Olman,2023-09-01 With this volume the field of rhetoric of science joins its sister disciplines in history and philosophy in challenging the dominance of Euro American science as a global epistemology The discipline of rhetoric understands world making and community building as interdependent activities that is if we practice science differently we do politics differently and vice versa This wider aperture seems crucial at a time when we are confronted with the limitations of Euro American science and politics in managing global risks such as pandemics and climate change particularly in our most vulnerable communities The contributors to this volume draw on their familiarity with a wide range of global scientific traditions from Australian Aboriginal ecology to West African medicine to Polynesian navigation science to suggest possibilities for reconfiguring the relationship between science and politics to better manage global risks These possibilities should not only inspire scholars in rhetoric and technical communication but should also introduce readers from science and technology studies to some useful new approaches to the problem of decolonizing scenes of scientific practice around the world *Monthly Bulletin* Los Angeles Public Library,1901 *Annual Report of the Board of Regents of the Smithsonian Institution* Smithsonian Institution,1889 **Annual Report of the Board of Regents of the Smithsonian Institution** ,1889 *Annual Report of the Board of Regents of the Smithsonian Institution* Smithsonian Institution. Board of Regents,1889 **Arizona: A Bicentennial History** Lawrence Clark Powell,1976-08-17 With the polished style that characterizes all his works Dr Lawrence Clark Powell portrays Arizona in a way that will enthrall readers in any state concluding with recognition that like the ancient Indians and Spaniards We too hold the land in brief tenancy O yes said Senator Wade of Ohio I have heard of that country it is just like hell Such was the reaction to Arizona Territory of the nineteenth century politicians who opposed making it a state and forced it to wait for statehood almost half a century Now an opposite idea Arizona as paradise attracts tourists and the retired by the thousands Cliches about a land of cowboys and Indians have yielded to visions of swimming pools golf courses and desert sunsets Author Lawrence Clark Powell probes deeper to a nobler Arizona of dramatic history and human achievement **"The People"** George Isidore Sánchez,1948 The Navajo Country Herbert Ernest Gregory,1916
