

Nazis In The Pineywoods

Tristan G. Smith

Nazis In The Pineywoods:

Nazis in the Pineywoods Mark Steven Choate,1989 During World War II more than 400 000 German and Italian prisoners were interned in the United States Nearly 80 000 of them mostly Germans were in Texas *Nazis in the Pineywoods* Mark Choate,1991-04-01 **Nazis in the Piney Woods** Mark Steven Choate,1987 More than 400 000 Axis prisoners were interned in the United States during World War II Nearly 80 000 of the them most of whom were Germans were held in Texas All of them were interned in either large base camps such as Camp Fannin in Tyler or smaller branch camps such as Chireno and Lufkin Because of severe shortage of civilian labor the lumber companies in East Texas utilized the prisoners to cut trees load logs onto trucks and trains and help process the lumber in mills Twelve camps were established for this purpose and they remained in operation from six months to two years The German prisoners of war were a valuable source of labor for the lumber companies during the war This study focuses on the story of the prisoners at Camp Fannin as well as the branch camps in East Texas **From German Prisoner of War to American Citizen** Barbara Schmitter Heisler,2014-11-29 Among the many German immigrants to the United States over the years one group is unusual former prisoners of war who had spent between one and three years on American soil and who returned voluntarily as immigrants after the war Drawing on archival sources and in depth interviews with 35 former prisoners who made the return the book outlines the conditions that defined their unusual experiences and traces their journeys from captive enemies to American citizens Although the respondents came from different backgrounds and arrived in America at different times between 1943 and 1945 their experiences as prisoners of war not only left an indelible impression they also provided them with opportunities and resources that helped them leave Germany behind and return to the place where we had the good life

Texas and Texans in World War II Christopher B. Bean,2022-08-24 Texans in World War II offers an informative look at the challenges and changes faced by Texans on the home front during the Second World War This collection of essays by leading scholars of Texas history covers topics from the African American and Tejano experience to organized labor from the expanding opportunities for women to the importance of oil and agriculture Texans in World War II makes local the frequently studied social history of wartime bringing it home to Texas An eye opening read for Texans eager to learn more about this defining era in their state s history this book will also prove deeply informative for scholars students and general readers seeking detailed definitive information about World War II and its implications for daily life economic growth and social and political change in the Lone Star State **Controlling Sex in Captivity** Matthias Reiss,2018-06-14 Controlling Sex in Captivity is the first book to examine the nature extent and impact of the sexual activities of Axis prisoners of war in the United States during the Second World War Historians have so far interpreted the interactions between captors and captives in America as the beginning of the post war friendship between the United States Germany and Italy Matthias Reiss argues that this paradigm is too simplistic Widespread fraternisation also led to sexual relationships which created

significant negative publicity and some Axis POWs got caught up in the U S Army s new campaign against homosexuals By focusing on the fight against fraternisation and same sex activities this study treads new ground It stresses that contact between captors and captives was often loaded with conflict and influenced by perceptions of gender and race It highlights the transnational impact of fraternisation and argues that the prisoners sojourn in the United States also influenced American society by fuelling a growing concern about social disintegration and sexual deviancy which eventually triggered a conservative backlash after the war

Lone Star Stalag Michael R. Waters, Mark Long, William Dickens, Sam Sweitz, Anna Lee Presley, Ian Buvit, Michelle Raisor, Bryan Mason, Hilary Standish, Norbert Dannhaeuser, 2006-01-17 The cement slabs and decaying fountains obscured by vegetation at the site of Camp Hearne echo a time forgotten of a bustling city of nearly 5 000 men brought together by world conflict The oral histories archival research and archaeological data compiled by author Michael Waters and his team of researchers tells the story of 5 000 German soldiers held as prisoners of war in rural Texas during World War II Camp Hearne located on the outskirts of Hearne Texas was one of the first and largest POW camps in the United States Between 1943 and 1945 nearly 50 000 German prisoners mostly from the German Afrika Korps lived and worked at seventy POW camps across Texas The story of Camp Hearne told here offers the first in depth look at one of these camps and includes an archaeological study of the treatment and conditions of the German prisoners Drawing on newspaper accounts and official records from the time and the recollections of surviving POWs guards and local residents Waters and his team have constructed a detailed description of life in the camp educational opportunities recreation mail call religious practices work details and the food provided Also revealed are the more serious issues that faced the Americans inside the POW compounds illegal alcohol distillation suicides escapes hidden secret shortwave radios and the subversion of postal services Fascinating artifacts recovered from the site and from the collections of local residents add concrete details Waters also discusses the national policies and motivations for the treatment of prisoners that prescribed the particulars of camp life The shadow world of Nazism in the camp is revealed adding darkness to a story that is otherwise optimistic and in places humorous The most sinister and brutal example of Nazi activity was the murder of Corporal Hugo Krauss a German born New York raised volunteer in the German army Captured in North Africa after service in Russia Krause was attacked seven months later by six to ten fellow prisoners and beaten with clubs nail studded boards and a lead pipe The dramatic recounting of the murder and the ensuing investigation illustrate much about the underlying political tensions of camp existence This book makes a unique and notable contribution to Texas history The narrative is enriched by numerous photographs and drawings It will engage those interested in Texas history and World War II and hold particular interest for avocational and professional historical archaeologists

Treasures of Texas Tristan G. Smith, 2025-04-28 The subject matter of National Historic Landmarks is one that will entice readers as this goes beyond a narrative non fiction in depth view of each site This book gives an overview of each site enough to give people the 20 000 foot view that will bring them to the site

for a more in depth look and exploration Being able to see present day and historic photos of the site and its history along with directions and visitor information will give them the ability to find and explore on a basic level before deciding where to explore next As a local historian an avid explorer of such sites and having worked on the public sides of historic sites for several years I have a unique ability to boil down the history of a place to make it readable accessible and understandable with it leading the reader to want to visit and explore more Bringing this subject matter to the reader must make it more than a brochure but less than an in depth look site by site Through my years in the museum field I have been doing just that kind of work through marketing and exhibits

Faded Glory Thomas E. Alexander, Dan K. Utley, 2012-09-24 Each of the wars fought by Texans spawned the creation of scores of military sites across the state from the lonely frontier outpost at Adobe Walls to the once bustling World War II shipyards of Orange Today although vestiges of the sites still exist many are barely discernible their once proud martial trappings now faded by time neglect the elements and most of all public apathy In **Faded Glory A Century of Forgotten Texas Military Sites Then and Now** Thomas E Alexander and Dan K Utley revisit twenty nine sites many of them largely forgotten associated with what was arguably the most tumultuous hundred year period in a five century span of Texas history Whether in the war with Mexico the American Civil War in clashes between Indians and the frontier army or in two worldwide conflicts fought on foreign shores Texas and Texans have often answered the call to arms Beginning in 1845 and continuing through 1945 the Lone Star State and its people were fully involved in seven major conflicts In this thoroughly researched and absorbing guide Alexander and Utley recount the full story of the sites from their days of fame to the present Comparing historic sketches paintings and period photographs of the original installations with recent photographs they illustrate how time has dealt with these important places Providing maps to aid readers in locating each site the authors close with a resounding call for preservation and interpretation for future generations The descriptions and images restore at least in the mind s eye a touch of vitality and color to these forgotten and disappearing sites Thanks to **Faded Glory A Century of Forgotten Texas Military Sites Then and Now** both the traveler and the armchair tourist can recover a sense of these places and events that did so much to shape the military history of Texas

Fire in the Piney Woods Edward Cavallerano, 2025-05-30 Fire lookout towers are enjoying a retrospective rebirth attracting the curious and the adventurous as Americans seeking escape for moments of solitude rediscover the structures national significance Though the Civilian Conservation Corps national fire control policies and reforestation efforts have been covered elsewhere each state s legacy is as unique as its people forest conditions traditions and legislative history In Texas what emerges is a story that shaped national policies and examines the ethos of a generation Edward Cavallerano s **Fire in the Piney Woods** develops several parallel stories The first describes the Piney Woods and the antecedent conditions that necessitated fire prevention forest fire detection and the development of Texas fire lookout network Second through collected stories poetry and primary accounts it pays tribute to a generation of Civilian Conservation Corps enrollees foresters surveyors and dedicated self

sufficient lookouts who redeveloped or protected the forestlands of Texas and educated rural communities about the value of their natural resources Finally it describes the location and design of the lookout towers and associated structures in Texas by consolidating a decade of observations In this effort Cavallerano introduces methodologies to assess tower characteristics that may be useful to workers in other regions Taken together the book shares an appreciation of the past and celebrates the heritage these sites still possess Fire in the Piney Woods preserves the history of forest fire protection in Texas enhances readers recreational experiences and builds a compelling case among Texans to preserve the lookout towers that still stand

The Lone Star and the Swastika Richard Paul Walker,2001 Presents an analysis of the prisoner of war program as it was carried out in Texas during World War II looking at how camps were selected and constructed camp routine the treatment of prisoners and the problems encountered with the pro Nazi prisoners **We Were Each Other's Prisoners** Lewis H.

Carlson,1997-04-03 During World War II Germany captured nearly 94 000 American soldiers while the Allies shipped almost 380 000 Germans to the United States This book is the first ever to compare stories of POWs from both sides of the conflict In their own words 35 American and German prisoners of war recount their stories of survival of photos *Texas A. Ray* Stephens,2014-10-22 For twenty years the Historical Atlas of Texas stood as a trusted resource for students and aficionados of the state Now this key reference has been thoroughly updated and expanded and even rechristened Texas A Historical Atlas more accurately reflects the Lone Star State at the dawn of the twenty first century Its 86 entries feature 175 newly designed maps more than twice the number in the original volume illustrating the most significant aspects of the state s history geography and current affairs The heart of the book is its wealth of historical information Sections devoted to indigenous peoples of Texas and its exploration and settlement offer more than 45 entries with visual depictions of everything from the routes of Spanish explorers to empresario grants to cattle trails In another 31 articles coverage of modern and contemporary Texas takes in hurricanes and highways power plants and population trends Practically everything about this atlas is new All of the essays have been updated to reflect recent scholarship while more than 30 appear for the first time addressing such subjects as the Texas Declaration of Independence early roads slavery the Civil War and Reconstruction Texas Oklahoma boundary disputes and the tideland oil controversy A dozen new entries for Contemporary Texas alone chart aspects of industry agriculture and minority demographics Nearly all of the expanded essays are accompanied by multiple maps everyone in full color The most comprehensive state of the art work of its kind Texas A Historical Atlas is more than just a reference It is a striking visual introduction to the Lone Star State Huxford's Old Book Value Guide Bob Huxford,Sharon Huxford,1999-03 Listing nearly 25 000 book titles with current values this updated and revised 11th edition features a simple and easy to use format **The Journal of Military History** ,2005 **Southwestern Historical Quarterly** ,1994 Camp Maxey Two Anthony Lyle,Steve A.
