminate overgrazing on an arid landscape and to better the lives of the people who lived there Instead the policy was a disaster resulting in the loss of livelihood for Navajos especially women the primary owners and tenders of the animals without significant improvement of the grazing lands Livestock on the reservation increased exponentially after the late 1860s as more and more people and animals hemmed in on all sides by Anglo and Hispanic ranchers tried to feed themselves on an increasingly barren landscape At the beginning of the twentieth century grazing lands were showing signs of distress As soil conditions worsened weeds unpalatable for livestock pushed out nutritious native grasses until by the 1930s federal officials believed conditions had reached a critical point Well intentioned New Dealers made serious errors in anticipating the human and environmental consequences of removing or killing tens of thousands of animals Environmental historian Marsha Weisiger examines the factors that led to the poor condition of the range and explains how the Bureau of Indian Affairs the Navajos and climate change contributed to it Using archival sources and oral accounts she describes the importance of land and stock animals in Navajo culture By positioning women at the center of the story she demonstrates the place they hold as significant actors in Native American and environmental history *Dreaming of Sheep in Navajo Country* is a compelling and important story that looks at the people and conditions that contributed to a botched policy whose legacy is still felt by the Navajos and their lands today *An Ethnologic Dictionary of the Navaho Language*, 1910 *Native Peoples of the Southwest* Trudy Griffin-Pierce, 2000-09 A comprehensive guide to the historic and contemporary indigenous cultures of the American Southwest intended for college courses and the general reader *The Navajo Country* Herbert Ernest Gregory, 1916 **Indigenous Peoples' Wisdom and Power** Julian Kunnie, Nomalungelo Goduka, 2017-05-15 Capturing the narratives of indigenes this book presents a unique anthology on global Indigenous peoples' wisdoms and ways of knowing Covering issues of religion cultural self determination philosophy spirituality sacred sites oppression gender and the suppressed voices of women the diverse global contexts across Africa Asia the Middle East North and South America and Oceania are highlighted The contributions represent heart felt expressions of Indigenous peoples from various contexts their triumphs and struggles their gains and losses their reflections on the past present and future telling their accounts in their own voices Opening new vistas for understanding historical ancient knowledge preserved and practiced by Indigenous people for millennia this innovative anthology illuminates areas of philosophy science medicine health architecture and botany to

 section on swear words Small illustrations to show concepts culture and artifacts The Memorial of Fray Alonso de
Benavides, 1630 Alonso de Benavides, 1916 **Contemporary Navajo Affairs** Norman K. Eck, 1982 Describes
 contemporary Navajo affairs and how they have been influenced by the federal and Tribal governments *Traders, Agents,*
and Weavers Robert S. McPherson, 2020-03-12 For travelers passing through northern Navajo country the desert landscape
 appears desolate The few remaining Navajo trading posts once famous for their bustling commerce seem unimpressive Yet a
 closer look at the economic and creative activity in this region which straddles northeastern Arizona northwestern New
 Mexico and southeastern Utah belies a far more interesting picture In *Traders Agents and Weavers* Robert S McPherson
 unveils the fascinating and at times surprising history of the merging of cultures and artistic innovation across this land
 McPherson the author of numerous books on Navajo and southwestern history narrates here the story of Navajo economic
 and cultural development through the testimonies of traders government agents tribal leaders and accomplished weavers For
 the first half of the twentieth century trading posts dominated the Navajo economy in northwestern New Mexico McPherson
 highlights the Two Grey Hills post and its sister posts Toadlena and Newcomb which encouraged excellence among weavers
 and sold high quality rugs and blankets Parallel to the success of the trading industry was the establishment of the Northern
 Navajo or Shiprock Agency and Boarding School The author explains the pivotal influence on the area of the agency's stern
 and controversial founder William T Shelton known by Navajos as Tall Leader Through cooperation with government agents
 American settlers and traders Navajo weavers not only succeeded financially but also developed their own artistic crafts
 Shunning the use of brightly dyed yarn and opting for the natural colors of sheep's wool these weavers primarily women
 developed an intricate style that has few rivals Eventually economic shifts including oil drilling and livestock reduction
 eroded the traditional Navajo way of life and led to the collapse of the trading post system Nonetheless as McPherson
 emphasizes Navajo weavers have maintained their distinctive style and method of production to this day Cycles of
Conquest Edward H. Spicer, 2015-09-19 After more than fifty years *Cycles of Conquest* is still one of the best syntheses of
 more than four centuries of conquest colonization and resistance ever published It explores how ten major Native groups in
 northern Mexico and what is now the United States responded to political incorporation linguistic hegemony community
 reorganization religious conversion and economic integration Thomas E Sheridan writes in the new foreword commissioned
 for this special edition that the book is monumental in scope and magisterial in presentation *Cycles of Conquest* remains a
 seminal work deeply influencing how we have come to view the greater Southwest and its peoples **Publishers Directory**
 Linda S. Hubbard, 1991-11 *Religion and Ethics in the Neonatal Intensive Care Unit* Ronald M. Green, George A.
 Little, 2019 Families religious beliefs often profoundly shape their approach to medical decisions including treatment of their

sick or premature newborns But there are few studies of major religions teachings about the newborn This volume provides information to neonatal intensive care unit professionals parents of NICU patients and students of bioethics on religious teachings about the status treatment and ritual accompaniments of care of the newborn
