Perestroika At The Crossroads:

Perestroika at the Crossroads Alfred J. Rieber, Alvin Z. Rubinstein, 2016-09-16 The contributors to this volume have undertaken an assessment of the Soviet Union as it enters the last decade of the 20th century Organized to cover each major area of policy initiative or response the collection surveys the Gorbachev reform agenda and its successes and failures to date in various fields including culture economics ideology law politics federalism and the nationality problem and foreign policy vis a vis the West Eastern Europe and the Third World

Perestroika at the Crossroads Alfred J. Rieber, Alvin Z. Rubinstein, 1991 An assessment of the Soviet Union as it enters the 1990s this collection of essays surveys the Gorbachev reform agenda and its successes and failures to date Topics covered include federalism and the nationality problem and foreign policy towards the West Eastern Europe and the Third World

Conversations with Gorbachev Mikhail Sergeevich Gorbachev, Zdeněk Mlynář, 2002 Readers are invited to eavesdrop on an intimate conversation between one of the towering figures of the 20th century and his closest friend as they chat about the momentous events they lived through and helped orchestrate

The Helsinki Effect Daniel C. Thomas, 2018-06-05 Human rights norms do matter Those established by the Helsinki Final Act contributed directly to the demise of communism in the former East bloc contends Daniel Thomas This book counters those skeptics who doubt that such international norms substantially affect domestic political change while explaining why when and how they matter most Thomas argues that the Final Act signed in 1975 transformed the agenda of East West relations and provided a common platform around which opposition forces could mobilize Without downplaying other factors Thomas shows that the norms established at Helsinki undermined the viability of one party Communist rule and thereby contributed significantly to the largely peaceful and democratic changes of 1989 as well as the end of the Cold War Drawing on both governmental and nongovernmental sources he offers a powerful Constructivist alternative to Realist theory's failure to anticipate or explain these crucial events This study will fundamentally influence ongoing debates about the politics of international institutions the socialization of states the spread of democracy and not least about the balance of factors that felled the Iron Curtain It casts new light on Solidarity Charter 77 and other democratic movements in Eastern Europe the sources of Gorbachev's reforms the evolution of the European Union U S foreign policy and East West relations in the final decades of the Cold War The Helsinki Effect will be essential reading for scholars and students of international relations international law European politics human rights and social movements

Ibss: Political Science: 1991 British Library of Political and Economic Science, 1993 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

1978-1989 Heinz-Dietrich Fischer, 2020-01-20 No detailed description available for 1978 1989

Putin's Totalitarian Democracy Kate C. Langdon, Vladimir Tismaneanu, 2019-07-09 This book studies the cultural societal and ideological factors absent from popular discourse on Vladimir Putin's Russia contesting the misleading

mainstream assumption that Putin is the all powerful sovereign of Russia In carefully examining the ideological underpinnings of Putinism its tsarist and Soviet elements its intellectual origins its culturally reproductive nature and its imperialist foreign policy the authors reveal that an indoctrinating ideology and a willing population are simultaneously the most crucial yet overlooked keys to analyzing Putin s totalitarian democracy Because Putinism is part of a global wave of extreme political movements the book also reaffirms the need to understand but not accept how and why nation states and masses turn to nationalism authoritarianism or totalitarianism in modern times

The Rebirth of Politics in Russia

Michael E. Urban,Vyacheslav Igrunov,1997-03-28 Blending first hand accounts of grassroots politics with an original theory of social relations under communism this 1997 book seeks to explain one of the seminal events of this century the rebirth of politics in Russia amid the collapse of the USSR The authors trace the process from the pre political period of dissident activity through perestroika and the appearance of political groups and publications elections the formation of political parties and mass movements counter revolution and coup d tat the victory of democratic forces and the organization of a Russian state to the struggle of power in the post communist epoch the violent end of the first republic and the contentious relations engulfing its successor By focusing on the popular forces which accomplished Russia s political rebirth rather than the reforms of the Soviet establishment this book offers an original perspective on this critical period

SOVIET ECONOMY

- *AT THE CROSSROADS OF PERESTROIKA*. U.S.S.R. NOVOSTI PRESS AGENCY PUBLISHING HOUSE.,1990

The Russian Presidency T. Nichols,2015-12-22 Why has Russian democracy apparently survived and even strengthened under a presidential system when so many other presidential regimes have decayed into authoritarian rule And what are the origins of presidential power in modern Russia Thomas M Nichols argues that the answer lies in the relationship between political institutions and trust where society and consequently politics is fractious and divided structural safeguards inherent in presidentialism actually serve to strengthen democratic behavior The Russian presidency is not the cause of social turmoil in Russia but rather a successful response to it This book s emphasis on the social origins of Russian politics explains not only the unexpected survival of Russian democracy but encourages a reconsideration of the relationship between institutions social conditions and democracy

Building a Common Past Corinne Geering,2019-11-11 How did a kremlin a fortified monastery or a wooden church in Russia become part of the heritage of the entire world Corinne Geering traces the development of international cooperation in conservation since the 1960s highlighting the role of experts and sites from the Soviet Union and later the Russian Federation in UNESCO and ICOMOS Despite the ideological divide the notion of world heritage gained momentum in the decades following World War II Divergent interests at the local national and international levels had to be negotiated when shaping the Soviet and Russian cultural heritage displayed to the world The socialist discourse of world heritage was re evaluated during perestroika and re integrated as UNESCO World Heritage in a new state and international order in the 1990s

Five Years That Shook The World Harley D. Balzer,2019-03-04 This book

presents a balanced analysis of perestroika with an eye to the ongoing political social and cultural changes It is based on papers prepared for a conference on The First Five Years of Perestroika What Have We Learned What Has Gorbachev Learned held at Georgetown University

Soviet Politics Richard Sakwa,2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader

The Cold War Meredith Day,2016-07-15 Immediately following World War II former allies the United States and the Soviet Union began an open yet restricted rivalry that became known as the Cold War and played out around the world until the Soviet Union's collapse in 1991 Many conflicts such as the Chinese Civil War the Korean War the Vietnam War and the Arab Israeli wars acted as proxy wars for the U S Soviet competition Other major issues explored in this examination of the Cold War include Europe's Iron Curtain the nuclear arms race decolonization in Africa and the spread of communism into Latin America and Southeast Asia

Unparalleled Reforms Christopher Marsh,2005-01-01 The reforms of the Soviet and Chinese communist regimes were unparalleled both in the radical precedent setting reforms attempted by the two countries and in the outcomes of these attempts While the Soviet Union collapsed quickly in the midst of its reforms more than a decade later China the world's most populous country still stands as a testament to the resilience of Communist rule It is this phenomenon that Christopher Marsh explores in Unparalleled Reforms Marsh goes beyond simply discussing the differing initial conditions the sequencing of reform and cultural differences to also consider the objectives and intentions of the policy makers and leaders that directed the reform processes and the interdependent nature of politics on the world stage Unparalleled Reforms offers the reader a sophisticated understanding of the nature of political reform and develops a theoretical model that can account for commonly overlooked factors that affect political processes in all types of political systems In a class all its own this is an important work for scholars interested in comparative politics international relations economics Asian studies and Russian studies

The Soviet Union Leonid Korenev,1990

Irish Slavonic Studies ,1996

Russia's Policy Challenges Stephen K. Wegren,2016-07-08 Designed for use in courses on

contemporary Russia this volume explores Russia's policy dilemmas in three realms international security socio political and socio economic In each of these categories Russia faces daunting problems none of which is likely to be resolved quickly or easily Yet over the longer term the extent to which policymakers are successful in dealing with these challenges will go far in determining Russia's future place in the world how Russians will live and what kind of country Russia becomes Each expertly authored chapter outlines the nature of one major issue traces its evolution and policy developments under the Yeltsin and Putin presidencies and evaluates the effectiveness and prospects of efforts to come to grips with the challenge

Youth in Regime Crisis Félix Krawatzek, 2018-09-19 How do political regimes respond to the challenges emanating from youth mobilization This book seeks to understand regime resilience and breakdown by analysing the public meaning of youth as well as the physical mobilization of young people Mobilization carried by young people is a key component in understanding the stabilisation of the authoritarian regime structures in contemporary Russia but the Russian experience makes only sense if placed in its broader historical context Three comparative cases the breakdown of the authoritarian Soviet Union the breakdown of the democratic Weimar Republic and the crisis of the democratic regime in France around 1968 highlight how regimes which lacked popular support have compensated for their insufficient legitimacy by trying to mobilize youth symbolically and politically This book illustrates the symbolic significance of youth and its role in regime crisis by analysing a new data set of newspaper articles with a new method of discourse analysis The combination of qualitative interpretation and quantitative network analysis enables a deeper and more systematic understanding of discursive structures about youth Through this methodological innovation the book contributes to the way we define the categories of youth generation and crisis It makes the case that our conceptualisation should reflect the way terms are being used usages that can be captured in a systematic way with new methods of discourse analysis

Oxford Studies in Democratization is a series for scholars and students of comparative politics and related disciplines Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war The geographical focus of the series is primarily Latin America the Caribbean Southern and Eastern Europe and relevant experiences in Africa and Asia The series editor is Laurence Whitehead Senior Research Fellow Nuffield College University of Oxford
