### **Arden Edition of the Works of William Shakespeare** William Shakespeare, 1955 **The First Quarto of Hamlet**

William Shakespeare, 1998 The first quarto of *Hamlet* is radically different from the second quarto and Folio versions of the play and about half their length But despite its uneven verbal texture and simpler characterisation the first quarto presents its own workable alternatives to the longer texts reordering and combining key plot elements and even including a unique scene between Horatio and the Queen This new critical edition is designed for students scholars and actors who are intrigued by the first printed text of Shakespeare's *Hamlet* Although the first quarto has been reprinted many times there is no other modernised edition in print Irace's introduction outlines views of its origins its special features and its surprisingly rich performance history her textual notes point out differences between the first quarto and the longer second quarto and Folio versions and offer alternatives which actors or directors might choose for specific productions **Shakespeare**

**Survey** Kenneth Muir, 2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback **Shakespeare's Great Tragedies** John Hardy, 2018-10-25 Shakespeare's great tragedies portray through their richly imagined worlds the inescapable fact of human mortality As the work of a great creative genius they are so diverse that critical formulas used to describe their overall impact tend to be somewhat suspect Their impact follows from a response to the entire dramatic action what is felt at the end with the weight or experience of the whole play behind it It draws on how our feelings and judgement are exercised and engaged throughout the drama Shakespeare portrays what life can be like without pandering to the wish for something easier to contemplate Something more invigorating than consolation is provided such art at its greatest achieving the strength of truth What it compels is a complex acceptance reflected in Edgar's words The weight of this sad time we must obey Not only implicit positives give value to these plays Their significance finally results from what they imaginatively invite their audience to experience and witness This gives a sense not only of the value of life but also of what can threaten it **The Works of Shakespeare: Hamlet, ed. by Edward**
