Near Eastern Studies In Honor Of William Foxwell Albright III:

Near Eastern Studies Hans Goedicke,1971-01-01 **An Exegetical Bibliography of the New Testament: Luke and Acts** Günter Wagner,1983 Religious Diversity in Ancient Israel and Judah Francesca Stavrakopoulou,John Barton,2010-04-15 This volume of essays draws together specialists in the field to explain illustrate and analyze this religious diversity in Ancient Israel *Making Pictures of War* Laura Battini,2016-07-10 This book brings together the main discussions that took place at an international conference on the iconology of war in the ancient Near East a subject never addressed at an international meeting before **Canaanite Myth and Hebrew Epic** Frank Moore CROSS, Frank Moore Cross,2009-06-30 Annotation The essays contained in this book are preliminary studies directed toward a new synthesis of the history of the religion of Israel Each study is addressed to a special and in the authors view unsolved problem in the description of Israel s religious development Johannine Sabbath Conflicts as Juridical Controversy Martin Asiedu-Pepurah,2001 There is unanimity among Johannine scholars that one distinctive characteristic of the Fourth Gospel is the fact that the evangelist presents Jesus as caught in long drawn out juridical confrontations between himself and the Jews Martin Asiedu Pepurah examines the two Sabbath conflict narratives in the Fourth Gospel from a narrative critical perspective and thus takes a fresh look at the Johannine juridical metaphor In doing so he attempts to pursue a three fold objective First he determines the precise nature of the juridical metaphor used in the two narratives and on the strength of it he undertakes a critical reading of the texts under study with the view to shedding new light on their meaning Then he examines the role of this specific juridical metaphor in the two narratives The question here is for what purpose and how is this specific juridical metaphor used within the narrative framework of the two narratives Finally he explores the historical setting of the two narratives and infers from it the social function the juridical metaphor would have played within the Johannine Sitz im Leben In the light of his results Martin Asiedu Pepurah makes an attempt to examine very briefly the entire section of John 5 1 10 42 to see if the presence of the juridical controversy pattern in this section can throw light on one crucial issue in Johannine research namely the purpose of the Gospel in its present form *Israel's Divine Healer* Michael L. Brown,1995 Israel s Divine Healer begins with a study of various Hebrew words on healing It then explores within the larger context of the Ancient Near Eastern religions the roles of medicine magic and the physician priest together with their possible influences upon Israel s beliefs and practices regarding healing *Ancient Israel in Sinai* James K. Hoffmeier,2005-10-06 Hoffmeier finds evidence to support Biblical narratives for the years spent by the Israeli tribes in the wilderness explores alternative theories on the location of Mount Sinai *Coming of Age in Medieval Egypt* Eve Krakowski,2019-03-19 Much of what we know about life in the medieval Islamic Middle East comes from texts written to impart religious ideals or to chronicle the movements of great men How did women participate in the societies these texts describe What about non Muslims whose own religious traditions descended partly from pre Islamic late antiquity *Coming of Age in Medieval Egypt* approaches these

questions through Jewish women's adolescence in Fatimid and Ayyubid Egypt and Syria c 969-1250 Using hundreds of everyday papers preserved in the Cairo Geniza Eve Krakowski follows the lives of girls from different social classes rich and poor secluded and physically mobile as they prepared to marry and become social adults She argues that the families on whom these girls depended were more varied fragmented and fluid than has been thought Krakowski also suggests a new approach to religious identity in premodern Islamic societies and to the history of rabbinic Judaism Through the lens of women's coming of age she demonstrates that even Jews who faithfully observed rabbinic law did not always understand the world in rabbinic terms By tracing the fault lines between rabbinic legal practice and its practitioners lives Krakowski explains how rabbinic Judaism adapted to the Islamic Middle Ages Coming of Age in Medieval Egypt offers a new way to understand how women took part in premodern Middle Eastern societies and how families and religious law worked in the medieval Islamic world

Wisdom Poured Out Like Water J. Harold Ellens, Isaac W. Oliver, Jason von Ehrenkrook, James Waddell, Jason M. Zurawski, 2018-10-22 This collection presents innovative research by scholars from across the globe in celebration of Gabriele Boccaccini s sixtieth birthday and to honor his contribution to the study of early Judaism and Christianity In harmony with Boccaccini s determination to promote the study of Second Temple

Judaism in its own right this volume includes studies on various issues raised in early Jewish apocalyptic literature e.g. 1 Enoch 2 Baruch 4 Ezra the Dead Sea Scrolls and other early Jewish texts from Tobit to Ben Sira to Philo and beyond The volume also provides several investigations on early Christianity in intimate conversation with its Jewish sources consistent with Boccaccini's efforts to transcend confessional and disciplinary divisions by situating the origins of Christianity firmly within Second Temple Judaism Finally the volume includes essays that look at Jewish Christian relations in the centuries following the Second Temple period a harvest of Boccaccini's labor to rethink the relationship between Judaism and Christianity in light of their shared yet contested heritage *The Mystery of the Ten Lost Tribes* Ziva Shavitsky, 2011-11-15

There have been many legends and traditions regarding the ten lost tribes of the Northern Kingdom of Israel This book draws upon extensive discoveries and information published regarding the movement of the People of Israel and Judah from Davidic times to the dawn of the Hellenistic period The author has tested the biblical records against archaeological evidence testimony and inscriptions found in Syria Assyria Babylon and Persia In very many cases the inscriptions excavated in these places coincide almost word for word with the biblical record The early chapters also investigate evidence of migrations and movement by people to neighbouring countries by reason of seeking sanctuary trade marriage or in times of famine Evidence has been found supporting the theory that many of the Northern Captives joined the tribes of the South who continued to live independently until the destruction of the First Temple Hence it is not just a matter of investigating the transfer of captives out of Judah and the Northern Kingdom but also additional evidence found in the Bible or documents that bear evidence to Jewish people who lived traded or served in various capacities in other lands There is also some clear indication that many of the later captives joined their brethren who had been exiled to other lands earlier The later chapters mention some traditions and legends that exist among many tribes that to this day trace their origins to the Exiles who belonged to the twelve tribes of Israel and Judah *Healing Magic and Evil Demons* Markham J. Geller, 2015-12-14 This book brings together ancient manuscripts of the large compendium of Mesopotamian exorcistic incantations known as Uduh hul Utukku Lemnutu directed against evil demons ghosts gods and other demonic malefactors within the Mesopotamian view of the world It allows for a more accurate appraisal of variants arising from a text tradition spread over more than two millennia and from many ancient libraries [Puzzling Out the Past](#) Marilyn J. exhibition catalogue *Puzzling Out the Past* *A Theology of Justice in Exodus* Nathan Bills, 2021-03-03 This book traces the theme of justice throughout the narrative of Exodus in order to explicate how yhwh's reclamation of Israel for service worship reveals a distinct theological ethic of justice grounded in yhwh's character and Israel's calling within yhwh's creational agenda Adopting a synchronic text immanent interpretive strategy that focuses on canonical and inner biblical connections Nathan Bills identifies two overlapping motifs that illuminate the theme of justice in Exodus First Bills considers the importance of Israel's creation traditions for grounding Exodus's theology of justice Reading Exodus against the backdrop of creation theology and as a continuation of the plot of Genesis Bills shows that the ethical disposition of justice imprinted on Israel in Exodus is an application of yhwh's creational agenda of justice Second Bills identifies an educational agenda woven throughout the text The narrative gives heightened attention to the way yhwh catechizes Israel in what it means to be the particular beneficiary and creational emissary of yhwh's justice These interpretative lenses of creation theology and pedagogy help to explain why Israel's salvation and shaping embody a programmatic applicability of yhwh's justice for the wider world This volume will be of substantial interest to divinity students and religious professionals interested in the themes of exodus exile and return

Unearthing Jerusalem Katharina Galor, Gideon Avni, 2011-06-30 On a cold winter morning in January of 1851 a small group of people approached the monumental facade of an ancient rock cut burial cave located north of the Old City of Jerusalem The team consisting of two Europeans and a number of local workers was led by Louis Flicien Caignart de Saulcy descendant of a noble Flemish family who later was to become a distinguished member of the French parliament As an amateur archaeologist and a devout Catholic de Saulcy was attracted to the Holy Land and Jerusalem in particular and was obsessed by his desire to uncover some tangible evidence for the city's glorious past However unlike numerous other European pilgrims researchers and adventurers before him de Saulcy was determined to expose the evidence by physically excavating ancient sites His first object of investigation constitutes one of the most attractive and mysterious monumental burial caves within the vicinity of the Old City from then onward to be referred to as the Tomb of the Kings Kubur al Muluk By conducting an archaeological investigation de Saulcy tried to prove that this complex represented no less than the monumental sepulcher of the biblical Davidic Dynasty His brief exploration of the burial complex in 1851 led to the discovery of several ancient artifacts including sizeable marble fragments of one or several sarcophagi It would take him another 13 years to raise the funds for a more comprehensive investigation of the site On November 17 1863 de Saulcy returned to Jerusalem with a larger team to initiate what would later be referred to as the first archaeological excavation to be conducted in the city from the Preface In 2006 some two dozen contemporary archaeologists and historians met at Brown University in Providence RI to present papers and illustrations marking the 150th anniversary of modern archaeological exploration of the Holy City The papers from that conference are published here presented in 5 major sections 1 The History of Research 2 From Early Humans to the Iron Age 3 The Roman Period 4 The Byzantine Period and 5

The Early Islamic and Medieval Periods The volume is heavily illustrated with materials from historical archives as well as from contemporary excavations It provides a helpful and informative introduction to the history of the various national and religious organizations that have sponsored excavations in the Holy Land and Jerusalem in particular as well as a summary of the current status of excavations in Jerusalem
