Moorhead, 1999-10-22 In the nineteenth century many American Protestants expected almost limitless orderly progress as Christianity and democracy spread and as technology and prosperity increased Yet they also believed that many centuries hence after progress had run its course the Second Coming of Jesus and a supernatural End to the world would occur If these Protestants had one foot in the world of steamships and the telegraph the other remained firmly planted in the cosmos of the Apocalypse a universe where angels poured out vials of wrath where the dead would rise again and where the wicked would be cast forever into a lake of burning fire **Ethical and Moral Issues Relating to Animals** John Timothy Allen, 1993 **Ethical and Moral Issues Relating to Animals** Tim Allen, 1994-04 Includes 323 citations in English regarding ethical moral bioethics and philosophical issues related to animals Each citation includes complete bibliographic data Covers literature from January 1986 through February 1993 Author and subject indices **Ethical and Moral Issues**

Relating to Animals Janice C. Swanson,1992 Quick Bibliography Series ,1976 **Losing the Center** Jeffrey Bloodworth,2013-07 Many Americans consider John F Kennedy s presidency to represent the apex of American liberalism Kennedy s Vital Center blueprint united middle class and working class Democrats and promoted freedom abroad while recognizing the limits of American power Liberalism thrived in the early 1960s but its heyday was short lived In *Losing the Center* Jeffrey Bloodworth demonstrates how and why the once dominant ideology began its steep decline exploring its failures through the biographies of some of the Democratic Party s most important leaders including Daniel Patrick Moynihan Henry Scoop Jackson Bella Abzug Harold Ford Sr and Jimmy Carter By illuminating historical events through the stories of the people at the center of the action Bloodworth sheds new light on topics such as feminism the environment the liberal abandonment of the working class and civil rights legislation This meticulously researched study authoritatively argues that liberalism s demise was prompted not by a Republican revolution or the mistakes of a few prominent politicians but instead by decades of ideological incoherence and political ineptitude among liberals Bloodworth demonstrates that Democrats caused their own party s decline by failing to realize that their policies contradicted the priorities of mainstream voters who were more concerned about social issues than economic ones With its unique biographical approach and masterful use of archival materials this detailed and accessible book promises to stand as one of the definitive texts on the state of American liberalism in the second half of the twentieth century *Ethical and Moral Issues Relating to Animals, 1979-1988* Karen J. Clingerman,1988 **Ethical and Moral Issues Relating to Animals** Karen J.
