Perdonen Las Molestias:

Perdonen las molestias Fernando Savater, 2012-06-06 Este libro es la crónica de una batalla sin armas contra las armas Desde el asesinato de Miguel Ángel Blanco hasta nuestros días reúne los artículos a la vez combativos y explicativos publicados por Fernando Savater sobre el terrorismo nacionalista en el País Vasco así como el debate político de sus habituales justificaciones ideológicas Es un testimonio juntamente reflexivo y apasionado del compromiso cívico de un intelectual ante la violencia Pero con frecuencia estos breves ensayos van más allá de las circunstancias del terrorismo en el País Vasco y configuran una meditación necesaria sobre el sentido de la democracia moderna los derechos de la ciudadanía la defensa del Estado garantista en Europa y las extralimitaciones de algunos guardianes demasiado celosos etc Una perspectiva diferente para quienes no se sientan indiferentes

Una discusión sobre derechos colectivos Nicolás María López Calera, 2001 Estas reflexiones no pretenden ofrecer respuestas acabadas a los diversos problemas e interrogantes que plantea la cuestión ni tampoco se intenta presentar una síntesis completa de las diferentes cuestiones El sentido de lo que sigue en ocasiones coincide en ocasiones de manera evidente con algunos planteamientos vertidos en el libro y en otras discrepa también abiertamente En todo caso se intenta ir introduciendo al lector en algunas no todas cuestiones que se entienden como básicas al respecto Y en este sentido creo que es conveniente subrayar una cuestión importante el tema de los derechos colectivos no es baladí o intrascendente Por el contrario la posición que se tenga al respecto está directamente vinculada con temas o problemas que trascienden la cuestión Así por ejemplo el referido al concepto de derecho o el referido a la relación entre el individuo y los grupos en los que necesariamente desarrolla su existencia Si se es consecuente los planteamientos que se mantengan en relación con estos dos temas repercutirán necesariamente en la posición adoptada sobre los derechos colectivos

Civil Action and the Dynamics of Violence Deborah Avant, Marie Berry, Erica Chenoweth, Rachel Epstein, Cullen Hendrix, Oliver Kaplan, Timothy Sisk, 2019-08-28 Many view civil wars as violent contests between armed combatants But history shows that community groups businesses NGOs local governments and even armed groups can respond to war by engaging in civil action Characterized by a reluctance to resort to violence and a willingness to show enough respect to engage with others civil action can slow delay or prevent violent escalations This volume explores how people in conflict environments engage in civil action and the ways such action has affected violence dynamics in Syria Peru Kenya Northern Ireland Mexico Bosnia Afghanistan Spain and Colombia These cases highlight the critical and often neglected role that civil action plays in conflicts around the world

Resisting Terror Javier Argomaniz, 2025 Civil resistance campaigns have led to some of the most important international developments in recent years yet little is known of the role that civilian actors can play in challenging the use of violence by militant groups This book examines the role that social mobilization in the Spanish region of Basque Country played in the decline and end of the Basque armed separatist group Euzkadi Ta Askatasuna ETA For more than four decades ETA waged a bloody campaign against the military and the Spanish and Basque police forces

while causing a large number of civilian deaths The Basque case demonstrates that civil resistance can work against terrorism and this book will show that social mobilization is one of the factors that contributed to the failure of ETA's violent campaign It reflects on how activism by the peace movement helped to delegitimise the armed struggle in society explores the role civil society actors played in the construction of ideas that challenged ETA's political project and highlights how civil resistance to the armed group undermined the prestige of militants and helped to limit the social reach of violent extremist narratives Resisting Terror raises awareness of the importance of collective action not only against regimes but also non state militants and highlights the significance of civil activism as a tool to mitigate political violence

Muerte de Profesos Carlo Emanuele Ruspoli, 2012-04 El Bail o Gran Prior Fray Gian Galeazzo Ruspoli percibe la visi n de un ngel que le comunica que la Orden de San Juan a la que pertenece necesita de sus servicios como monje guerrero e investigador en el futuro Sorprendido ante esta petici n no puede evitar que la curiosidad se adue e de l El ngel le cuenta entonces la historia de la Orden de Malta y sus cinco siglos de lucha encarnizada contra el Islam La Orden hab a olvidado por completo su faceta militar y se hab a centrado desde entonces en sus obras hospitalarias religiosas y culturales Se encuentra inermemente en una complicada trama que podr a acabar con la vida de algunos de sus ilustres caballeros profesores investigadores de la historia de Jes s y minar hasta la misma Iglesia Gian Galeazzo acepta el reto y se ve al instante proyectado hacia el a o 2 000 ocho siglos despu s de la poca en la le toc vivir Este es el marco donde se desarrollar la labor de Fray Gian Galeazzo quien deber aportar todas sus virtudes y habilidades para evitar un desenlace trgico Lograr llevar a cabo su misi n celestial Cambiar la investigaci n la historia de la Iglesia Cat lica La saga de El Profeso est compuesta de momento por El Profeso Asesinato en el Letr n Muerte de Profesos El Profeso en T bet y en preparaci n El Profeso y el diablo El protagonista Gian Galeazzo est inspirado en la extraordinaria figura de Galeazzo Marescotti h roe de Bolonia y absolutamente retratada en otra de sus novelas hist ricas titulada El Confaloniero

Territory and Terror Jan Mansvelt Beck, 2004-11-10 All Basque interpretations of national power have resulted in an uneasy mix of often fragmented and conflicting territorial identifications Basques can identify themselves with France Spain or an imagined Basque nation state Territory and Terror confronts the imagined and actual territorial dimensions of nationalism shedding new light on the Basque conflict The study provides a rich description of territoriality analysed from a comparative perspective and explores the relation between territoriality and regional differences in conflict intensity It supplies an account of the oft overlooked internal struggles between Basques arguing that overestimation of Basque nationalism as the ideological force behind the conflict often leads to a disregard of the identification of many with France or Spain In addition the author investigates the conflicts between Basque nationalists themselves over key issues such as terrorist activity Territory and Terror will appeal to students and researchers of nationalism and territoriality in particular to those with an interest in the Basque country

Victims of Terrorism Orla Lynch, Javier Argomaniz, 2014-10-17 This book examines the politicisation of victims of terrorism and the reality of the

victimisation experience within the broader field of terrorism and the resulting conflict Victims of terrorism are a unique group of individuals whose experience is overlooked in the current literature on terrorism Since 9 11 terrorism has risen to global prominence and has become a key topic of interest with regards to media attention and national security As a result many European countries as well as the USA have had to take active steps to protect and provide for the victims of terrorism particularly given the nature of victimisation post 3 11 Madrid and 7 7 London Recently we have also seen an increase in the political currency of the terrorist victim for example the lobbying activities and political involvement of the victims of ETA terrorism and the exceptionally powerful lobby in the USA that sees the involvement of victims of terrorism and their families in policy making and law enforcement transformations This book is based on extensive field work in Northern Ireland London and Spain and presents the results which focus on the needs and experiences of victims of terrorism and political violence and critically analyses these findings comparatively and in their own right The aim is to assess the provision of support initiatives in Northern Ireland mainland UK and Spain and understand if victims needs are being met by these initiatives but most importantly to construct a picture of the local and international interpretation of the experience of victimisation by terrorism This book will be of much interest to students of terrorism and political violence victimology criminology security studies and IR

Not by Bread Alone Sjur Bergan,2011-01-01 Not by bread alone gathers essays on higher education including some written especially for this book They cover three key areas the missions of higher education public responsibility and qualifications Together these essays spell out a view of higher education as a key factor in developing modern societies built on the fundamental Council of Europe values of democracy human rights and the rule of law They also underline the key role of higher education in developing the ability of our societies to conduct intercultural dialogue To fulfil its role higher education needs to prepare for citizenship as well as for

employment for personal development as well as for the development of a broad knowledge base Our vision of higher education and its multiple purposes must be reflected in the way we view qualifications We also need to take a close look at how the public responsibility for higher education and research can best be exercised in a society with many actors all of which have their own legitimate agendas In this situation public authorities have an overall responsibility for coherent education policies
