Near East Under Roman Rule:

The Near East under Roman Rule B.H. Isaac, 2018-07-17 The studies in this collection deal with a variety of subjects Their focus is the Roman Empire in the East the Roman army Judaea in the Roman period and Jewish history Inscriptions are published in them and literary sources discussed First Judaea in the period before the arrival of the Romans as well as under Roman rule forms the centre of attention Here articles on specific documents are presented and historical problems discussed ranging from the Seleucid period to the Later Roman Empire The second part of the book contains studies of the wider area and the third part is concerned with the Roman army its organisation and aims in the Frontier areas Many of these papers are hard to find and it is particularly valuable to have all of them together and logically arranged in one volume Moreover extensive discussions of recent publications and newly published material have been added here Cities from Alexander to the Successors of Muhammad Walter D. Ward, 2019-07-10 Near Eastern Cities from Alexander to the Successors of Muhammad compares the evolution of several cities in the Near East from the time of Alexander the Great until the beginning of the Islamic Abbasid Dynasty This volume examines both archaeological remains and literary sources to explain the diversity of imperial cultural and religious influences on urban life It offers several case studies chosen from different regions of the Roman Near East demonstrating that Greco Roman and Islamic culture spread unevenly through these various cities and that it is impossible to make broad generalizations It argues instead that there were different patterns of urbanism that demonstrate a continued vitality of civic life up to the Abbasid revolution Near Eastern Cities from Alexander to the Successors of Muhammad will be of particular interest to students of this period in the Ancient Near East as well as those studying ancient cities and everyday life A Companion to the Archaeology of the Ancient Near East D. Grabbe, 2021-07-29 This is the fourth and fi nal volume of Lester L Grabbe's four volume history of the Second Temple period

collecting all that is known about the Jews during the period in which they were ruled by the Roman Empire Based directly on primary sources such as archaeology inscriptions Jewish literary sources and Greek Roman and Christian sources this study includes analysis of the Jewish diaspora mystical and Gnosticism trends and the developments in the Temple the law and contemporary attitudes towards Judaism Spanning from the reign of Herod Archelaus to the war with Rome and Roman control up to 150 CE this volume concludes with Grabbe s holistic perspective on the Jews and Judaism in the Second Temple Jewish War under Trajan and Hadrian, Greco-Roman Culture and the Galilee of Jesus Mark A. Chancey, 2005-12-15 Greco Roman Culture and the Galilee of Jesus a book length investigation of this topic challenges the conventional scholarly view that first century Galilee was thoroughly Hellenised Examining architecture inscriptions coins and art from Alexander the Great's conquest until the early fourth century CE Chancey argues that the extent of Greco Roman culture in the time of Jesus has often been greatly exaggerated Antipas s reign in the early first century was indeed a time of transition but the more dramatic shifts in Galilee's cultural climate happened in the second century after the arrival of a large Roman garrison Much of Galilee's Hellenisation should thus be understood within the context of its Romanisation Any attempt to understand the Galilean setting of Jesus must recognise the significance of the region s historical development as well as how Galilee fits into the larger context of the Roman East Roman Syria and the Near East Kevin The Near east under Roman rule Benjamin Isaac,1998 Butcher, 2003 Table of contents The Roman Eastern Frontier and the Persian Wars AD 363-628 Geoffrey Greatrex, Samuel N. Gardner, 2015-06-04 This book examines the origins of communal and institutional almsgiving in rabbinic Judaism It undertakes a close reading of foundational rabbinic texts Mishnah Tosefta Tannaitic Midrashim and places their discourses on organized giving in their second to third century CE contexts Gregg E Gardner finds that Tannaim promoted giving through the soup kitchen tamhui and charity fund guppa which enabled anonymous and collective support for the poor This protected the dignity of the poor and provided an alternative to begging which benefited the community as a whole poor and non poor alike By contrast later Jewish and Christian writings from the fourth to fifth centuries would see organized charity as a means to promote their own religious authority This book contributes to the study of Jews and Judaism history of religions biblical studies and ethics Rome in the East Warwick Ball, 2016-06-10 This new edition of Rome in the East

International Dictionary of Historic Places: Middle East and Africa Trudy Ring, Robert M. Salkin, Sharon La Boda, 1995 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company The Invention of Racism in Classical Antiquity Benjamin Isaac, 2013-10-31 There was racism in the ancient world after all This groundbreaking book refutes the common belief that the ancient Greeks and Romans harbored ethnic and cultural but not racial prejudice It does so by comprehensively tracing the intellectual origins of racism back to classical antiquity Benjamin Isaac s systematic analysis of ancient social prejudices and stereotypes reveals that some of those represent prototypes of racism or proto racism which in turn inspired the early modern authors who developed the more familiar racist ideas He considers the literature from classical Greece to late antiquity in a quest for the various forms of the discriminatory stereotypes and social hatred that have played such an important role in recent history and continue to do so in modern society Magisterial in scope and scholarship and engagingly written The Invention of Racism in Classical Antiquity further suggests that an understanding of ancient attitudes toward other peoples sheds light not only on Greco Roman imperialism and the ideology of enslavement and the concomitant integration or non integration of foreigners in those societies but also on the disintegration of the Roman Empire and on more recent imperialism as well The first part considers general themes in the history of

discrimination the second provides a detailed analysis of proto racism and prejudices toward particular groups of foreigners in the Greco Roman world The last chapter concerns Jews in the ancient world thus placing anti Semitism in a broader context Military Service and the Integration of Jews into the Roman Empire Raúl González-Salinero,2022-02-28 According to Ra l Gonz lez Salinero the plurality of religious expressions within Judaism prior to the predominance of the rabbinical current disproves the assumption according to which some Jewish customs and precepts especially the Sabbath prevented Jews from joining the Roman army without renouncing their ancestral culture The military exemption occasionally granted to the Jews by the Roman authorities was compatible with their voluntary enlistment as it was in the Hellenistic armies in order to obtain Roman citizenship As the sources attest Judaism did not pose any insurmountable obstacle to integration of the Jews into the Roman world They achieved a noteworthy presence in the Roman army by the fourth century CE at which time the Church's influence over imperial power led to their exclusion from the militia armata
