*Another Language* Kornelia Freitag, Katharina Vester, 2008 In an age of globalization computerization and commodification why read poetry It seems ill suited to meet today's challenges Or is it This volume which collects papers and poems read at a conference on British and North American experimental poetry demonstrates the opposite

*Reading Peter Reading* Isabel Martin, 2000 Peter Reading is one of Britain's most prolific versatile startlingly contemporary and strikingly original poets Employing increasingly ingenious metrical skills Reading maps out an inconsolably sad and at times hilariously funny picture of England and the world in decline Tackling issues such as violence illness madness homelessness and environmental catastrophe his eschatological vision chastises a world gone morally ecologically and politically insane Both bleak and deeply humane his harrowing art aspires to nothing less than a distilled elegiac epic of our time The destruction also strikes at Reading's art itself the last six books are one long valedictory culminating in his own death statement Ob

Reading Peter Reading is the first comprehensive study in English of Peter Reading's oeuvre illuminating its thematic and formal concerns paradoxes and development as well as underlining its major status in contemporary literature The book is based on Isabel Martin's pioneering doctoral dissertation on Reading awarded the State Prize of Kiel University Its updated detailed textual analysis will help readers understanding of the poetry and as a whole it provides a thorough and substantial basis for any future critical discussion of Reading's works

*Reading Peter Reading* covers Peter Reading's collections from Water and Waste 1970 to Marfan 2000

Pastoral Elegy in Contemporary British and Irish Poetry Iain Twiddy, 2012-03-15 Defying critical suggestions that the pastoral elegy is obsolete Iain Twiddy reveals the popularity of the form in the work of major contemporary poets Seamus Heaney Ted Hughes and Paul Muldoon Michael Longley Douglas Dunn and Peter Reading As Twiddy outlines the development of the form he identifies its characteristics and functions But more importantly his study accounts for the enduring appeal of the pastoral elegy why poets look to its conventions during times of personal distress and social disharmony and how it allows them to recover from grief loss and destruction Informed by current debates and contemporary theories of mourning Twiddy discusses themes of war and peace social pastoral and environmental change draws on the enduring influence of both Classical and Romantic poetics and explores poets changing relationships with pastoral elegy throughout their careers The result is a study that demonstrates why the pastoral elegy is still a flourishing and dynamic form in contemporary British and Irish poetry

*Reading the graphic surface* Glyn White, 2018-02-28 This book critically engages with the visual appearance of prose fiction where it is manipulated by authors from alterations in typography to the deconstruction of the physical form of the book It reappraises the range of effects it is possible to create through the use of graphic devices and explores why literary criticism has dismissed such features as either unreadable experimental gimmicks or more recently as examples of the worst kind of postmodern decadence Through the examination of problematical texts which utilise the graphic surface in innovative and unusual ways including Samuel Beckett's Watt B S

Johnson s Albert Angelo Christine Brooke Rose s Thru and Alasdair Gray s Lanark this book demonstrates that an awareness of the graphic surface can make significant contributions to interpretation      Contemporary British Poetry and the City Peter Barry,2000 Peter Barry explores a range of poets who visit and celebrate the mean streets of the contemporary urban scene Poets discussed include Ken Smith Iain Sinclair Roy Fisher Edwin Morgan Sean O Brien Ciaran Carson Peter Reading Matt Simpson Douglas Houston Deryn Rees Jones Denise Riley Ken Edwards Levi Tafari Aidan Hun and Robert Hampson writing on Hull Liverpool London Birmingham Belfast Glasgow and Dundee      **Strategies of Silence** Moy McCrory, Simon Heywood,2021-02-25 This unique book takes silence as its central concept and questions the range of meanings and values which inform the idea as it impinges on the creative process and its content and contexts The thematic core of silence allows a consideration of silencing and silence as opposite ends of a spectrum one shutting down the other enabling and opening up As a multidisciplinary collection of essays derived from the teaching and implementation of Creative Writing at university level the contributors consider silence as strategic both through the need for silence and as something which compels resistance They explore how writing has employed images and tropes of silence in the past and used silence and gaps technically In considering marginalised and forgotten voices this book shows how writers bring their diverse range of backgrounds and experience to work with and against silence in Creative Writing Studies The first theoretical work on silence in Creative Writing this field shifting book is an essential read for both practitioners and students of Creative Writing at the higher education level      **The Oxford Handbook of Contemporary British and Irish Poetry** Peter Robinson,2013-09-26 This Handbook offers an authoritative and up to date collection of original essays bringing together ground breaking research into the development of contemporary poetry in Britain and Ireland      *Teaching Holocaust Literature and Film* R. Eaglestone,B. Langford,2007-12-17 The representation of the Holocaust in literature and film has confronted lecturers and students with some challenging questions Does this unique and disturbing subject demand alternative pedagogic strategies What is the role of ethics in the classroom encounter with the Holocaust Scholars address these and other questions in this collection      **Contemporary British and Irish Poetry** Sarah Broom,2005-10-18 Sarah Broom provides an engaging challenging and lively introduction to contemporary British and Irish poetry The book covers work by poets from a wide range of ethnic and regional backgrounds and covers a broad range of poetic styles including mainstream names like Seamus Heaney and Carol Ann Duffy alongside more marginal and experimental poets like Tom Raworth and Geraldine Monk Contemporary British and Irish Poetry tackles the most compelling and contentious issues facing poetry today      *Southey's Common-place Book: Analytical readings* Robert Southey,1850      In Black and Gold ,2022-06-08 In Black and Gold indicates that opposed styles of poetry reveal subterranean correspondences that occasionally meet and run together Austerity or tomfoolery are two of the many valid responses to the human condition that create the contiguous traditions that cannot help touching and reacting to each other The poetry discussed in this book deals with the

relation of individuals to strange or to familiar landscapes and what this means to their own sense of displacement or rootedness with the use of history as an escape from or as a challenge to an apparently failing present and with the role of nationalism either as a refuge for angry frustration or as a weapon against the affronting world or as an ambivalent loyalty that needs to be scoured or as all three Here we find poetry as a means of discovering true or false allegiances and valid or invalid public and private identities poetry as a medium for exploring the uses of the demotic in confronting the breakdowns and injustices of modern democracy poetry as play in the midst of private and public woe poetry as a spiritual quest as a spiritual scourging as a wrestling with spiritual absences and poetry as an intermittent and sporadic commemoration of the triumphs and delights of epiphanic encounters with the physical world
